Season Opened at Nehawka

The baseball season was formally opened last Sunday at Nehawka when Manley played them and a most interesting game was had when the two teams came together for they were both good teams, and the result was slightly in the favor of the home team, the score being: Nehawka, 5; Manley, 3.

Attended Services in Union

Some forty-five members of the Masonic order of the Nehawka lodge a portion of whom live at Union, attended services at the Baptist church of Union when Easter was celebrated and the discourse was most excellent one and was delivered by the Rev. H. H. Planck, pastor of the Baptist church of Union.

Meets With an Injury

Last Saturday while James R. Hill was returning from a trip to Nehawka the horse on which he was riding stumbled and fell and in its fall rolled in such a way that the leg of Mr. Hill was caught under the prostrate animal and a fracture was sustained. The fracture was reduced and while Mr. Hill is suffering much pain he is getting along as well as one could expect.

COMING FOR A VISIT

From Wednesday's Daily—
 The C. C. and E. H. Wesscott families are arranging for one of the very pleasant events that they have been looking forward to for some time, and this is a visit from Mrs. C. E. Wesscott, mother of the Wesscott boys, who is coming from her home at Los Angeles to visit for a few weeks and to attend the graduation exercises of the Plattsmouth high school in which her granddaughter, Miss Alice Louise Wesscott will be a member of the graduating class. This will be the first visit of Mrs. Wesscott back to the old home in the past few years and will be very much enjoyed by the members of the family as well as the host of old time friends. Mrs. Wesscott is expected here the first part of May.

A YOUTHFUL BOXER

From Monday's Daily—
 To win a boxing match at the age of eight years is a very unusual honor and is held by a Nebraska lad, Edward Chase of Pender, who is a grandson of Ed Brantner well known baseball and flight fan, formerly of this city and is the great grandson of Mr. and Mrs. John Cory of this city.

Edward, who has been a great favorite of his grandfather who has been having the lad in training, took part in an athletic entertainment staged a few days ago at the Pender school and the young man was one of the real boxers of the bill. Edward was pitted against Johnnie McQuire and the two youthful boxers showed real class in the three-round bout and Edward won the decision by his very fast work and gives promise of becoming a real scrapper when he has added a few more years to his life.

The showing made by the lad has greatly pleased his grandfather, and Mr. Brantner has visions of a coming world champ in the husky member of his family.

CELEBRATES BIRTHDAY

Saturday afternoon some twelve little folks were entertained at the home of Mr. and Mrs. J. E. Wiles on the occasion of the fifth birthday anniversary of little Miss Mary Catherine. The members of the party enjoyed the time in games of all kinds and in an Easter rabbit hunt at which they found a great deal of pleasure and delight. The color scheme for the refreshments was carried out in the dining room, was in yellow and white and made a very handsome setting for the jolly party of little folks. The centerpiece of the dining table was a bouquet of Calla Lilies sent from California by Miss Virginia Beeson and at each place were favors of rabbits and Easter eggs. Among the many beautiful gifts received by the guest of honor was a five room playhouse presented to her by the J. W. Crabb family. Mrs. Wiles wined and served in serving and entertaining the little folks by Mrs. Luke L. Wiles.

CLEAN UP DAY

The visitors at the court house today were remarking over the fact that County Clerk George R. Sayles was absent from his office and an inquiry as to the whereabouts of the county clerk disclosed the fact that he had been caught in the spring housecleaning movement and was at home doing his bit in the war on dirt and getting everything ready for the good old summer time.

When you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts.

So, for your sake and our sake, we want to present them to you.

Save \$200 to \$400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost \$200 to \$400 more.

11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

It is designed and superintended by an engineering department which costs us \$500,000 yearly.

Each steel formula has been proved the best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

Each car in the building gets 32,000 tests and inspections.

The crankshafts are machined on

Genuine leather cushions, ten inches deep. Unusual equipment. Scores of extra values.

Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid \$201,000,000 for Studebaker cars.

Back of this car is an honored name, which for 72 years has stood for high ideals.

Behind it are \$90,000,000 of assets, staked on pleasing you better than others.

Before you pay \$1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

TROTZKY BACK IN HARNESS AGAIN

Minister of War Re-enters Political Life in an Energetic Manner.

Moscow, April 20.—After an absence of nearly six months from nearly all participation in soviet affairs, Leon Trotsky, war minister, re-entered public life with an energetic spirit. He has addressed a number of political meetings at Tiflis, Baku, Kharkov and elsewhere, and today he told of plans for physical development of red troops to enable them to combat the armies of the bourgeois countries more effectively.

Trotsky is preparing to take an active part in the communist party congress in May and the convention of the third internationale in the middle of June. He has just completed a book on Nicolai Lenin, the late premier, in which he extols the soviet leader for his remarkable propensity of an undying revolutionary spirit and unceasing struggle against the capitalistic system.

SHIPPING WALNUT LOGS

From Tuesday's Daily—
 In the last few days George Jacks of this city has been busy hauling a large number of walnut logs to this city from the Walter Propst place

near Mynard and from here they are being shipped east where they will enter into the making of furniture of various kinds at the large factories there. Some of the logs are of a very large size and some of the finest that has been secured in this part of the west. In the shipment of the logs there is brought forcibly to mind the fact that the timber supply of the country which is being chopped up and hauled to factories for different usages is gradually being wiped out of existence and in the passage of years and that there will be no forests or timber lands in the country. The residents of the west should bear in mind the experiences of the people of the old world who have laws that where a tree is cut down another must be planted to replace the tree taken and the supply of timber is in that way kept up.

ONE TREE PLANTER

From Tuesday's Daily—
 There is at least one of the members of the business circles of the city who is a devout follower of the sage of Arbor Lodge—or at least he seeks to give that impression to the public. Passing along North Fifth street this afternoon a sign was noticed on the door of the real estate offices of Searl S. Davis informing the who ran that Mr. Davis was absent for the afternoon and was engaged in planting trees. It has long been known that Mr. Davis with his ability in real estate and farm loan business was able to make a dollar grow where only a quarter previously flourished, but this was the first intimation that the genial pilot of the Chamber of Commerce was a devotee of the tree planting cult or would lay aside dull care and hie himself away to the green hills to plant in the deep, rich Leoss soil of this locality the spreading chestnut or other popular varieties of woodland vegetation. One unkind cynic was hard-hearted enough to intimate that perhaps the president was engaged in tree planting at the golf course, but we at once knocked him down for this unjust remark.

MARRIED IN MISSOURI

From Tuesday's Daily—
 Miss Margaret Manness, who has been making her home with Mr. and Mrs. Frank Coverdale, in this city, was united in marriage to Lee Tams, also of this city, at Rockport, Mo., Wednesday, April 16th. It has been announced. The bride's parents now live in Tennessee, having moved to that state by the Nebraska City Laundry company and is a sister of Mrs. Lee Monroe, who lives west of this city. The groom is the son of Mr. and Mrs. C. Tams, Sixth street and First avenue. He was employed by the Lucas bakery until a short time ago. For the present, they will live with the groom's parents.—Nebraska City News.

The groom is a grandson of Hans Tams of this city and has been a visitor here at different times with the members of the family residing here.
