#### TAKES PART IN STUNT

From Tuesday's Daily—  
Miss Ruth Jacks of Plattsmouth, a member of the senior class at Nebraska Wesleyan university, in University Place, took the part of women's athletics in the senior stunt in college night at Wesleyan, Friday, April 25th.

The three other college classes put on clever stunts, but the seniors were awarded first place and will hold the silver loving cup until the next annual class stunt night. The university auditorium was filled to overflowing for the event. In addition to the university student body and faculty many of the delegates present from Nebraska high schools for the events of the seventh annual high school day celebration were present.

### NEBRASKA PAYS ELEVEN MILLION IN FEDERAL TAX

The Cost of the Income Tax Paid in the State is Some \$7,000,000, Says Revenue Report.

Nebraskans paid \$11,088,108.19 in taxes to the federal treasury in the fiscal year ending June 30, 1923, according to an announcement made by the revenue department Saturday.

Of this total, \$7,275,308.14 was paid in income tax, \$760,577.49 in estate taxes, \$93,515.97 in tobacco taxes, \$33,110.67 in oleomargarine taxes, \$413,265.43 in stamp taxes, \$799,852.66 in telephone and telegraph taxes, \$239,100.13 in manufacturers' excise tax, \$12,451.95 in narcotic tax, \$486,994.91 in special taxes and \$741,727.41 in theater admission and club dues taxes.

The state of Iowa paid in \$17,155,535.03 in the same period. This was a decrease of 27 per cent over the fiscal year of 1922 for both Nebraska and Iowa.

Omaha's revenue office, in charge of James J. Drakeford, leads all revenue offices in the country in value of work performed, according to a survey published by the treasury department. There are 34 revenue divisions in the country.

The Omaha division includes the states of Nebraska and Iowa and has an approximate population of 4,000,000 persons. In addition to the revenue departments two collection divisions are included in the Omaha division.

The survey shows that the cost of collecting federal taxes in the United States is \$1.37 for every \$100 collected. In the Omaha division, to show where the \$1.37 goes, there is one estate tax collector for every 69,000 inhabitants. There is one income tax collector for every 49,000 inhabitants. The total cost of the Omaha division was \$1,907.08.

In a period of 10 years the operation of the income tax law shows a remarkable contrast. In 1913 \$344,424,453.85 was collected in the entire country. In 1923 this total had swelled to \$2,621,745,227.57. The peak of collections total was reached in 1920, when \$5,407,580,251.81 was collected.

### Character in Banking

Character is the foundation of confidence. Confidence is the foundation of banking. It follows, therefore, that a financial institution to be successful must be of such a character as to merit the confidence of the community it serves.

To obtain this confidence a bank's dealing with its depositors must be on such a plane as to form the basis of mutual respect. Whatever profit a bank makes must be *alone with* and *not out of* its depositors.

#### Small As Well As Large Depositors Welcomed

There must be no discrimination between small and large depositors. A wise banker appreciates the possibilities of and the necessity for, the small account. As a semi-public institution it is part of a bank's duty to encourage every one to save in proportion to their income. Obviously, therefore, the small depositor is a creator of capital fully as much as the man of more means.

The Farmers State Bank believes in these fundamental principles of banking. It looks upon itself as the servant of the people whose duty it is to safeguard their savings and to afford credit to such individuals, concerns and organizations as are deserving of it.

#### BOYS' WEEK IN PLATTSMOUTH

From Wednesday's Daily—  
This is Boys' Week all over the United States and in many of the communities the boys and young men have been given special recognition by being placed in charge of various offices in the counties and cities and in the headquarters of various corporations and assisting in operating them for the one day and gaining many valuable hints on citizenship and how the various forms of government are handled and also the big corporations. This part of the program was not carried out here.

The Ad club is planning to give some recognition to the boys of the city and have them realize that their work is appreciated in the schools and to give them an insight into the business life of the community.

#### FIRE AT ROCK BLUFFS

From Tuesday's Daily—  
Last evening one of the old landmarks of the old town of Rock Bluffs was destroyed by fire when the residence owned by Mrs. Mary Burnett was completely wiped out with a total loss that is estimated to be in the neighborhood of \$1,000.

This house was one of the oldest in the Rock Bluffs neighborhood and was erected in the fifties by the late Joseph Shera, one of the pioneers there and here the family lived for many years until locating in their newer home in the town where they lived for the rest of their lives and

where Mrs. Shera was mysteriously murdered a number of years ago and whose taking away has always been unsolved.

The property has been owned by Mrs. Burnett for a number of years and at the present time was unoccupied, the former tenants moving out last Saturday and since that time the house has been empty and there is no reason as far as can be advanced for the fire, unless it was of incendiary origin.

Residents of that locality state that this is another of a series of mysterious fires that have occurred in that locality in the last few years and in all of which the cause of the fire was never determined.

#### SUFFERING FROM RHEUMATISM

From Wednesday's Daily—  
Harry Poissall has for the past several days been suffering from a very severe attack of inflammatory rheumatism that has kept him confined to his home and which has been most painful and hardly allows the patient any rest either day or night.

The condition of Mr. Poissall has been such that his friends have urged him to go to the hospital at Omaha for treatment in hopes of giving him relief as he has been suffering to such an extent as to make it almost unbearable.

Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price, \$1.25.
