

STODDARD TAKES TANLAC EVERY SPRING AND FALL

Says It Keeps Him in Good Health—Tells of Recovery from Hay Fever.

"My experience with Tanlac goes back at least five years and I have nothing but the highest praise for it." is the precise statement of Chas. Stoddard, 348 National Ave., Grand Rapids, Mich.

will do I have made it a rule to take a course of it every spring and fall, and I find it pays, for it means health and strength to me. Before taking Tanlac the first time, my condition was such that I couldn't work, but I soon shook off the ills that held me down and regained good health. Yes, sir, people can feel assured that when they buy Tanlac they are buying something that will do them good.

RAIL SUPERVISION LESS RESTRICTIVE

People May Have Gone Too Far in Regulation, Says H. G. Taylor

From Thursday's Daily—H. G. Taylor, for twelve years a member of the Nebraska state railway commission and candidate for re-election as a republican, was the speaker at the weekly dinner of the Rotarians in Omaha yesterday, says the Bee.

Mr. Taylor, a student of transportation affairs, spoke of the growth of transportation, the interdependence between the railroads and the farmers, and the needs of the transportation systems if they are to keep pace with the development of the country.

"Had it not been for the development of the locomotive and the building of railroads far ahead of the development of the country itself, this republic might yet be confined to a fringe of states on the two seacoasts," he said. "It is possible, too, that the whole interior of the republic might now be under the control of European powers."

"The development of steam transportation was so rapid, and the settling up of the country so tremendous, that it was only natural that an era of wild speculation, of graft and of high financing took place. Then came the time when an outraged people demanded and secured restrictive laws, and in their recentment they may have gone too far in that direction.

"The tendency is now, I believe for the pendulum to swing back, not to the extremes of the old days, of course, but back to that happy medium where the transportation managers and the great mass of producers shall sit at a common table, put their cards in plain sight and after wise council and mutual forbearance arrive at an understanding that will spell prosperity for all the people."

RECEIVES SAD NEWS

From Thursday's Daily—Mrs. Anna May Woolley of this city received the sad news on Monday of the death of her elder sister, Mrs. William Cheever which occurred on Sunday at the family home in Concord, New Hampshire. It has been many years since Mrs. Woolley has had the pleasure of seeing the sister and the news of her death comes as a great regret. Owing to the long distance and the short notice of the death, Mrs. Woolley will be unable to attend the funeral services. In her loss she will have the deep sympathy of the many friends in this city and vicinity.

MAKING IMPROVEMENTS

From Friday's Daily—Plans have been completed by the Rock Island railroad for the expenditure of approximately \$6,500,000 in improvements to existing property during the year 1924, according to official announcement from the general offices of the company in Chicago.

This program includes the replacing of about 236 miles of steel with new heavy rail at an estimated cost of \$1,850,000. About \$1,400,000 will be spent this year on existing bridges.

M. D. A. ENJOY FINE ENTERTAINMENT LAST NITE

Special Features Mark the Regular Meeting of Burlington Shopmen's Organization.

At the regular meeting of the M. D. A. last evening the usual business routine was broken by a clever entertainment presented by some of the talented members.

This was in the form of a three-act play entitled, "Safety First." The plot revolved around the misadventures of Jack Montgomery, a young husband, played by Oscar Decker. In his endeavors to extricate a young Turkish maiden from the clutches of the law, he and his chum, Jerry Arnold, impersonated by Myron Birdsley, become involved. This results in a lot of explaining to be done to the young wife (Mary Decker). A series of laughable incidents follow culminating in the straightening out of the tangle in the last act.

In the supporting cast were Glen Henry as Elmer Flannel, Benjamin Birdsley as Abner Bill Moorhead and Mrs. Will Bailey as Virginia and Mrs. Harrington Bridger, Harry and Mrs. Rainey as Boob McNutt and Zuleika. Sally Stone as Mary Ann Flinnery was the comedy hit of the show.

Between acts William and Eddie Matschullat were seen in a clever skit entitled "The Key." The show as a whole was a decided treat and well appreciated by those attending.

WORK IS GOING STEADILY AHEAD

Rock Has Been Struck and Two Shifts Expect to Work Now.

Drilling at the oil well is progressing nicely and the drillers have now hit a ledge of rock and they expect to run two shifts, commencing this evening. Drilling through rock is a slow process and to make good headway the machinery will be kept going both day and night.

Drilling was halted a couple of days last week, due to a boulder which the drillers struck. It was in a slanting position in the hole and being of extraordinary hard substance it was only with difficulty that they were able to get the casing set in proper position to hold the water pressure and enable them to drill a straight hole. After experiencing more or less trouble, two shots of dynamite were exploded in the well which produced sufficient results for the work to be continued on a satisfactory scale. Everything seems to be moving in the fine shape and the incidental matters that required much time at the start have been taken care of.

Since the first of the week, when the roads have become passable, visitors to this scene of activity have been very numerous. There is not a day that visitors have not driven from quite a distance to see the work and machinery. It is not only the people near the well site that come, but people from Omaha, Lincoln and all parts of eastern Nebraska. When the weather is more settled and the roads in good condition visitors will be here in large numbers.—Nehawka Enterprise.

DEATH OF MRS. LEESLEY

From Friday's Daily—One of the old residents of the vicinity of Greenwood, Mrs. Bertha Leesley was called to her last reward on Wednesday morning at her home two miles east of Greenwood. The deceased lady was seventy-two years of age and has been a resident of that locality for the past thirty-five years. The funeral services were held this afternoon from the late home and the burial at the Greenwood cemetery.

GOOD APPOINTMENT

Dr. Guy Lake has received an appointment as a member of the state force of tuberculosis eradication. He started Monday testing in Douglas county with headquarters at Omaha. The state has made no mistake in the choice of Dr. Lake for he has made good in his line. This position carries with it a nice salary and we congratulate Mr. Lake upon having received the appointment.—Elmwood Leader-Echo.

CARD OF THANKS

We sincerely wish to thank the friends and neighbors for their many acts of friendship and assistance during the illness of our beloved wife and mother and for their sympathy and the floral remembrances at the time of death and the funeral services. Their acts of kindness will long be remembered.—M. G. Stava and Children.

Found a Cure for Indigestion

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now," writes George W. Emery, Rock Mills, Ala. These tablets contain no opium, but strengthen the stomach and enable it to digest the food naturally.

FRED A. MURPHY DIES AT FORT SHERIDAN, YESTERDAY

Former Plattsmouth Man Succumbs to Injuries Received Two Weeks Ago in Fall on Icy Street

From Thursday's Daily—This noon a message was received by relatives here of the death last night at Fort Sheridan, Illinois, of Fred A. Murphy, former well known resident of this city and who has for the past twenty-five years been engaged in service in the war department of the United States government as a member of the clerical forces of the Quartermasters' department.

The death of Mr. Murphy came as the result of a severe fall received two weeks ago at Chicago, when he fell on the ice coated street and suffered a concussion of the brain from which he never recovered and gradually continued sinking until death came to his relief.

Mr. Murphy was a resident of this city from boyhood up and was for some time engaged in railroad work here and very active in the republican politics of this county and at the close of the Spanish-American war the deceased was taken into the service of the government in the war department and has since been engaged in the service of his country.

To mourn his death there remains the widow who was formerly Miss Irene Patterson, daughter of Mr. and Mrs. Ambrose Patterson, pioneer residents of this city, and two sons, Wayne and Clyde Murphy, both residing in the vicinity of Chicago.

The funeral services will be held at Fort Sheridan Friday afternoon at 2 o'clock and the interment made in the cemetery there.

The old friends here will extend to the widow and the two sons their deepest sympathy in the loss that has come to them.

The father of the deceased was Mike Murphy, a one time well known merchant of this city, and who now resides at Long Beach, California, and he has a sister, Mrs. George R. Chaturm, of Lincoln, living. One sister, Mrs. Byron Clark, preceded him in death.
