ROBERTS AND POMERENE GO TO SENATE

OIL COMMITTEE APPROVES NOMINATIONS BUT FIGHT IS EXPECTED IN SENATE.

INVESTIGATION IS HELD UP

Because of Absence of Senator Walsh From Washington—Rumors Are Discredited.

Important developments in the oil scandal yesterday were: President Coolidge nominated Owen J. Roberts, Philadelphia attorney, to take the place of Silas Strawn as republican member of the special government oil counsel.

Frank A. Vanderlip's story about the sale of President Harding's newspaper and his accusation that the senate oil committee was afraid to quiz Albert B. Fall more fully, was seriously discredited when he admitted that everything he said at Ossining was founded on rumor.

The senate oil committee adjourned until February 25. Two important witnesses communicated with the committee that they had never heard of the alleged million dollar sinking fund which was said to have been established in Washington for officials.

Washington, Feb. 15.—The senate oil committee took a ten day recess tonight after receiving information which discredited two of the most sensational rumors which recently have come before it.

Frank A. Vanderlip, whose public references to the sale of Owen J. Roberts, Philadelphia attorney, after reports were circulated that a prominent Wall Street trader had turned bearish in the belief that the oil disclosures were undermining public confidence.

Adjournment was announced at ten o'clock. The committee will meet at a principal witness explained that Senator Walsh, democrat, Montana, the dominant figure in the pressing of the inquiry, found it necessary to be absent from Washington for some days.

President Coolidge sent to the senate the nomination of Owen J. Roberts of Philadelphia, as republican member of the committee to succeed Silas H. Strawn of Chicago, whose name yesterday was withdrawn.

Several hours later the senate committee ordered a favorable report on the nominations, both of Mr. Roberts and of Altee Pomerene, former senator from Ohio, the democratic member.

The final step remaining is confirmation by the senate of the two nominations, and although Senator Dill, democrat, Washington, has announced he will seek an open executive session in which to fight Mr. Pomerene's confirmation, Mr. Coolidge let it be known today that he expected final senate approval.

Senator Dill announced today he had sufficient assurances of support to bring about the open discussion of the former Ohio senator's nomination when it is brought up, probably tomorrow, and that he would attack the selection on the ground that while Mr. Pomerene has had no oil connections, his firm has extensively represented large corporations.

Selection of Mr. Roberts was made by the president upon recommendation of Senator Pepper, republican Pennsylvania, and after an early morning conference between the president and the attorney, Mr. Roberts was recommended as a criminal and trial lawyer of experience. He appeared before the oil committee in executive session after his nomination had gone to the senate and later conferred again with the president.

Should the nominations of the two members of counsel be confirmed tomorrow, steps will be taken to institute preliminary legal proceedings, as seen by Mr. Roberts can familiarize himself with the cases. Mr. Pomerene, in association with Mr. Strawn has already spent some time in reviewing evidence taken by the senate committee and bills are drawn up for filing which will seek to enjoin further extraction of oil from the Teapot Dome and Elk Hills reserves.

IOWA DEMOCRATS SPLIT ON M'ADOO

Leaders to Boom E. T. Meredith, Former Secretary of Agriculture for Presidency.

Des Moines, Ia., Feb. 13.—The first break in the McAdoo ranks in the United States following the oil exposure, occurred here today with a decision reached by a group of Iowa democratic leaders to boom E. T. Meredith, former secretary of agriculture, for president, it was learned by International News Service.

John D. Denison, prominent attorney of Des Moines, who will seek the post of United States senator from this district on the democratic ticket, today divulged the result of the conference. Denison is a close personal friend of Mr. Meredith.

"Mr. Meredith has a real chance for the democratic nomination," Mr. Denison said.

"The Iowa delegation will go to New York in June friendly to Mr. Meredith," he added. "The oil investigation has had much to do with the decisions reached."

AN OPPORTUNITY FOR SECURING A GOOD SCHOOLING

Plattsmouth Public Schools to Start a Night Department Which Will Open Wednesday.

From Saturday's Daily—Following out the plans of the state and federal vocational boards in the Plattsmouth public schools are planning to start the coming week a course of night instructions in a number of branches of education which should be taken advantage of by the residents of the city who are desirous of brushing up on their school work or those who have not had the opportunity of securing the full amount of education that they might desire.

The registration for the night school will open on Monday and those who desire to enter can secure full information by calling Mr. C. E. DeWolfe, superintendent, at phone No. 103. The first class will be held on Wednesday at the high school from 7 o'clock to 9 o'clock.

This movement is being encouraged over the state and the night classes are now a part of the school work at Omaha, Lincoln, Fremont, Columbus, Scottsbluff, and Grand Island and is being organized in this city and Hastings.

Further details of the plans may be found in an advertisement appearing in another part of this paper. This opportunity is one that should be taken advantage of by all those over sixteen years of age who desire to improve their educational qualifications.

HORSE HAS ACCIDENT

From Friday's Daily—Yesterday afternoon a very valuable horse belonging to Ray McKeane had a very severe accident while being used on some street work on Linden Lane which will make the animal lame for some time. The accident happened through a falling and badly lacerated one of his front legs. The result of his injury is that is a question of whether the horse can be used in the future.

HARDING'S NAME DRAWN INTO OIL INVESTIGATIONS

FINANCIER SAYS FALL COULD IMPLICATE 'MEN IN HIGH PLACES.'

CLAIM PAPER SOLD TOO HIGH

Republicans Say That Neither Pomerene Nor Strawn Can Be Special Counsel in Probe.

Washington, Feb. 13.—Development in the oil scandal tumbled over each other so rapidly today and went so far afield that when night came the national capital had not recovered from the shock.

President Harding's name and the circumstances surrounding the sale of his newspaper, the Marion Star, were brought in by Frank A. Vanderlip, New York financier, who promptly was subpoenaed by the oil committee to appear tomorrow morning and tell what he may know.

Bainbridge Colby, a former secretary of state and one time law partner of President Wilson for a brief period, was mentioned in information brought to the committee in connection with the vast array of lawyers retained by various oil interests.

It was scarcely an hour after the utterances of Mr. Vanderlip had been confirmed before Chairman Lenroot had affixed his signature to a subpoena for the New York banker. Avoiding the slow process of formal service, Senator Lenroot had the senate sergeant-at-arms communicate by telephone with Mr. Vanderlip, who expressed readiness to appear before the committee tomorrow morning.

The New York financier will be questioned not only with reference to his statements in the sale of the Marion Star, but also about his charge that the oil committee did not go further in investigating Fall because the former secretary was ready to "peach," and what he would have said would have gone into high places.

President Coolidge, informed by republican senators that neither Silas H. Strawn nor Altee Pomerene could be confirmed as special government counsel in the oil cases, made preparations to withdraw their nominations.

Considered Garfield
James R. Garfield, secretary of the Interior under President Roosevelt, was considered for appointment as one of the government attorneys, but investigation showed that Mr. Garfield's firm had legal connections with the Doehny interests in Mexico.

Without a record vote, the senate adopted a resolution by Senator Dill, democrat, Washington, of the oil committee, calling on the state department for all diplomatic correspondence relating to the Colombian treaty, ratified by the senate after Secretary Fall had urged that it was necessary to protect American oil interests in Colombia.

Then the senate adopted another resolution by Senator Dill calling for similar correspondence with Great Britain and other countries relating to oil concessions.

Ground work for a sweeping investigation of the administration of Attorney General Daugherty, particularly his failure to act in the oil scandal and on other matters, was laid in a resolution presented by Senator Wheeler, democrat, Montana.

Steps were taken by the oil committee to question, probably tomorrow, Oscar Sutor, counsel for the Standard Oil Co., of California, regarding his statement that his and other oil companies refrained from bidding on the Fall oil leases because they considered the leasing policy to without authority in law.

Mont Robb, the well known grain man of Union, was here over night visiting, and departed today for his home in the southern Cass county city. Mr. Robb has just returned from a trip out in the state.

WALLACE IS INTERESTED IN DAIRY DEVELOPMENT

Secretary of Agriculture Says "No Danger of Overdoing It"—Big Meeting at Lincoln 20th

From Friday's Daily—Secretary of Agriculture Wallace is keenly interested in the plans of the Dairy Development society for improving the dairy industry in Nebraska, according to a letter received by J. M. Gillan, secretary. Some of the things Mr. Wallace wrote were:

"In 1923 this country imported dairy products equivalent to the production of 120 thousand dairy cows. It is hardly possible to expand dairying so rapidly as to endanger the business. With one-fourth the cows of the world in the United States, it is evident that there is possible great expansion of consumption and use of dairy products in countries outside the United States.

"If Nebraska finds it advantageous to purchase cows in other dairy sections in order to develop dairying in Nebraska, that means less cows in other states and less dairy products for the country."

Nebraskans who have indicated they will attend the dairy meeting at Lincoln February 20, include Hugo Fish, David City; Vern D. Andrews, College View; E. D. Beck, Deatury; C. S. Kibler, Merriman; C. E. Butler, Weeping Water; T. H. Anthony, Wausa; J. F. Haldeman, Pawnee City and W. E. Stewart, of Spring Ranch.—World-Herald.

EXPECT AUTO BOOM IN STATE THIS YEAR

From Friday's Daily—Nebraska and Iowa were down near the bottom in the tables of increased automobile registrations for 1922 and 1923. For that reason, and because they believe conditions have materially improved, manufacturers predict that the 1924 table will show

these states in an entirely different position. This fact is increasing outside interest in the Omaha show, which will be held at the Auditorium next week, says the World-Herald.

The table on increased registrations, 1923 over 1922, shows that South Dakota was at the bottom, with a 5.1 per cent increase. Just above this came North Dakota, 10.3 per cent; Nebraska, 11.2 per cent; Iowa, 14.5 per cent; Missouri, 14.7 per cent and Kansas, 14.7 per cent. The six lowest states were right in this section reflecting of course the agricultural situation. The year before Nebraska and Iowa were in the lower ten.

For 1923 Rhode Island led with 76 per cent and the southeastern states followed with about 40 per cent. On January 1, Nebraska had a registration of 285,488 cars and Iowa 572,611.

BOX SUPPER

Program and box supper Friday evening, February 22, at the Horning school. Come out and have a good time.

MRS. O. SANDIN, Teacher. 116-3rd, 11w

Farm hand wanted by the year.—T. H. Pollock, Farmers' State bank. 118-2w

GO RIGHT AT IT!

Friends and Neighbors in Plattsmouth will Show You the Way

Get at the root of the trouble. Rubbing an aching back may relieve it. But won't cure it if the kidneys are weak.

You must reach the root of it—the kidneys. Doan's Pills go right at it; Reach the cause; attack the pain. Are recommended by many Plattsmouth people. Ask your neighbor!

Mrs. F. N. Rasmussen, of 1109 Pearl street, Plattsmouth, says: "I believe Doan's Pills can't be beat as a kidney remedy. I was in bad shape with my back and was laid up so I had to have hot poultices put on my back and sides to relieve the pain. I could hardly turn in bed and was sore through my back. I had awful dizzy spells and specks came before my eyes and many times I had to sit down and wait for those attacks to pass off. A while after I commenced to use Doan's Pills, I began to improve. I got several boxes from Weeping Water, Nebraska, and they finally gave me permanent benefit after other kidney remedies had failed. I always keep Doan's on hand and use them when my kidneys need attention and they keep them in a strong condition."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Rasmussen had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

Chamberlain's Tablets for Indigestion and Constipation

"The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Tablets," writes Melard F. Craig, Middle Grove, N. Y. They work like a charm and do not gripe or leave any unpleasant effect.
