### U. B. Thrifty says

### We Cover Their Dust With Flowers Today

Their memory shall be covered in glory and honor. We shall pay tribute to those who dared to do and die that we who should follow might live in peace and harmony, privileged to pursue happiness and worship God in a land of plenty as conscience might dictate.

What report have we to make as to how we have carried our share of the responsibilities handed down to us through their sacrifices?

Join us in this our Memorial Day sentiment:

We shall cover their dust with flowers today in token of honor, reverence and undying gratitude.

This Bank will be Closed All Day Friday

SLOGAN—There is No Substitute for Safety

Wayne Lewis and family were spending last Sunday at the home of a brother of Mr. Lewis, Lloyd Lewis, living a number of miles northwest of Murray, where all enjoyed the occasion very nicely.

Marcelling and Bobbing.—Florence M. Tritsch, Plattsmouth, Neb. Telephone No. 80.

Roy Howard has been hauling corn from the D. J. Pittman elevator to his home for feeding purposes.

Henry Meisinger of near Mynard was looking after some business matters in Murray on last Tuesday afternoon.

Alex Campbell, C. D. Gerey and Charles Mitz shipped a car of hogs to the Omaha market on last Tuesday afternoon.

Herman L. Smith and wife were looking after some business matters in Plattsmouth last Monday, making the trip via the auto.

Clarence Hanson was hauling corn from the Farmers elevator to his home southwest of Murray, where he is using the same to feed.

Uncle J. W. Edmunds has been putting in his extra time during the past week building a hay rack which he is needing on his farm east of town.

Mrs. George E. Nickles, who has been feeling not the best for some time, is reported as at this time feeling better and is still convalescing.

Philip Riba of Plattsmouth was a visitor in Murray on last Tuesday afternoon, bringing down a load of goods for the H. M. Soennichsen & Co. store.

George Smith and son were in Murray on last Tuesday and secured a load of lumber for the remodeling of their home which they are having improved at this time.

Business called Mr. W. J. Donahue and the family to Lincoln on last Tuesday and the store was left in charge of Uncle B. A. Root, who cared for it in the best of manner.

Arthur Troop, of south of Plattsmouth, was a business visitor in Murray last Tuesday, coming to make some purchases of lumber for some work which he is doing on the farm.

Mr. and Mrs. E. L. Peterson and the little son were visiting for last Sunday at the home of Mrs. Peterson's parents, Millard Kelsey, at Millard, driving over in the auto of Mr. Peterson.

It is reported that C. H. Boedeker is getting along nicely at this time at the hospital in Omaha, where he is receiving treatment since his accident some time since in which he received a broken arm and leg.

J. A. Scotten has begun the construction of the foundation for the new house which he is to construct for Mr. George S. Ray, and which will be pushed along now as rapidly as the circumstances will permit.

Oscar Nailor, the enterprising merchant, was looking after some business matters in Omaha on last Tuesday, and while he was away, Mr. Earl Lancaster, and daughter were looking after the affairs of the store.

Herman L. Thomas, of Nehawka.

John Campbell and C. M. Christy shipped to the Omaha market on last Tuesday one car of mixed hogs and cattle and one full load of cattle and Mr. Campbell went to Omaha the following day to see the stock disposed of.

The engine of the Farmers elevator company went to the had a few days since and Mr. Gansemer, with the assistance of E. W. Milburn, rebuilt the machine and had it running all right in time to receive some the following day.

The Implement Business is surely making some strides, when we have two new concerns in town. Up until a short time since, Murray was supplied by the Peterson Hardware company with the farming machinery, and last week the firm of Mrasek & Richter Bros. announced that they will handle implements and repairs for all kinds of machinery. And this week there is an announcement of the opening of another store this one located in the western portion of the town, and the firm operating the new plant is Puls & Mrasek, the partners being W. H. Puls and Joe Mrasek. This makes one firm in the middle of town and one at each side.

Will Cast Out the Line Alex Campbell, with his friend, Frank R. Gobelman, are expecting on Friday of this week to depart for North Dakota to look for a territory that locality has the reputation of having a large number of fine fishing resorts and where it is possible to catch good fish of enormous size and large quantities. With good luck to you boys; we do not like fish anyway.

Proved Themselves Fishers Last Sunday early, just as the sun was peeping over the hills of Iowa, three of Murray's excellent fishermen, J. W. Berger, better known as "Uncle Bee," Mr. M. G. Churchill, better known as "Mack," and Wayne Lewis, the tonsorial artist, and it was not long until they had their line in waiting for the first nibble. "Uncle Bee" was the first to get a bite, and was also the second, the third and the fourth, and in fact neither of the boys got even a nibble and in desperation they proposed the journey home, and as "Uncle Bee" had either to go with them or walk, he also went along and thus the day was spoiled.

Looks for Some Muddy Roads Uncle Henry Vallery better known as "Uncle Hank," with becoming modesty told the reporter that during the entire month of June he had better not forget to take our tire chains along with us when we went out in the country. He also said that it would be much warmer, as well as a mite damper. He says that June will be the wettest month during the entire year. Better some of you boys who are interested take a note of this.

Jackie Coogan in "A Boy in Flanders" at the Nehawka Auditorium, June 3rd and 4th, 10 and 30 cents. All boys under 12 years admitted free when accompanied by both parents.

Ask Restraining Order and Return of His Property From Monday's Daily—This morning in the office of the Clerk of the District Court an action was filed by John N. Habel against Adam J. Schafer and E. P. Stewart, sheriff, in which the plaintiff seeks a restraining order to prevent the defendants from carrying out an execution issued in the county court in favor of Mr. Schafer for \$34.35 and against the plaintiff, Mr. Habel.

The sheriff of the county by virtue of the execution in the county court has levied on some property in the hands of Mr. Habel and which he seeks to have returned to him. The plaintiff in his petition alleges that the judgment was entered against him by default when he was ill and that there had been an understanding of the attorneys that the case should be continued, but instead the judgment was entered.

District Judge James T. Begley issued the temporary restraining order and set the date for hearing at 10 o'clock a. m., Thursday, May 29th.

Undergoes Operation at Hospital in Rochester From Monday's Daily—Word has been received here of the fact that Bert Coleman, the well known contractor, underwent an operation on Saturday at the Mayo Brothers hospital in Rochester, Minnesota, for a double internal gopher, from which Mr. Coleman has been suffering for some time. The operation proved very successful and the patient was rallying nicely from the effects of the operation, the messages state. This will be very pleasing news to the many friends and it is hoped that Mr. Coleman will continue to improve.

While charity begins at home it shouldn't be afraid to go out and see a little of the world.

### BUREAU IS FORMED TO HANDLE INSURANCE BONUS WORK

Major General Robert C. Davis to be In Charge of New York Branch.

Washington, May 27.—The war department announced today formation of the adjusted compensation branch of the adjutant general's office as a separate unit to handle the work made necessary by enactment of the bonus law.

The adjutant general, Maj. Gen. Robert C. Davis, will be in direct personal charge of the new branch, combining that work with his own functions as adjutant general. A separate office has been set up where General Davis will give his personal attention to see there is no preventable delay in receiving and checking against records of the World War applications of veterans for bonus benefits.

To make way for the new organization, the old World War division of the adjutant general's office has been discontinued and the three officers and 15 clerks of that division who have been handling about 2,000 communications daily in connection with the records have been transferred to the new branch. Later, seven additional officers and 2,517 clerks will be added to the rolls of the branch when the examination of records in connection with the bonus gets into full swing.

LEAVING FOR ALLIANCE The many friends here of Mr. and Mrs. J. E. Sanderson are regretting very much to learn that they are soon to leave this city to make their home at Alliance where they were living prior to Mr. Sanderson being sent here as chief clerk in the office of Storekeeper W. F. Huncke. Mr. and Mrs. Sanderson have made a large circle of warm friends in their stay here who are feeling very much the loss of these two estimable young people and their charming little daughter, Ruth. The Sandersons finally departed yesterday for Alliance to secure a house and will return this week to pack and arrange to ship their household goods back to their former home.

William G. McAdoo still claims the democratic nomination for president. In getting off the train at Los Angeles a large crowd was there to greet him. He tells them that he is positive of being the nominee.

### BISHOP LOWE GOES TO SINGAPORE AND KEENEY TO OMAHA

Foochow, China, Prelate Assigned to Duties Here—Many Other Changes Are Made.

Springfield, Mass., May 27.—More than half the Episcopal residences of the Methodist Episcopal church have a change in bishops as a result of the general conference's Episcopal assignments, approved at tonight's session.

All of the five newly elected bishops were sent to foreign stations. The complete list of changes follows. The new assignments were as follows:

United States: Boston—William F. Anderson, from Cincinnati. Buffalo—Abna W. Leonard, San Francisco.

Chattanooga, Tenn.—Wilbur P. Thickfield, from Mexico City. Chicago—Edwin P. Hughes, from Boston.

Cincinnati—Theodore S. Henderson, from Detroit. Covington, Ky. (New station)—Matthew W. Clair, from Siberia (station abolished).

Nicholson to Detroit. Detroit—Thomas Nicholson, from Chicago.

Helena, Mont.—P. Lester Smith from Bangalore, India. Omaha—Frederick T. Keene, from Foochow, China.

Kansas City, Mo. (New station)—Ernest L. Walderf, from Wichita, Kans. (merged with Kansas City). St. Paul—Charles E. Locke, from Manila.

San Francisco—Charles W. Burns, from Helena. Foreign field: Foochow—Wallace E. Brown. (2).

Franklin—George R. Grose (2). Bangalore—Francis W. Karne, from Lucknow.

Bombay—Brenton T. Badley (2). Delhi—John W. Robinson, from Bombay.

Manila—Charles B. Mitchell, from St. Paul.

Singapore—Titus Lowe (2). Mexico City—George A. Miller (2). (2—Newly elected).

The bishops who have retired from age or illness are George P. Bickley of Singapore, William A. Quayle of St. Louis (merged with Kansas City, Mo.) William Burd of Buffalo, Frank Bristol of Chattanooga, and Homer C. Stuntz of Omaha.

The Methodist ban upon amusements, except those "which can be used in the name of the Lord Jesus," was lifted by a five to one vote of the general conference. A minority report forbidding theater attendance on Sundays and specifying dancing and immoral theater performances was tabled by 4469 votes to 295.

There was no debate. Dr. George Elliott of Detroit presented the majority report of a standing committee on the state of the church and W. M. Short of Fort Worth, Texas, spoke for the minority report. The adoption of the former removed restrictions and all theater attendance, in force since the church's inception, to churches not having a retiring committee.

"Religion must appeal to the conscience and it is the conscience of men that must be treated. This new law goes back to Wesley and Paul and Jesus Christ, and goes forward to the time when law shall be no more, because written in the hearts of men. Preachers now will stand in their pulpits not with a policeman's club but with the shepherd's crook in a new program for the saving of their souls."

"Sunday theaters are working a great hardship on the churches," Mr. Short said. "Dancing is one of the great causes of divorce. People will say that the Methodist church has retreated if the minority report is not adopted."

But if there is anything that might tempt me to consider accepting the Presidency, it would be the privilege of having little parties on the Mayflower, the presidential yacht. Here is luxurious comfort somewhere near what you might picture the head of the richest nation of the world enjoying. It takes a crew of 160 men to sail the Mayflower and to keep her tidied up. The famous lady on the Dutch Cleanser can have nothing on Uncle Sam's sailors when it comes to chasing dirt. Floors are scrubbed like the highest floor of the world and you can powder your nose in any of the brass work.

In the president's dining room is a cunning fireplace, in the drawing room a grand piano, and big overstuffed davenport interspersed with pretty wicker pieces with honey protonne cushions. Plenty of state rooms for guests with walls covered in blue brocaded silk. Really beds, not berths, covered with the whitest counterpanes you ever laid eyes on. Huge marble bathtubs that make you thick of the grand, eloquent and ancient Rome.

After standing church in the morning, the Coolidges spend most of

Out of the seven senators who breakfasted at the White House the morning before the senate voted on the soldier's bonus, four voted to sustain the president's veto who originally voted for the bill. That White House cook must be awfully good at flap jacks.

Bascom Slempp voices the theory that it is a handicap to be good at everything. When confronted with the story of a former teacher that he had set up a scholastic high water mark at the Virginia military institute which has never been eclipsed by later students, he protested, yes that was the reason he had never been able to concentrate on any one thing so as to become a really great lawyer or a great politician. One must discount about 90 per cent of this on the score of Virginia modesty for being secretary to the President of the United States is not most people's idea of total failure. While it was not stated whether Mr. Slempp also hung up the mark for Southern gallantry at school, a chap has to think fast to recall acquaintances
