U.B. Thrifty says

One dollar in our bank is worth two in your pocket.

Don't keep cash in your pocket—keep it in our Safety Deposit Boxes. RATS! They get into currency and valuable papers—two-legged or four-legged—they destroy just the same. Fire—theft—accidents—any of these things could happen—and often do—to money or valuables kept around the house—and think of the load on the mind of the owner. For 50 per month, we'll give you restful nights and full protection for your valuables in our Safety Deposit boxes. Isn't it worth considering?

Two Young Men Arrive Sure the community about Murray is growing and that with very great rapidity, for on last Monday evening, two excellent young men arrived to assist in swelling the population of the community. They made their advent, one at the home of Grandmother Kniss, the mother being Mrs. George Jones, of Lincoln, who was staying at the Kniss home for a short time. The mother, Mrs. Jones, was formerly Miss Smith and a daughter of Peter Smith, who formerly lived here, but who makes his home at Coleridge at this time. The other young man came to and is making the home of Mr. and Mrs. E. W. Millburn happy by his presence. He is meeting with a most cordial welcome and makes the second son to honor this household, which was before graced by a sister, who is also well pleased by the late arrival. All concerned are getting along nicely at this time.

Celebrating Two Occasions Grandpa Wm. Puls and his good wife were celebrating in a very quiet way the passing of the 49th anniversary of their wedding, on Lincoln's birthday, February 12th, and also at the same time, Mr. Puls was 79 years of age, and the estimable couple are looking forward to the coming year when they will celebrate their golden wedding with considerable éclat, as well as his 80th birthday anniversary. Mr. and Mrs. Puls, the latter's name being Louise Engelkemeier, were married and immediately came to America, having resided here for one less than half a century of years.

Grain House Cuts Expenses Endeavoring to cut their expenses to a minimum, the A. B. Wilson Grain company at Murray, which is represented by Mr. D. J. Pittman, and who has been assisted by J. E. Hatchett, has laid off the latter gentleman and are having some one come from Nebraska City to assist when help is needed. Just at this time, Roy Davis has been here helping Mr. Pittman, who has been in the business for a long time and is well versed in the business and does not care to have the burden of the entire work on his shoulders, especially as he is in advancing years and so he has told the company whenever they can find a younger man who cares to take all the work it would be agreeable to him. But as he is so well known and reliable they are not over anxious to part with him and consequently have not yet found the "other man" for the job.
