## OILPULL

The Cheapest Farm Power

**YOU** want to be sure of several things when you select a tractor. One is lubrication. For without a protecting film of oil that never fails, parts wear quickly and power is wasted.

The OilPull is doubly protected by its system of Dual Lubrication. A pump, tested to work under 2000 pounds pressure, forces oil, drop by drop, to the vital bearings of the engine.

From these parts the surplus oil works down into the crank case. Here the connecting rods churn it into a heavy mist which completely envelops the interior of the engine. Other features of the OilPull which make possible its consistently delivered "10-Year-Service" are Triple Heat Control, Oil Cooling, etc.

Find out about this "proved" tractor that is growing more popular every year. We have complete information here and will gladly explain any points.

Carl Schlapoff has had a modern radio installed at his home which enables him and his family to reach out and grasp the doings of the world and also keeps them in touch with the markets as well as the general news of interest the world over.

Last Sunday, Henry A. Guthman and the family were in Plattsmouth for the day and enjoyed a most pleasant day at the home of Mr. Guthman's mother, Mrs. F. R. Guthman, and a very nice trip over, as the roads were fine and the day pleasant.

T. J. Brendel scale inspector for the district was a visitor in Murdock one day the past week, looking after some business matters and arranged with Mr. E. W. Thimgan to take the scale weights which he uses to Alvo, where he is to work in the near future.

Gust Schleiter and Paul Stock were visiting in Weeping Water last Thursday evening where they were looking after some business matters and also enjoyed the band concert while there. They did not remain there that evening.

E. K. Norton who has been in the south for some time and with the Western Union located at Wichita, Kansas and where he has been employed at a very good position, arrived home last week for a few weeks visit. Mr. Norton liked his work in the south.

Mr. and Mrs. Henry Heineman were visiting last Sunday at the home of Mrs. J. R. Hunter of Plattsmouth where they went to see that excellent lady, who has been having rather poor health for some time past. Mr. and Mrs. Heineman found the roads very good and had a most enjoyable trip.

Oscar E. McDonald and family hitched their wagon up on Sunday and went to Council Bluffs, not like many just now to get married, but visit with the James O'Neil family, who make their home in the Iowa city. Mrs. O'Neil is an aunt of Mr. McDonald and the folks had a most pleasant time.

The farmers are kept pretty busy just at this time with their work and the corn is late and working very badly, and the harvest is rapidly getting in shape for being cut, and the haying of the alfalfa crop is pressing at this time. It looks like the Fourth of July would fine many who would like to celebrate working in the fields.

A week ago the church northwest of Murdock, which is known as the "Louisville Church" held their annual Children's Day celebration and program, which was one well worth while and which was listened to by a very crowded house of interested people. The offering for missions which followed the rendition of the program, resulted in advancing the missionary fund to the amount of \$108.

The members of the church at Murdock had a most pleasant time last Sunday evening when they celebrated the program on Children's Day, and which was attended by a house filled with most interested members and all other citizens. An offering was received for missions which demonstrated the interest of the people in the work, and their appreciation of the efforts of the children and their teachers in the Bible school.

Emil Holke has completed his sowing of his corn, and thinks it is pretty late to be cultivating corn, and says that it will last for some time yet as the corn is late. The wheat is turning a little, approaching the harvest, and as a general thing it is in pretty fair condition, and the price looking up some as well. There is a little noticeable effect of the fly but not at this time showing up so as to cause much fear of great damage. A good wheat yield and good prices would be a very agreeable condition to arrive at for the farmers who are needing some money at this time.

Campfire Girls Return Home. The bevy of beautiful lassies of the Murdock Campfire Girls who were

BOOZE FLOWS INTO SEWER HERE THIS MORNING  
Still Also Smashed Under Direction of District Court—Crowd Witnesses the Destruction

From Thursday's Daily—  
To the thirsty ones there was a trying scene this morning when the booze that was taken in the raids Saturday at the Cozy place, and the booze at the Cruze home at Louisville, was sent splashing on its way toward the Missouri river via the sewer route.  
These cases being disposed of, the booze was no longer required as evidence and Sheriff E. P. Stewart and Deputy Sheriff W. R. Moore proceeded to smash the bottles and empty the contents into the sewer at the corner of Fourth and Main streets in view of those who cared to gather for the destruction and in the presence of Judge Begley of the district court and County Judge Allen J. Eason. The law provides that the destruction of the liquor be witnessed and certified to by the trial judge and this was carried out to the letter.  
The still taken at the LeRoy Covert home was also smashed by the sheriff and destroyed under the direction of the district court and is the first still destroyed by district court order in this county.

### KLUCKERS PAY A VISIT TO THIS CITY LAST NIGHT

From Friday's Daily—  
Parade Through Streets in Hoods and Gowns and Hold Adoption Ceremonies Near City.

This city last night between 10 11 o'clock received a visit from the gowned and hooded members of the Knights of the Klu Klux Klan, the first time that the order has appeared on the streets in their regalia as the prelude to the adoption ceremonies of the secret society.

At the time the cars bearing the Kluxers made their visit there were a large number on the streets and the occasion aroused the greatest interest as the cars made their way through the business part of the city. The pilot car that headed the procession bore an illuminated American flag and on the sides of the car were the members of the order in their white gowns and the cars also filled with the members and the candidates for adoption into the order that has been creating such an intense interest in the last two years in the north and which claims a membership of 2,000,000.

Outside of the sounding of the horns on the cars there was no demonstration and as the cars rolled up high school hill they were followed by many other cars of the citizens who followed to witness the open air ceremony of the adoption of a class into the order.

The scene of the adoption was in a large open field just west of the Missouri Pacific tracks and south of the Oak Hill cemetery and where a huge flaming cross sent its message over a large area as the cross was visible from the north part of the city as it glowed against the storm clouds massing in the west. The road in the vicinity of the field was parked with cars filled with sightseers and those who desired to view the work of initiation. The number that were received was quite large and while the distance from the spectators prevented the public from hearing the administering of the oath, the other ceremonies were quite plainly visible to those who had gathered. The ceremonies were guarded by Klansmen so that the public could approach only a certain distance and was carried out in a quiet and orderly manner.  
The Klan members participating were reported as being from Lincoln and their departure was as swift and mysterious as their coming.

UNDERGOES OPERATION

From Thursday's Daily—  
Mrs. Henry Mauzy was operated on yesterday at the Methodist hospital in Omaha, following a long period of very poor health, and while the ordeal was a very severe one on the patient, she has apparently stood the operation in excellent shape and every indication is most favorable, although it is still too early to fully determine the case as the patient is not out of danger of complications. Mrs. T. J. Todd, of Kearney, is at the hospital with his mother, and Miss Marion Mauzy is also assisting in looking after the care of her mother.

ANDY SCHMADER KNOCKED OUT

From Thursday's Daily—  
Andy Schmader, former Louisville and Plattsmouth boxer, and who was formerly the champ of the heavyweights of the U. S. Navy in war time days, was knocked out last night in the preliminary to the Romero-Stoessel fight at New York. The event in which Andy and George Antloch of White Plains, N. Y., were scheduled to go six rounds, but terminated in fifty seconds when Andy was put out of commission by the New York fighter.  
Schmader was prohibited from meeting Jack Renault on Wednesday night's card due to a ruling that Schmader was no match for the Canadian heavyweight.

### CELEBRATES WEDDING ANNIVERSARY THURSDAY

From Friday's Daily—  
The friends here of the N. C. Abbott family of Nebraska City will be pleased to learn of the observance yesterday at their home in that city of the twenty-third wedding anniversary, and the occasion was very quietly enjoyed by the members of the family.

Miss Lillian Newbranch and N. C. Abbott were married at Lincoln on June 19, 1901. Shortly after their marriage they left for the Philippine Islands, where Mr. Abbott was engaged in teaching and educational work among the Moros and other tribes in the Islands.  
They spent three years there and later returned to the United States and located in Nebraska City where they have resided for the greater part of the time since, during the few years spent in Plattsmouth when Mr. Abbott was superintendent of the

city schools here.  
Their friends here will join in wishing them many more such pleasant anniversaries in the future years.
