Christian Aid Society
The aid society of the Christian church will be entertained at the church Wednesday, May 21. Hostesses, Mesdames Albert Young, E. L. Peterson, Guy White, D. A. Young, J. F. Brendel, leader. Members all requested to be present.

United Presbyterian Notes
W. F. Graham, pastor.
Sabbath School at 10 a. m.
Preaching services at 11 a. m. and 7:45 p. m.

Intermediate society at 7:15 p. m.
Junior at 3:00 p. m.
Mid-week prayer meeting Wednesday at 7:30 p. m.

You are cordially invited to worship with us. We quote again from Rev. John E. Abbott:

"Know when you come, that the church's mission is not to entertain you. Church services will not be designedly dull, but they will not attempt to vie with the world's artists, who strive supremely to please. You can get better entertainment elsewhere."

It Seemed An Unlucky Day
Last Monday Phil Mrs. Clarence Hanson was coming to town with three calves for market the truck in which she was transporting the calves became obnoxious and dumped the calves and the driver by the wayside and it was with difficulty that Clarence secured the fractious animals and got them to town. After placing them in the stock yards they made their escape and on the following morning they were being hunted by the owners. On the same day the team belonging to Tom Tilson ran away and one of the calves kicked the driver on his hand and done almost as much damage as when the Ford became unruly.

Business For Them All
Uncle S. G. Latta wanted his houses painted and so he traded some lots and good ones at that, to Philip Lambert for the work and Mr. Lambert not desiring the lots passed them on to Curly Reeves who knows a good thing and so quietly annexed the real estate and now has the Murray land in his own name.

Attended Happy Hundred
Messrs. Everett Spangler, president of the Murray Community club, and W. G. Boedeker of the Murray State bank were in attendance at the banquet of the "Happy Hundred" club which was held in Plattsmouth on Tuesday evening of this week.

Team Runs Away
When Mrs. Clarence Hanson had the accident with the truck which resulted in the overturning of the truck, Thomas Tilson ran to the place of the accident and rendered what assistance he could, leaving his team which he was listing standing. The team not knowing just the situation, became restive and concluded to run away and so made a detour or two over the field where the corn was being planted and a nearby oats field before they could be overtaken and the situation explained to them by the by this time irate Mr. Tilson. But little damage was done but it looked for a time like there would be much.

The Red Ball Highway Now
Messrs. Everett Spangler and Ivan Deles Dernier went to Manley on Monday of last week where they met with a committee, members from each of the towns of Elmwood, Murock and Manley and there selected a name for the highway and lit on one suggested by Henry A. Tool of Murock, it being the Red Ball highway. The markings are to be a large red ball on a white field.

Wayne Lewis Buys Barber Shop
On Thursday of last week, Wayne Lewis, formerly of Plattsmouth, was a visitor in Murray and purchased the barber shop formerly owned by Morton Bartlett and immediately took possession of the place and has since been conducting the business. Since that time there has been seven people in Murray for the purpose of purchasing the place.

Siki Badly Hurt in Auto
Crash in Omaha Monday

Omaha, May 12.—Bruises and a fractured leg, received today when an automobile in which he was riding to his training quarters hit a truck, will keep Battling Siki, Senegalese boxer, out of the ring for at least three weeks, physicians said tonight after an X-ray examination at the hospital to which he was taken after the accident.

Tiny ("Jim") Herman, Omaha, and Mike Conroy, Kansas City, heavyweights will meet in the main event of the fight program here Wednesday night which Siki was supposed to headline, with Nick Newman of Kansas City as an opponent. Siki was thrown against the side of the car by the impact but was not thrown out.

As he lay on a cot at a police emergency hospital, where he received first aid attention, the conqueror of Georges Carpentier wept as he bemoaned the fact that he will not be able to meet Newman.

Later he was taken to a private institution for the X-ray.

Oppose Sunday Baseball
at Hastings, Nebraska

Hastings, Neb., May 13.—The legality of Sunday baseball in Hastings will be tested, even if it must be taken to court, according to the Rev. C. W. McCaskill, pastor of the Methodist church and president of the Hastings ministerial union of nine churches.

The ministers requested Mayor Ingraham to stop the Tri-State league game here Sunday between Grand Island and Hastings, but the mayor refused to interfere on the grounds that there is no city ordinance prohibiting Sunday baseball in Hastings.

The question in dispute is the result of an election in 1913 when Sunday baseball was voted upon. Of these voting on the proposition a majority of sixty-three voted for Sunday ball, but many people did not vote on the proposition.

The city attorney at that time declared Sunday ball carried. A later city attorney said that Sunday baseball had lost because it had failed to muster a majority of the total votes. The question is up again and the ministers say that if Sunday baseball is again attempted they will carry the case to the courts for a final decision.

Removes the Danger
of Auto Monoxide

New York, May 13.—Dr. Miller Reese Hutchison, a member of the naval advisory board and for many years chief engineer of the Edison Laboratories today announced he had discovered a chemical compound which, used in commercial gasoline, would eliminate all danger from toxic discharges of carbon monoxide from automobile exhausts.

The discovery, he said, was reached after experiments prompted by recent numerous reports of death and partial asphyxiation from inhaling the deadly fumes. His experiments showed, he said, that straight gasoline gave off 5.6 per cent of carbon monoxide. A mixture of one ounce of the compound in five gallons of gasoline, he said, reduced the output of carbon monoxide to 3.9 per cent. He added that a doubled dose of the inexpensive compound reduced the monoxide output to 3.7 per cent, while three ounces in five gallons of gasoline reduced it to 2.7 per cent.
