

Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

Mrs. Edward Murray has some eight hundred young chickens and still has the incubator running.

Harry Albers of between Nehawka and Weeping Water was a visitor in Nehawka looking after business matters last Monday.

Howell St. John was a visitor for last week at the home of his sister Mrs. Eugene Nutzman, living four miles south of town.

James McReynolds of Omaha has been visiting for some time at the home of his friends, Chauncey Schupp, north of town.

Earl Chappell and wife with their little one were visiting at the former's parents, Ed Chappell, coming from their home in Avoca.

Glenn Rutledge and wife were visiting and looking after some business matters in Nebraska City last Monday driving down in their car.

Robert Troop and wife were looking after some business matters in Omaha last Thursday and also were getting some dental work done.

Mont Shradar has been replanting some fifty acres of his corn during the past week, and is getting the same in readiness for cultivation.

H. L. Thomas and wife were in attendance at the celebration of the laying of the corner stone of the new unit of the Masonic home at Plattsmouth last Tuesday.

In account of the rain Sunday, the game which was to be played between Nehawka and Dunbar was declared off, and they will have the game at another date.

Uncle Mat Wolfe, who is the cook for Mont Shradar is raising himself some chickens on the side and has about five hundred little ones and a number of hens setting.

Roy Malcolm and the good wife of Plattsmouth were visiting a short time since at the home of Mr. and Mrs. Chas. Hall where they all enjoyed the occasion very much.

Glenn Rutledge of the Nehawka Enterprise accompanied by his brother Everett Rutledge, were looking after some business matters in Plattsmouth Monday evening.

Edward Murray was harvesting his strawberry crop during the first of this week, and was assisted in the work by the neighbors, and are finding the crop very good and also of an excellent quality.

Mrs. W. O. Troop and daughters, Misses Maybelle and Lois, and Mrs. E. A. Kirkpatrick were in attendance at the county convention of the Women's Christian Temperance Union, which met at Weeping Water this week commencing on Tuesday.

John Opp and family were out riding last Sunday with the end in view of finding some wild strawberries, and found that they were a little ahead of the game as Dame Nature has been a little late in arranging her harvest of wild strawberries.

Tony Suddith, the produce man of Union, was in Nehawka on last Monday and returned to Union with a truck load of mill stuffs from the Nehawka Mills which he is stocking in his town for supplying the trade for feed there. He was accompanied while here by Mr. O. A. Keene.

Robert Troop has been planting some eighty acres of corn this week. He purchased seed from a Nebraska City firm and it did not grow. He had Uncle R. A. Young pick out the seed and is expecting to have better success, for all know that Mr. Young knows seed corn when he sees it.

H. H. Stoll while assisting in making an extra strong solution of concentrated lye, had some of the hot liquid splash on one of his hands inflicting a most severe burn which blistered the member almost instantly. Uncle Hans is carrying his hand well wrapped up until the wound heals.

H. L. Hanlon, who has been at Nehawka for the past few weeks in charge of the office for the Missouri Pacific, departed for his home at Padonia, Kansas, where he will remain for a short time before going to another office for the company. Mr. Hanlon made many friends while he was here.

County Commissioner C. F. Harris, with the workmen who were grading the road from Nehawka to the corner west of Murray, was also along and did his portion of the work with the remainder of the workmen. They got the road passable and barring the rains would have been in excellent condition by this time.

Delbert Switzer who is in charge of the Geo. Trunkentoltz Oil and Gas station, from which he is supplying the farmers and also other towns is

getting a good business thus far, and is making friends with every day. Mr. Trunkentoltz has made a very good selection for the manager of his business in Nehawka and vicinity.

Miss Tessie Philpot, who was so seriously injured some three weeks ago is now able to be up and about the house with the assistance of crutches but is a long way from being well again. Hopes are entertained that she will be all right after the lapse of time sufficient to allow the injuries to entirely heal.

In Charge of the Office
Herman L. Thomas, one of the most royal fellows one would see in many a moon, and who has been in charge of the Mo. Pacific office at Nehawka for a number of years, and who took a ninety day layoff for the purpose of getting out of doors for a season, has, as the time of his vacation has terminated, returned to the office and is now at his post of duty with the rail road again, and we were most pleased to greet his smiling face again, when we called at the station this week.

Entertained in Honor of Friends
Mrs. Marion Tucker gave a reception during the present week at her home in Nehawka in honor of her friend Miss Lora Lloyd, who is in a short time to be united in marriage to Mr. W. G. Kieck, a very popular and rising young attorney of Plattsmouth. There was a large number of friends of these two ladies present and a most pleasant time was had. Many tokens of remembrance were given by these friends along with their best wishes for the future happiness and prosperity of this excellent young woman who is soon to marry. Mrs. Tucker, who is a most excellent entertainer, provided as well as honoring her friends a most joyous afternoon for her half hundred guests who were present.

A Sure Home Builder
Josh Sutphin, who is a merchant of Nehawka, when he finds a little spare time is always employing the same to good purpose, and has just completed a model house which he has constructed with wood, and surrounded the same with a fence of the old fashioned rail style, with gates on all sides, and with small evergreen trees which grace the yard. Anyone can get a peep at the house and surrounding grounds as it reposes in the west window of his store in Nehawka.

Nehawka Gets a New Postmaster
Verner Lundberg, who with the present postmaster, G. C. Hoback, took examination for the position of postmaster at Nehawka, and both gentlemen who are very fine men passed with a very high average. The present administration being republican it was a foregone conclusion when both gentlemen passed with such a high average that the office would go to the one of the party in power. Nehawka has been nicely served during the time when Mr. Hoback was postmaster and we are sure it will be very nicely served after the change has been made.

Has Given Excellent Service
With the receiving of the certificate of appointment to the position of postmaster of Nehawka, Mr. Verner Lundberg, he will assume charge of the office, and Mr. Grover C. Hoback, who has been postmaster for nearly ten years will step out with the full knowledge that he has at all time made a most excellent official and has kept the office in a way which no one could criticize. Mr. Hoback before his appointment to the position of postmaster was employed with the Sheldon store of Nehawka and made a most excellent salesman being efficient, accommodating and carrying with this a capacity for a large amount of work, and proved to be one of the best men which this business institution has had the good fortune to possess.

Following his appointment nearly two years ago, to the position of postmaster, he carried the same characteristics into the office being always obliging, courteous and accommodating and being correct in his accounts as well. All Nehawka and the patrons of the office here regret very much that he is leaving the office as he has proved the most reliable official that the office has this far had.

DEPARTS FOR SUMMER SCHOOL
Miss Viola Haynie, who has been visiting for the past week at the home of her parents, Mr. and Mrs. J. W. Haynie, departed this morning for Lincoln, where she will attend summer school, and then with the opening of the school year this fall will return to Cotner University, where she is taking a four years course in kindergarten work. Miss Viola Haynie has been in the school work for the past eight years and while she has met with the best of success she is endeavoring to fit herself for only the highest grade of work in the line of kindergarten work.

SOME ATTRACTIVE BLOOMS
From Tuesday's Daily—
This morning J. H. McMaken, councilman from the second ward, who prides himself on the fine flowers and fruit grown at his place in the north part of the city, was a caller at the Journal and left a large bouquet of the fine red and white peonies that certainly are a very attractive sight and which adds beauty to the business office of the Journal.

V. O. LUNDBERG NE-HAWKA "NASBY"

Receives News of Confirmation in a Telegram from Senator R. B. Howell on Thursday.

"Washington, D. C., June 5, 1923, 11:28 a. m. Verner O. Lundberg, Nehawka, Nebr. Appointment confirmed by Senate yesterday.—R. B. Howell."

The above telegram was received by Verner Lundberg this (Thursday) afternoon, about 15 p. m., from Senator Howell which informed him that he had been chosen to be Nehawka's next postmaster.

The news will undoubtedly be a surprise to many. It was thought by many that G. C. Hoback, our present postmaster would again receive the appointment. Evidently the megis back east have decided Mr. Hoback had held the position long enough and under the present administration decided on making the change.

Mr. Hoback has been in the post office here for the past nine years, during which time he has conducted the office in a very creditable manner. He has been faithful to his duties there and of which nothing but praise may be heard. He is leaving the position with a record that is a blessing and a credit to the good will of the patrons of the office.

Mr. Lundberg is a Nehawka product, and is qualified to make Nehawka another good postmaster. We join his many friends in congratulating him and trust the change will not take Mr. Hoback and his estimable family from our midst.—Nehawka Enterprise.

FARM BUREAU NOTES
Copy for this Department furnished by County Agent

Vaccinate as a Preventive
Now is the time to prevent another outbreak of cholera. As soon as the pigs are weaned they should be vaccinated, then they are immune. It is also the cheapest time to do it, as they do not weigh so heavy and consequently it does not take as much serum to do it.

Cut Sweet Clover High
If a cutting of hay is to be taken off the sweet clover fields this should be cut early and high, if the crop is expected to come on and make a second growth. Reports gathered by the U. of N. Agricultural college last year show that a number of men killed the sweet clover when they cut it. It is usually recommended that sweet clover be cut for hay before any of the flower buds appear. The height of the sweet clover will of course vary with the soil fertility, moisture and season, but it should not be allowed to get too coarse and woody. Sweet clover differs from alfalfa and red clover in that the second growth does not come from the crown but from the buds along the stem. If left too long before cutting the heavy growth causes the buds to die and when the crop is mowed there is no second growth. It is a good plan to set the sickle bar so that it leaves a five to six inch stubble from which the second growth may start. Second year sweet clover is rather hard to cure, due to the fact that it must be cut early in the season when hay conditions are not the best. The leaves are also apt to shatter. It should be handled however as one would handle a similar growth of alfalfa.

Funeral of Mrs. Seivers is Held This Afternoon
From Monday's Daily—
The funeral service of Mrs. Seivers this afternoon was in charge of Rev. F. E. Pfoutz, pastor of the First Methodist church. A quartette composed of Mrs. E. H. Wescott, Mrs. Edward Roman, Harley Cecil and Clifford Cecil sang "Safe in Thy Arms, Jesus" and "In the Sweet Bye and Bye."

Martha Elizabeth Snyder was born August 28, 1852, at Crabbottom, Highland county, West Virginia. In the year 1869 she was united in marriage to James Wesley Seiver, who was also a resident of Crabbottom.

In the fall of 1881 Mr. and Mrs. Seivers came west and located on a farm near Plattsmouth. Since then Nebraska has been their home.

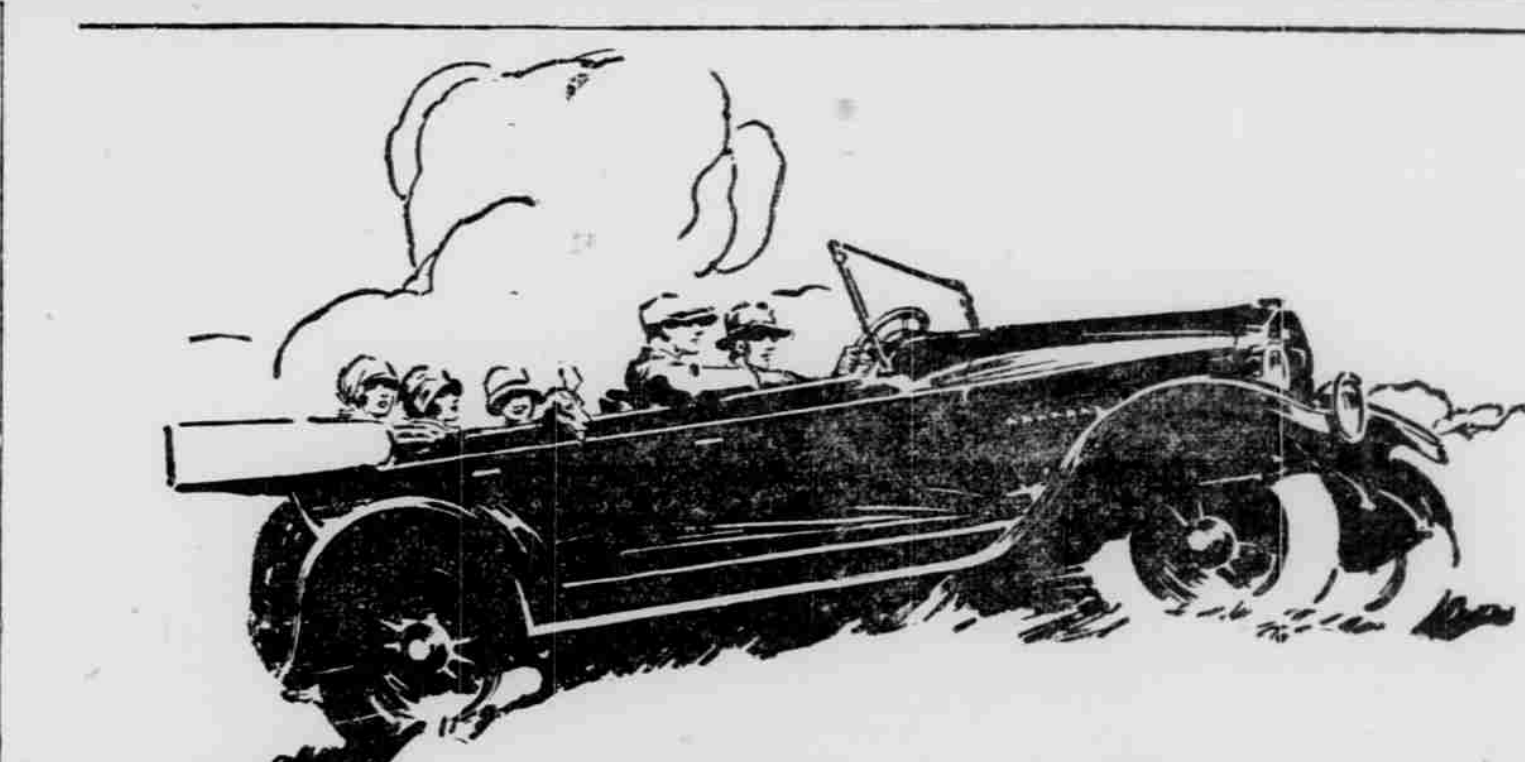

They were the happy parents of ten children and took more than ordinary interest in their family. This now becomes a happy memory which will keep the parents ever present in spirit.

The names of the children are Minnie, deceased; Hugh, of El Reno, Oklahoma; Claude, of Buffalo, Nebraska; Sadie, deceased; Bessie, of Madrid, where the mother made her recent home; Jay, of Mission, Texas, the only child not present at the funeral; Frank and Mollie Tuer, of Madrid, Nebraska; Jennings of Medford, Minnesota; and Don, of Plattsmouth. There are also 28 grandchildren and eight great-grandchildren.

Two years ago, on the 27th day of April, 1922, Mr. Seivers went home to await the coming of his companion, which occurred on the 6th day of June, 1924.

Mrs. Seivers was a member of the First Methodist church of Plattsmouth, having given herself to the religious life in her early years, and she was never happier than when she was in church or Sunday school. On the last Sunday before her departure, she and her daughter attended Sunday school together.

The Journal extends sympathy to the children and is able to say that

A history maker— and still the Leader!

The World's Largest Producer of Quality Automobiles

THE STUDEBAKER Light-Six—a history maker—the first fine six-cylinder car under 3,000 pounds at a four-cylinder price.

A car with followers, imitators and adapters by the score—but with no rival in quality, popularity or sales volume. It is still the Leader!

A car built to fulfill the ideal of producing the greatest automobile value in the \$1,000 field—the car which started the stampede from fours to sixes.

A car with a specially designed offset valve motor of remarkable quietness, economy, freedom from vibration—and with tenacious resourcefulness of power on the hills, the straightaway and the pickup!

A car comfortable, roomy, good-looking, very easy to handle on the road, in traffic or in parking—long-lived, low in first cost and especially low in up-keep costs. The market's one best bargain for the man who wants all the car he can get at about \$1,000.

A car that is an investment, not an expense, because it can be bought on very liberal terms, sold or traded in at a very high resale value on a market always ready and waiting for a used Light-Six Studebaker—its popularity and demand as a used car are the most convincing evidence of its goodness as an automobile.

Obituary of Aged Cass
County Pioneer Citizen
Ira W. Bosworth was born August 23, 1848, in Tioga county, Pennsylvania and died June 3, 1924, aged 75 years, 9 months and 20 days.
On the 9th day of February, 1865, at the age of 17 years, Mr. Bosworth enlisted as a private in Co. C, 52nd regiment of Wisconsin Infantry and was honorably discharged on the 28th day of July of the same year at Fort Leavenworth, Kansas. On November 19, 1871, he was united in marriage to Susan McCulloch at Plattsmouth, and to this union were born seven children, six of whom survive. One son, Ira Alanson, passed away on July 15, 1906. The remaining children are James M., Lester T., Harriet E., Lucy, Frances and Grace. He is also survived by a loving wife, nine grandchildren, two great-grandchildren and a host of friends.
Mr. Bosworth was a charter member of the Grand View Christian church, later uniting with the Baptist church of Wabash of which he was a faithful member until his death.
The funeral service was held on last Thursday, June 5th, from the Baptist church at Wabash, by Rev. W. A. Taylor, of Union. Interment was in the Weeping Water cemetery.

SMALL AUTO ACCIDENT
From Tuesday's Daily—
This morning the persons who were standing near Fifth and Main street were treated to a near thrill that for a few moments caused the spectators to feel that they were going to see an auto accident just like you read about every Monday morning in the Sunday casualty list, but alas, the thrill was lacking and the item spoiled. T. H. Pollock was backing his car into the street from the parking space in front of the Farmers State Bank when a car driven by Bert Byers came up Main street from the east and the result was that the two cars met and Mr. Pollock's car striking the front fender of the Byers car, caused one of the tires of the rear wheels of the car of Mr. Pollock to be torn off. E. H. Wescott who was standing nearby however had a very close call from being squeezed in the collision.

VERY PLEASANT NEWS
From Wednesday's Daily—
This morning the glad news was received here by Mr. and Mrs. William Hassler announcing the fact that they were honored by the distinction of being grandparents again and this event being caused by the birth of a fine little daughter to Mr. and Mrs. William Hassler, Jr., at their home 628 So. 12th street, Lincoln. The little lady has been christened Lucia Ann, and as this is the first child in the family of Will the occasion brought a great deal of joy to the parents as well as the members of the family here.

STORM WASHES CORN
From Wednesday's Daily—
The rain storm of last night was quite general throughout the northern portion of Cass county, visitors in this city from near South Bend state, and along the line of the Burlington from that place to Plattsmouth the fields of corn are very badly washed and torn by the heavy rains and where the corn was of any size it has been washed flat to the ground and in many places on the bottoms the dirt washed from the hills has completely covered up the corn and will make it necessary to replant, the farmers state. Near South Bend the storm did not reach the intensity that it did in the vicinity of Plattsmouth.

Professor George N. Boone, wife and son, George, Jr., are visiting at the Rev. Pfoutz home. Professor Boone, who is a brother of Mrs. Pfoutz, is in charge of the Department of Manual Training in McPherson College, McPherson, Kansas, and is enroute to a Summer School at the University of Wisconsin.
