VERY ENTERTAINING HOME TALENT PLAY

Young People in Cast of "Am I Intruding?" Give Very Pleasing Presentation of Play.

From Thursday's Daily—
The audience at the Parmele theatre last evening was more than pleased with the presentation by a cast of young people the comedy drama, "Am I Intruding?" under the auspices of Cass Chapter, Order of De Molay.

The play was of the light comedy-drama type and in the different roles the members of the cast did very pleasingly. The story deals with the conspiracy to secure the valuable securities owned by "Horace Vane," played by Earl Babbitt, and in which Edward Mutschullat appears as the deep-eyed villain who not only has his eyes on the bonds but as well the hearts of several of the members of the cast. The co-conspirator is "Mrs. Hastings," played by Miss Doris McDonald, and with "Mona" the maid, carried by Miss Margaret Lentz as the other of the ladies who had been led into the plot by the smooth appearing villain. Fred J. Warren as "Jerry" was the contributing cause of the downfall of the conspirators and as the country boy appearing for the first time at a fashionable week end party was very pleasing. The love affair of "Jerry" and "Marge," oldest daughter of "Vane" was the romantic touch to the play and as "Marge," Miss Mildred Schlatter lent a very charming personality to the character. The younger sister, "Viollet" was played by Miss Helen West-

cott, and was one of the outstanding figures of the cast with her realistic rendition of the part of the right-hearted and flippant young girl who was in her first romance. As the butterfly of the social set, flitting from one to another of the attractive girls of the house party, James A. V. Warren was seen at his best and gave a very clever impersonation of this character. Miss Dorothy Cowles appeared as "Dora," a friend of the Vane girls, and was very attractive and pleasing in her part and was won in the climax of the last act by the soft spoken and romantic "Dickie Waldron" in which Mr. James Warren appeared. William Mutschullat as "Jane," Miss Margaret Lentz as "Mona" was very effective and assisted in filling out the action of the comedy of the play. The clever acting of Jack McCarty as "Ernest," secretary to "Jane" was one of the bright spots of the play and he was supported most pleasingly by Miss Marie Boyd as "Jane." Miss Margaret Lentz as "Mona" was very clever in her work and her impersonation of the little French maid was most realistic.

After the climax of the second act when the conspirators are taken and bound and the notes, held over the head of the host of the house party, have been taken from the villain by the hero the third act fades out in the happiness of all of the cast who find their pathways in love smoothed out and the curtain falls on the usual happy ending.

Between acts Miss Margaret Lentz gave a group of the popular songs of the day which were received with marked approval by the audience. The incidental music and the numbers played before the curtain and in the entrance act was furnished by the orchestra under the leadership of Miss Altman and composed of Mr. Altman, violin; Robert Kroehler, saxophone; Mrs. Joseph Butin, piano; Glen Mendenhall, drums.

The offering will be presented this evening at the Parmele theatre for the last time and a very large audience is expected as there are many from Murray and vicinity who have engaged large blocks of seats for the performance.

BOOSTER DAY CROWD SEES THE LOCALS DEFEATED

Fremont High School Wins by Score of 13 to 3—Drop Kick by Chase Saves Us from Shutout.

From Thursday's Daily—
Yesterday afternoon, before one of the largest and most enthusiastic crowds of the season the Plattsmouth high school team went to defeat at the hands of the Fremont team by the score of 13 to 3. The Plattsmouth boys were far slower in their work than their opponents, but showed some real flashes of action and which at several times in the course of the game looked good for a win, but the advantage was wiped out in the succeeding plays and the visitors were able to register two touchdowns, one in the opening and one in the last period of three plays.

In the first few minutes of the game, the Fremont team, which had recovered the ball on the punt from Plattsmouth scored, Kruger receiving the punt and advancing for thirty yards, after which an end run by Herman brought the ball into Plattsmouth territory and on the repetition of the end run by Balduff, who has so far made all but one of the Fremont touchdowns, resulted in the score. Balduff also kicked the goal.

In the opening quarter Krejci was the chief factor in the defense of the locals as he made some most brilliant tackles. The Plattsmouth team made several good passes throughout the game which were almost without exception followed by costly losses that brought them no return as a result of their excellent work.

By a series of line smashes in the second quarter the Plattsmouth team advanced into the visitors' territory, and Chase drop kicked from behind the twenty yard line for the only score of the locals.

In the opening of the second half, the Plattsmouth team received the ball on the kick off and Chase returned to the forty yard line. A good pass from Krejci to Chase also gave the team some ground, but other passes were incomplete and a bad fumble cost the locals some territory. In this part of the game Godwin made several good end runs. The visitors made their second touchdown when after a series of line smashes they advanced down through the Plattsmouth territory and sent Balduff over in a smash for the final score. The Fremont team failed in the kick for goal.

With only a minute and a half left, Gordor, substituting for Chase, who was suffering from an injured shoulder, created a real sensation and visions of a touchdown, when he intercepted a pass and tore through for a great gain. This brought the game within striking distance of the enemy goal, but the whistle came too soon and sounded defeat for them.

VERY PLEASANT GATHERING

Last evening the home of Mr. and Mrs. Elmer Lohnes west of this city was the scene of a very pleasant gathering when a large number of friends were entertained at a Halloween party. The home was decorated in the Halloween decorations of orange and black and with the usual features of witches and black cats and illuminated pumpkins prevailing in all the rooms. The evening was spent in dancing and other amusements and at a suitable hour a dainty luncheon was served which was greatly enjoyed by all. At a late hour the guests departed being well pleased with the evening's entertainment. Those attending the occasion were: Mr. and Mrs. John M. Kaffenberger, Mr. and Mrs. Anton Meisinger, Mr. and Mrs. Martin Lohnes, Mr. and Mrs. Frank Salsburg, Mr. and Mrs. Clarence Busche, Mr. and Mrs. George Hennings and children, Dale and Darline; Mr. and Mrs. J. NEW ARRIVALS HERE

From Thursday's Daily: The home of Mr. and Mrs. Marion Rouse is rejoicing over the arrival there of a fine little daughter who is now furnishing the happiness and sunshine of the home and who with the mother is doing very nicely, and the little one has brought much happiness to the family.
Another of the new arrivals is the little son that has come to the home of Mr. and Mrs. W. H. Coffert north-west of this city. The young man is doing fine as is also the mother and the proud and happy father.

MAC LEAN TAKES PLACE AS BELLEVUE DIRECTOR

From Thursday's Daily—
William P. Mac Lean, of Topeka, yesterday assumed his duties as new director of the Bellevue Vocational Training school, at Bellevue, Neb., succeeding John R. Ryan, who returns to St. Louis to take up his former duties in the district office of the United States Veterans' bureau. The new director has not been associated with the Veterans' bureau before. In September he finished a year's term as department commander of the American Legion in

Kansas. He served during the war as captain in the One Hundred Thirtieth Field Artillery, Thirty-sixth division.

Mr. Ryan has been director of the school since last June, when B. M. Mace, Jr. left that post to take charge of the new school at Federal Park, Maryland.

Donald F. Pepper, Cedar Rapids, Iowa, acting director at Bellevue while Mr. Ryan was on vacation during the past month, will remain to assist Mr. Mac Lean, it is announced.

IN THE DISTRICT COURT

From Thursday's Daily—
The Livingston Loan and Building association is plaintiff in a number of cases that cover the settlement of their affairs and the transfer of the holdings to the Standard company, of Omaha, and the association has commenced action to foreclose on several pieces of real estate in which they have an interest. The defendants named in the three actions are A. H. Shindelbower et al, Hermie Windham and Henry Kubman et al. A. L. Fidd, attorney for the association, made the filing of the cases. A suit to quiet title, Walter S. Jordan vs. Jane Dickey et al, has been filed in the court by Carl D. Ganz, of Alvo, attorney for the plaintiff. The property in the suit is located at Alvo.

MARRIAGE A LOST ART

From Thursday's Daily—
The marriage ceremony in Cass county seems to be fast becoming a lost art, as with the exception of a few marriages celebrated in the Catholic and Lutheran churches, there have been only scattering weddings held in this county since the law enacted by the legislature of 1922-23 went into effect. Judge Beeson, who formerly could reel off the marriage vows with his eyes shut and his hands tied, has not had a single wedding since the law went into effect on January 1st. The law is very little prospect of any more weddings at the court house until the legislatures of the future decide to revise the law that apparently is a useless and freak measure that only contributes to the revenues of the nearby states where the law is not in effect. The law and the young people can wed when they choose.

When the figures of marriages and divorces in the state are checked next year, Nebraska will be found to have a large excess of divorces over marriages. It is not surprising that hundreds of the young people to nearby states to wed.

AUXILIARY HOLDS MEETING

From Friday's Daily—
Yesterday afternoon the Woman's Auxiliary of the St. Luke's parish was very pleasantly entertained at the home of Mrs. R. F. Patterson on North Sixth street and a very pleasing attendance of the membership was present to participate in the program of the afternoon. Mrs. J. M. Roberts was the leader of the meeting and the topic of this winter's program, "Japan," was under discussion by the ladies. Mrs. Roberts had a very interesting paper on the island empire which in the seventy years that it has been in touch with the world has grown to one of the five great powers of the world. Father W. S. Leete also had a very interesting paper on the progress of Japan. The religious work that has been developed there and the need of special effort since the destruction wrought by the earthquake, tidal wave and fire that had desolated the larger cities of the empire.

At an appropriate hour the hostess served very much enjoyed refreshments that assisted in making the occasion one of the greatest of pleasure for all of the membership present.

PULLING TITTS

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

Facts most motorists know

Protective lubrication lengthens the life of any motor

Mechanical condition, not years of service or the thousands of miles it has run, determines a motor's age. While it runs quietly, without vibration or knocks and delivers full rated power, a motor is the same as new.

Only motor oil that prevents friction can keep your motor out of the repair shop. Mere cost and appearance of oil are not safe guides.

But there is one way to insure long life to your motor. Use the grade of Polarine that tests have proved will give protective lubrication.

Polarine is not the most expensive oil, but it is the highest quality motor oil that years of experiments and service tests have produced. Made in five grades—light, medium, heavy, special heavy and extraheavy—agradethatsuits every type and make of gasoline motor. Consult the Polarine Chart. Use the grade recommended and your motor will give satisfactory service for many years. Buy where you see this sign.

LICENSING OF AUTO DRIVERS IS STRONGLY URGED

Trend Seems to be Toward a Policy of Making Drivers More Responsible in Driving.

From Friday's Daily—
The trend of the time urged by the increasing number of auto accidents and the growing recklessness of the drivers and especially the use of autos and trucks by very youthful drivers seems to be toward the examination and licensing of the drivers of the cars.

The Omaha Bee of yesterday had the following from Lincoln where the matter is being discussed by the state officers and parties interested:

State officials are enthusiastic over auto licensing and workhouse bills now being drafted by Ross L. Shotwell and Harry A. Foster of Omaha. Approval of the licensing bill was particularly widespread, it being the unanimous opinion that such a bill would not only benefit Nebraska, but is an absolute necessity.

"Why shouldn't we have a law forcing automobile drivers to be licensed when we make stationary engineers and elevator operators carry them?" demanded H. G. Taylor, railway commissioner. It is ridiculous to think that anyone, whether he is mentally or physically capable or not, can get behind the wheel of a high powered car and drive it thru our crowded thoroughfares without having to satisfy anyone that he is qualified. If I had anything to do with it, a man would have to submit to a thorough physical examination, with particular attention paid to eyesight, as a part of the requirements for securing a driving license."

"I should say I do," exclaimed C. A. Randall, a fellow commissioner. Chamberlain's Tablets Have Done Her a World of Good

PAID ONE HUNDRED CENTS ON A DOLLAR

Assets of Milling Company Sold For Enough to Pay Creditors, and Costs of Proceedings.

From Saturday's Daily—
For the first time since D. H. McClenahan has been federal referee in bankruptcy, and that has been a good many years, the assets of a failed concern sold for 100 cents on the dollar. This means that they brought enough at public auction to pay not only the creditors in full but the costs.

Federal Judge T. C. Munger declared the Prague Milling company bankrupt July 1, 1923. At that time its assets were alleged to be valued at \$9,432.50 and its debts at over \$13,000. A row among the creditors followed and in time the row was smoothed over by the federal bankruptcy court and the case took the usual legal course after it is turned over to the referee for settlement.
