## SCRATCH

Does it make you scratch to pay your bills? Of course it does! That was a silly question.

Why not let chickens scratch for you? They will gladly do it and then cackle about it.

Build them a nice modern home; give them a chance and the results will be surprising.

One lady in Cass county made a net profit of \$655.59 on a flock of 140 chickens in 1922. You can do the same.

See us for plans and prices on a hen house.

We appreciate your patronage.

## PLATTSMOUTH HIGH THROWS A SCARE INTO PREP

Battles Hilltoppers to a Standstill For Three Periods Saturday Night at Omaha.

From Monday's Daily—That Plattsmouth high school is represented by one of the best basketball teams in years was effectively demonstrated Saturday night at Omaha, when the local cagers battled Creighton Prep, one of the best teams in the state, to a standstill for three periods and then were beaten in the final minutes. The World-Herald in its account of the game is loud in its praise for the Plattsmouth five and had the following:

For thirty wild minutes of cage action that drove a surprised Blue Prep following frantic, Plattsmouth high with one of the cleverest court mechanisms ever produced in the southern city held a straight and unbroken lead over an injury-weakened Creighton Prep team at Creighton gym last night. But a Blue streak of fighting hit the invaders in the final minutes and the Prep machine righting itself, plunged past a great defense for 14 points and an 18 to 14 victory.

It was more than a tight pinch for the Prepmen. Plattsmouth played a winning game from the first whistle, scoring with ease and efficiency and breaking up a majority of the Blue clan's offensive dashes with pass interceptions that held Prep to three points in the first half.

Perhaps it was because O'Leary, star Prep guard, and Gordon Diegan, forward, were on the sick bench that the Omaha crew was not navigating according to dope. And perhaps it was not. The "Platters" handled the ball with veteran grace and had not the Prep team jacked itself together when it did, an out-state town might be celebrating today.

Captain Wasley and Chase of the losers played top class ball. The count was 8 to 3 in Plattsmouth's favor at the halt. Summary:

## SPECIAL TAX CUT OF 25 PER CENT ON 'EARNED' INCOMES

## All Taxable Receipts Under Five Thousand Dollars Come Under This Provision.

Washington, Jan. 28.—Income taxpayers got their first slice of the proposed tax relief today when the house ways and means committee adopted the recommendation of Secretary Mellon to allow a special 25 per cent reduction in the tax on incomes which are "earned."

All taxable incomes under 5 thousand dollars were defined as earned for purposes of this reduction, while 20 thousand dollars was set as the maximum amount of incomes on which the reduction could be taken.

Treasury estimates show that about 13 million taxpayers have incomes less than 5 thousand dollars and automatically could deduct from their tax when computed 25 per cent of its total. Thus, a married man with two children who now pays a tax of \$28 on an income of \$4,000 would pay only \$21, this figure not taking into account any normal income tax reductions—a proposition still before the committee.

Disposition of this section of the bill cleared the way, with the exception of some adds and ends to be taken up tomorrow, for consideration by the committee of income rates themselves, including the surtaxes, the main point at issue in the tax revision program.

Majority members of the committee met late today to discuss a program of procedure, but agreed only to meet in full committee tomorrow. Some members have declared for writing a republican rate schedule while others wish to work out the rates in full committee. Democrats, however, have declared they will stand solidly for their party proposal of a reduction in surtaxes to a 44 per cent maximum instead of 25 per cent as suggested by Secretary Mellon. The house republican steering committee also discussed the tax situation today but reached no conclusion.

Before taking up the earned income provision the committee definitely rejected Secretary Mellon's proposal to prohibit husbands and wives in the eight community property law states from dividing their incomes for purposes of taxation. Chairman Green had submitted a substitute proposal, the original having already been defeated, to prohibit this division when the incomes were derived from wages or salaries alone. Representative Garner, democrat, Texas, and Haidley, republican,

Washington, led the fight against this section. Secretary Mellon's recommendation for special reduction in the taxes on earned income provided for the 25 per cent rate to apply on such incomes of any amount and defined earned income as that received from wages, salaries and professional services. Representative Garner, author of the democratic tax plan, accepted the earned income proposal in his plan but suggested a reduction of 33 1-3 per cent. The 25 per cent rate, however, will stand in committee, Chairman Green said, because an amendment was offered to change it.
