PUBLIC LIBRARY NOTES

The Librarian's report for April shows 2,280 books exchanged during the month—an increase of 310 over the same month last year.

A delegation from the Library board met with the city council and gave the annual report, also received suggestions for the yearly budget.

Now that the reference work for the schools is over for the year, the Librarian is reshelving and repairing—making special inspection of books that must be rebound—and the work seems quite different since the lessons are finished for awhile.

The new fiction is being especially featured for the summer reading. The most popular books for this week have been "Croatan," by Mary Johnson; "Lost Lady," by Cathers; "The Rover," by Conrad; "White Sister," by Crawford; "So Big," by Ferber; "End of the House of Ashes," by Kaye-Smith; and "The Able McLaughlins," all of which continue to be much in demand.

"Siege," "Scissors," "Dawn," "Lumoux," "Command," "Hawkeye" and "Boomers" are some of the new books with titles which are so much used on many of the new publications.

Those attending the pleasant event were: Misses Irene Parli, Rose Prohaska, Dorothea Pond, Frances Fields, Gladys Lash, Helen Egeberg, Clara Triloff, Jessie Whelan, Marie Boyd, Anna Rys, Alice Waters, Evelyn Stewart, Amelia Martens, Marie Svoboda, Janet Bajcek, Isabel Hartley, Jessie Robertson, Laura Lloyd, Mrs. Nellie Carlson and Mrs. Blanche Ganser.

People Own Utilities Says Report of Telephone Co.

The annual report of the American Telephone and Telegraph company shows that the American people just about own the biggest public utility.

The number of stockholders on record on December 31, 1923, was 281,149, an increase of 32,224 during the year. In the short space of three years, the number has more than doubled, there being 139,448 at the close of 1920 and 281,149 on December 31, 1923.

The distribution of stock is as follows: 267,620 held less than 100 shares each; 13,156 held from 100 to 1,000 shares each; 338 held from 1,000 to 5,000 shares each; 15 held 5,000 shares or more each (committing brokers, holders in investment trusts, etc.)

Of the holders of less than 100 shares each, 95,258 held five shares or less each; 225,719 held 25 shares or less each. There are more women stockholders than men.

At the end of 1923 only 8 per cent of the stock was held by trustees and less than 3 1/2 per cent was in the names of brokers. About one per cent of the stock was held in Europe.

Of the 281,149 stockholders on record, about one-sixth of them are employees of the Bell system. In addition nearly 100,000 employees of Bell companies and their subsidiaries are now paying for stock on the installment basis.

Of all American corporations, this company is first in number of holders of its stock, and none has its shares more widely distributed.

The average number of shares held per stockholder in 1920 was 76; today it is 26 or an average holding of \$2,600 at par.

From Thursday's Daily—

In the state convention of the P. E. O. society that is meeting at St. Paul this week, Chapter F. of this city has been given a pleasing recognition by the honor that has been conferred on the two representatives from this city, Mrs. H. G. McClusky and Mrs. H. F. Goos.

In the opening portion of the convention Mrs. McClusky was one of the members participating in the program and Mrs. Goos has a place on the resolutions committee, one of the most important committees of the convention.

RESULTS THAT REMAIN

Are Appreciated by Plattsmouth People—Read This Statement

Thousands who suffer from backache and kidney complaint have tried one remedy after another, but find only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merit right here in Plattsmouth.

Here is the testimony of one who used Doan's Pills years ago and now makes his testimony even stronger.

E. M. Buttery, Tenth and Walnut streets, Plattsmouth, says: "A pain caught me through my hips so I could hardly raise a shovel of coal. At times there was a lameness across my loins. I had reason to believe these troubles were caused from a disordered condition of my kidneys. Hearing Doan's Pills spoken of, I got some. They gave me quick relief which warrants me in speaking of the remedy in the most favorable terms."

Mr. Buttery gave the above statement June 11, 1906, and on May 12, 1920, he added: "My cure is a permanent one and I think Doan's Pills are fine. I am glad to recommend them to others."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Buttery had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

M. K. & T. FIREMAN TELLS INTERESTING EXPERIENCE

For 32 Years Bohon has Fired Engine and Did Not Miss a Day Until Stomach Troubles Hit Him—Tanlac Overcame Them All.

Thirty-two years of firing railroad locomotives of all types, coal burners and oil burners, 75-ton engines and 250-ton engines, without once "giving out" on the road is a record of which E. S. Bohon, popular M. K. & T. fireman, 529 East 11th street, Sedalia, Mo., justly speaks with pride.

"Many a time," says Mr. Bohon, who is now assigned to "The Katy Flyer," between Sedalia and Parsons, one of the fastest trains on the M. K. & T., "I have fired an engine that consumed twenty tons of coal in 160 miles, and I now make 320 miles every other day, so you can see what strength I have to put out. But I

haven't had to worry about strength and endurance for the past five years for I have a medicine that keeps me fit for my work all the time—this Tanlac.

"Five years ago, my stomach came miserably near going back on me entirely. There was a pain there all the time, I had awful dizzy spells and my troubles finally got so bad I had to lay off from work.

"But Tanlac certainly did a jump-up job of knocking them out. It just suited my case to a 'T' and by the time I finished my fifth bottle, I felt so good I didn't need any more medicine. I have gone back to Tanlac every now and then just to keep up my strength and I can go out right now and fire the largest engine on the 'Katy.'

"If everybody would take Tanlac, especially in the Spring, there would be a lot more health people in the world. For keeping a man on the job feeling right, it can't be beat. Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.
