AGED MAN FOUND DEAD NEAR UNION

Albert E. Fuller, Residing North-east of That Place Dies Suddenly at Shack Near River.

Sunday morning the dead body of Albert E. Fuller, an aged recluse who has been residing in the vicinity of Union for a number of years was discovered at his shack along the banks of the Missouri river, north-east of the town of Union.

Mr. Fuller had been at the home of William Clarence, a short distance from his home earlier in the morning and had left there about 7:30 stating that he would return and have breakfast with the Clarence family, and the meal was delayed for some time but he failed to show up and latter members of the family walked over to the shack in which Mr. Fuller was living and discovered his dead body, he having evidently been suddenly stricken down and passed away without warning.

It is stated by neighbors that he has been in poor health for some time but was not thought to be in serious condition.

There is little known of the aged man beyond the fact that he was past seventy years of age and leaves a brother to survive his death that resides in New Jersey, but his exact residence is unknown.

The fact of the death was communicated to the authorities here and John P. Sattler, the undertaker, called to assume charge of the body which was brought to this city. There a burial service was held at the Sattler chapel this afternoon and the body laid to rest in Oak Hill cemetery.

Nebraska Man Gives Tanlac Full Credit.

"A medicine that can root out a man's troubles and build him up 25 pounds when he is 73 years old is certainly worth recommending—that's why I always speak out for Tanlac." Is the striking statement of Jared Faust, well-known shoemaker, 1396 Warren Ave., University Place, Neb.

"Two years ago, I was so run-down I wasn't able to work and was ready to close up shop. I had suffered from stomach trouble for years;

TOM TAGGART STILL STANDS PAT FOR MR. RALSTON

Indiana Boss Sticking Loyal to First Love and Refuses to Enter Any Combination.

New York, June 29.—Thomas Taggart had a busy day keeping himself out of conferences at which the fortunes of various candidates other than his own—Senator Ralston—were under discussion.

Several friends of Senator Ralston from the senatorial group called on him to discuss the situation and to suggest the various possible deals, but Taggart said he had approved none of them. The Indiana leader reiterated what he has said many times during the convention, that he is hewing straight to the line for Ralston, thinks he will win and that he is not out to make any combinations whatever.

West Virginia leaders of the John W. Davis-for-second-choice movement expressed gratification today over the results of last night's tumultuous scenes in the convention hall.

There was more than the usual amount of optimism at the headquarters of Senator Glass of Virginia, Senator Swanson, who placed Senator Glass in nomination, said he was confident that the position of his colleague will become stronger as the balloting continues. Senator Glass continued his attitude of silence as to his candidacy.

Several statements, formal and informal, came from Smith headquarters during the day. The governor expressed his willingness if nominated to accept the party platform as approved by the convention early today.

"I have read the principal planks," he said. "The platform represents the decision of the supreme body of the party and speaks for the party. That includes me."

Franklin D. Roosevelt issued this statement as manager of the Smith campaign: "We respect the verdict and know that we can confidently rely on our southern and western brothers for the traditional faithfulness. We shall go forward with them now as before with the same, sympathetic co-operation in the task of choosing a candidate who can win."

LA FOLLETTE LIKELY PROGRESSIVE CHOICE AT CLEVELAND MEET

Will be Nominated by Spontaneous Action of Convention, Declare His Admirers.

Cleveland, O., June 30.—There will be no 75-minute drummed-up demonstrations during the convention of the conference for progressive political action, which opens here Friday, Gilbert Hyatt, representing the national committee of the conference, announced today.

"If Senator La Follette is nominated it will be by the spontaneous action of the convention," he declared.

Leaders here arranging the conference are awaiting a statement from Senator La Follette which they believe will clear up the question whether he would accept if nominated. His nomination, they assert, is certain.

The convention is expected to run through Friday and Saturday with probably night sessions. Efforts will be made to finish up by early Sunday.

William R. Johnston, chairman of the conference, who will deliver the keynote address, is expected tomorrow. Other speakers on the opening day's program include Senator Shipstead, Minnesota, Mrs. Mabel Costigan of Colorado, Senator Lynn Frazier of North Dakota and Edward Keating, editor of a labor magazine.

Bishop F. J. McConnell will deliver the opening invocation.

AN APPRECIATION.

We desire in this manner to express our deepest appreciation of the many tender words of sympathy shown to us in the great bereavement of the loss of our beloved wife and mother and for the kindness that was shown and for the kindness that was shown to our loved one in her lifetime. Especially do we wish to thank the members of the store department of the C. B. & O. R. R., the neighbors, the Eagle band and the telephone operators, for their beautiful floral remembrance.

"But Tanlac put me to eating and digesting everything so fine that I gained 25 pounds in 60 days' time and felt stronger, healthier and happier than in ten years. I have taken Tanlac occasionally since then and I feel fine, work every day and now weigh 150 pounds. Tanlac is the best medicine ever sold in a drug store."

BERRY AND OWSLEY LABOR FOR SECOND PLACE

Both Claim Increasing Support for Nominating a Veteran for Vice President.

New York, June 29.—Managers and supporters of the various avowed candidates for the democratic vice presidential nomination are pegging away even though the contest for first place on the ticket temporarily eclipses all else.

Edward Antrim, of Ohio, manager for George L. Berry of Tennessee, whose headquarters have been open ever since the convention met, issued a statement tonight declaring that Major Barry was "reasonably sure of 460 votes that we consider as pledged from preferential primaries, state conventions and endorsements."

"We have reasonable hopes for an additional number that will give Mr. Berry the nomination upon the first ballot," the statement added.

The headquarters of Alvin Owsley of Texas, former national commander of the American Legion, issued no statement, but the Texas managers asserted the statement of leaders of the former service men's bloc that increasing support had been found for nomination of a veteran and that a majority of the delegates were favorable to their candidate. A similar claim made by Major Berry's supporters.

TALKING OF HURLEY FOR VICE PRESIDENT.

New York, June 29.—Edward N. Hurley, the most prominent of the vice presidential suspects on the ground is Edward N. Hurley of Chicago, was time chairman of the United States shipping board and at present a member of the international debt funding commission under appointment by President Coolidge.

Mr. Hurley is said to be the unanimous choice of the Illinois democrats for second place on the ticket for it is believed he would be an effective foil for "Hell and Maria" Dawes, especially in labor circles. For despite his present great wealth, Mr. Hurley still holds his card of active membership in the Brotherhood of Locomotive Engineers.

Furthermore, Hurley holds the long distance strike record. He went on strike with the engineers in 1888 and has never gone back to work yet. An inventor of machine tools himself and head of several large corporations which bear his name, Mr. Hurley brought invaluable experience to the war cabinet at Washington and his work there won him high praise. Theodore Burton of Ohio, temporary chairman of the republican national convention, and also a member of the debt funding commission with Mr. Hurley, is here to sail with the latter for Europe early in July on official business.

Mrs. W. H. Mullen, of Omaha, was here today for a few hours visiting at the home of her niece, Mrs. T. B. Bates. Mrs. Mullen is well known to a number of the Plattsmouth people, being quite active in the metropolis and visiting here a number of times in the past.
