In the game of "Who is Who," Miss Minnie Guthman won the prize. Mrs. Frank Gobelman as "The Doctor" and Mrs. Thomas F. Murphy as "The Lady of the Decoration" were the most humorous impersonators.

Following this friendly contest came a well rendered program, as follows:

Leete, the genial rector of St. Luke's church, as he has purchased himself one of the new 1924 coach model cars from the well known manufactory of Henry Ford and is enjoying the fine autumn days in driving over the highways and getting the full enjoyment of the opportunity of auto traveling before winter sets in.

P. E. O. SOCIETY HAS VERY FINE MEETING

Miss Clara Mason, Organizer of the Chapter Here in 1889, Returns For Visit with Members.

From Saturday's Daily— Yesterday afternoon the members of Chapter F. P. E. O., enjoyed a very fine meeting at the hospitable home of Mrs. Henry Herold and on which occasion they were given the opportunity of having with them Miss Clara Mason, who in 1889 had organized a chapter of the society in this city and whose visit at this time proved one of the most pleasant occasions of the year in the chapter work.

The chapter in this city is one of the oldest in the state and was organized prior to the Omaha chapters of the society and at the meeting yesterday there was present one of the charter members of the society, Mrs. A. L. Tidd, as well as the first member initiated after the organization of the chapter, Mrs. Henry Herold, and the first delegate elected from this chapter to the state convention of the P. E. O., Mrs. T. H. Pollock.

The chief event of the meeting was the address of Miss Mason, who has just returned to the United States from several years spent in the Philippine Islands as instructor in one of the government schools and her intimate touch with the life of the residents of the islands afforded her very entertaining and inspiring talk to the ladies on the condition of affairs in the islands that they appreciated very much and which gave them an insight into the life and political situation in the islands which would have been impossible to secure other than from one who had been in close touch with the affairs there. Miss Mason gave a very thorough review of the work of the American administration of the islands, the educational system that has been installed there which is slowly bringing to the front a new generation among the inhabitants and in time will fit them for their part in world affairs. As a whole, the natives are still unfit for self government. Miss Mason stated, as the residents of the various islands all speak a different dialect and cannot understand each other and have but little appreciation of the responsibilities of government. In the islands the natives largely approve of the work of General Leonard Wood as governor altho the political leaders are opposed to him and desire to have the islands declared independent, but which course would lead to their domination by one of the stronger oriental nations such as Japan or China, in the opinion of the speaker.

Miss Mason had with her a number of exhibits of the schools and in the girls' schools in particular, showing objects made by them and a number of the native costumes and largely throughout the islands. The natives are still in the staidy or ornamenting of their costumes with shells, jewels and even teeth of animals. In making the costumes the fibers of the banana and the pineapple are largely used in the fabrics for the dresses.

During the afternoon the ladies were treated to a very enjoyable luncheon served by the hostess and the committee in charge. While in the city Miss Mason was a guest at the home of Mrs. Herold and family.

CAST ENJOYS PARTY

From Saturday's Daily— Last evening the members of the cast of "Am I Intruding?" which was recently produced at the Parkville theatre under the auspices of the local chapter of the DeMolay, enjoyed a treat which was tendered them as the result of their excellent work in the play and the young people experienced a most delightful time. The members of the party were first entertained at a 6 o'clock luncheon at the Tinscher Cafe and later departed on the Missouri Pacific train for Omaha where they witnessed the performance of "The 1st Year" at the Brandeis theatre and enjoyed very much this exceptionally clever comedy that has been one of the most successful of the metropolitan offerings. Those who comprised the party were: Miss Mildred Schlater, Dorothy Cowles, Helen Wescott, Marie Boyd, Margaret Lentz, Doris McDonald, Messrs. Fred J. Warren, James A. V. Warren, William Mutschullat, Jack McCarty, Edward Mutschullat, Earl Babbitt.

WINS FOOTBALL CHAMPIONSHIP

From Saturday's Daily— Last evening the members of the Boy Scout troops of the city enjoyed a very exciting game of football at the baseball park following the close of school and as the result of the battle the members of Troop 1 reasserted its claim to the championship of the scouts when they crumpled the defense of Troop 2 and won by a score of 39 to 0. The fast work of these young boys in the school gives promise of some very clever players by the time they enter high school and are eligible to play on the school team. The youngsters are particularly effective in their aerial attacks and should give a good account of themselves on the football field in the future.

How Not to Take Cold

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid overheated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting their feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

Facts most motorists know

Protective lubrication makes motoring less expensive

What motor oil actually costs is not measured by its price per gallon. Add your repair bills to your bills for oil and you get a more accurate figure—because fully seventy per cent of all motor repairs are chargeable to poor lubrication. Price is not a safe guide. Appearance means nothing. No one grade of oil can provide protective lubrication for all different types of motors. Polarine is not the most expensive oil, but it is the most perfect

motor oil that years of test and experiment have produced. It is made in five grades—light, medium, heavy, special heavy and extra heavy—a grade that assures protective lubrication for every type and make of gasoline motor. Consult the Polarine Chart. Buy the grade of Polarine recommended. Flush the old oil out every five or six hundred miles. Then motoring will cost you less. Buy where you see this sign.

We have had with us Miss Edith Martin, health specialist, from the Extension service, College of Agriculture. Miss Martin received her training at the University hospital in Omaha. She gave some very practical lessons on "Home Care of the Sick." The ladies were all very much pleased with the instruction given and all signed up to be back for the second and third lessons of the course. These demonstrations were given to the South Ashland club, at the home of Mrs. Amos Weldon and to the club near Myndard at the home of Mrs. L. G. Meisinger. Forty women attended the two day demonstrations. Both were all day meetings.

A demonstration on Decorative Stitches was given and the ladies will use these stitches later in their winter sewing. Two interesting reports were given. Marie Frolich gave a discussion on "Wool" and Mildred Spangler a report on "Silk." The women have made a collection of silk and wool samples and are learning the names and uses of the different fabrics. They are also learning how to test them and are finding this study of fabrics very interesting.
