Miss Ella Franz, who is teaching the Weickamp school west of Myrdal, was a visitor at her home in Union last Sunday, returning to her school Monday morning early.

A. D. Crunk has the only broadcasting station in and about Union, the same being known by the letters KCAJ. Many of the people listen in of a morning to tell when to get up.

Messrs S. M. Taylor and C. L. Niday were passengers to Omaha last Thursday evening, accompanying a car of cattle which they were shipping to the market at South Omaha.

Mrs. George Eaton, who has been feeling quite badly for some time past, is at this time feeling very much improved, owing to some excellent medicine which she obtained.

Wm. Schooley was a visitor in Nebraska City last Monday, where he took the examination and passed as a tester of cream and will open a cream station in Union in the near future.

Albert Wolf, who is working at his butcher trade in Omaha, was a visitor at home in Nehawka for a few days the first of the week and took the train for Omaha last Tuesday afternoon.

T. M. Patterson, father of J. M. Patterson, of the Union bank, was a visitor in Union for a short time last Wednesday, and was visiting with his son and also looking after some business matters.

Mesdames Daniel Lynn, John Lidgett and W. A. Taylor were busy last Tuesday at the home of Mrs. Lynn in making a quilt and at another time will make quilts for the other two ladies.

C. D. St. John, the Nehawka miller, was a visitor in Union last Monday evening, coming over to meet the train for Plattsmouth, where he was looking after some business matters on Tuesday.

Mont Robb was spending a portion of the week at home as the weather was quite bad and the roads throughout his district so impassable that deliveries of grain at the elevators was simply out of the question.

Mrs. Velma Whiteman, of Plattsmouth, who is visiting at the home of her parents, J. A. Eaton and wife, has been feeling quite badly on account of an attack of the grippe, but is some better at this time.

Mrs. J. G. Wunderlich, of Nehawka, was a passenger to Plattsmouth from Union last Tuesday afternoon, where she was visiting with her daughter, Mrs. C. A. Rosencrans and son, Lester Wunderlich, for a few days.

Uncle George Eaton tells us he located a hidden pot of gold near Plattsmouth some time since and that the owners of the land secured the cache, which amounted to one gold coin to cover the floor of one room of their house.

George Eaton and A. L. Becker will celebrate their birthdays on February 16th, at which time Mr. Eaton will be passing his 77th milestone, while Mr. Becker will just have completed his 61st year. We are wishing them both many more years of happiness and service.

W. B. Banning was a visitor in Nebraska City last Monday, making the trip via the Missouri Pacific, and again on Tuesday was looking after some business matters in Plattsmouth, and there joined Messrs. L. G. Todd and Fred Nutzman, all going to Omaha to attend the legislative banquet which was given at the Hotel Fontenelle.

Mrs. Jack Lidgett has been quite fortunate in the hatching of chickens for on last Monday some seventy little ones came, of which there were ten crushed and trampled to death, leaving some sixty which were strong and healthy. These were distributed among five hens, each being given twelve to mother. They are of the Buff Orpington strain and excellent chicks.

Some of the friends of the Rev. W. A. Taylor have been asking him to be a candidate for the position of state senator at the coming election. As W. B. Banning is also to file for re-election to the office on the democratic ticket, should Mr. Taylor file on the republican ticket, this would insure Union representation in the next legislature at all events providing there were no other filings made. (Which reminds us of the old story, "If we had some ham, we'd have some ham and eggs" if we had the eggs.)

Basketball at Union In the games which Union teams have recently played with other schools in this vicinity was a game between the boys and girls of the Nebraska City schools in which the girls lost their game, and at the conclusion of the game proper between the boys, the score was a tie and another five minutes decided the game in favor of the boys of Nebraska City.

In the Union and Nehawka games, the boys of Union won over the Nehawka boys by a score of 16 to 9, and in the case of the girls, it was the other way, the Nehawka girls winning by a score of 43 to 14. However, they were good games.

Having Good Business On last Saturday, the day in which Dr. Thomas P. Cogan comes to Union, he had such a good business that he did not get to return to his home in Omaha on the evening train and had to wait for the train of Sunday morning to go home. He was compelled to work away into the night to get the work done. He is meeting with a very flattering business when he comes to Union.

Soon Found the Trouble The driver of the bread wagon which carries the Betsy Ross bread from Omaha to the towns down this way, was having much trouble with his car which he has been having worked on at Omaha for the past three weeks and when going from Murray to Union asked Mr. W. E. Palmer, who had been the mechanic for the Murray Garage to ride with him. The car not working very good, Mr. Palmer told the driver just what was the matter with it, and at the garage of Mr. George Shrader the matter was corrected and the car ran like a bird.

Hay, There!
The past month should convince you of the importance of keeping plenty of feed on hand.
Why not plan that hay barn now during the slack season?
The hay wasted each year and the loss in weight to stock caused by short feed thru the storm period will pay for a hay shed in a short time.
Let us help you plan.

PAYS A TRIBUTE
The store of C. E. Westcott's Sons today had a very simple and appropriate tribute to the memory of Woodrow Wilson, displaying in the west window of the store a fine picture of the late leader taken at the time he was directing the affairs of the nation in the crisis of the world war.

ANOTHER RECORD IS SHATTERED BY A STUDEBAKER CAR
Beats Los Angeles Limited From Salt Lake City to Los Angeles By 1 Hour, 10 Minutes.
Breaking the record time of the famous Los Angeles Limited from Salt Lake City to Los Angeles by one hour and ten minutes, a stock 1924 Studebaker Special Six, driven by D. A. Jenkins of Salt Lake City, has established a motor car performance mark that is causing widespread comment among motorists along the Pacific coast.
This is the fastest that man has ever traveled overland between two cities. It is one hour and fifty-eight minutes—almost two hours—faster than the best previous motor car record.

The Arrowhead Trail over which the record was made, winds through many treacherous mountain passes and traverses hundreds of miles of desert roads. For this reason, and because no attempt was made to wait for ideal road and weather conditions, the feat is all the more impressive to those who are familiar with the route.
Even more remarkable than the speed attained was the endurance displayed by the car. Despite the fact that its cooling system was naturally subjected to severe test over the mountain and desert roads, no water was added to the radiator during the entire run. The American Express company sealed the filler cap at Salt Lake City and broke the seal at Los Angeles. When checked in at Los Angeles, the motor was running as smoothly and as quietly as it was when it left Salt Lake City.
The run, arranged by the T. W. Naylor company, Studebaker dealers in Salt Lake City, was timed and authenticated by the Western Union.
The distance of 853 miles was covered by the special six in 23 hours, 43 minutes. The best previous automobile record was 25 hours, 41 minutes and the time of the Los Angeles Limited is 24 hours, 50 minutes.

"Death has invaded your home and has brought sorrow to the entire nation.
"The people of Nebraska feel keenly the passing of Woodrow Wilson and join with Mrs. Bryan and myself in extending to you and to your household all the sympathy and comfort that words can convey."
The governor added the comment: "Woodrow Wilson was a leader of thought. He had the ability to initiate and the power to direct men and to influence nations. His high ideals, his Christian character, and his statesmanship have been recognized throughout the civilized world. He gave his life to his country and his death will be mourned by all liberty loving people."

WOULD GRANT CITIZEN RIGHTS TO ALL INDIANS
Washington, Feb. 4.—All American Indians will be granted full citizenship if congress passes a bill introduced this week by Representative Snyder of New York.
The bill, which was referred to the committee on Indian affairs, is expected to come up for hearing soon. It authorizes the secretary of the Interior, "in his discretion, under regulations prescribed by him to issue a certificate of citizenship to any non-citizen Indian born within the territorial limits of the United States."
Indians will have the privilege of applying to the secretary for citizenship papers and will not have to go through the usual court proceedings of taking out papers.
The Snyder bill provides that the issuance of a certificate of citizenship shall not in any manner impair or otherwise affect the right of any Indian to tribal or other property.
Guy Murray was a visitor in Omaha today where he was called to have his eye, which he injured some time ago, treated as it has been giving him a great deal of annoyance the past few days.
