## RECEIVES A "CHICKEN"

From Wednesday's Daily—  
This morning M. S. Briggs, candidate for county judge, was seen walking down the main street of the city with a chicken on his arm. ## TINLEY ASSERTS FRIENDS WANTED HIM TO BE READY

Says They will Boom Him for Second Place if Convention Desires An Active Soldier.

New York, July 1.—Friends in the old Rainbow division who hail from twelve states, were responsible for calling Colonel Tinley of Council Bluffs, Iowa, to New York, to be on the ground as a possible vice presidential candidate, the colonel said.

"There is no active attempt to force me on the convention as a candidate," he said. "And in fact my friends and I have no desire to precipitate into the convention any controversy over a soldier candidate. But if the convention should choose of itself to select a soldier for the second place, my friends insist upon putting me forward. They have been kind enough to say that if it is to be a soldier, they want it to be a real soldier."

"I do not say that with any idea of reflecting upon General Dawes, because I realize that such positions as he filled are also necessary, but the sentiment among ex-service organizations and especially among my friends of the Rainbow division, is that the candidate, if a soldier at all, should be an active service man."

Colonel Tinley said that no attempt would be made to put him forward until a presidential candidate is chosen. "There are various questions on availability for the second place that depend upon the first place," he said. "The candidate must balance geographically and in a number of other ways with the presidential candidate."

## NOTRE DAME POINTS FOR HUSKERS AGAIN.

South Bend, Ind., June 30.—Notre Dame's football activities next fall will be so shaped as to direct the energy of the football squad toward the annual Nebraska game. Coach Knute K. Rockne regards this contest as the most important on the schedule, not forgetting the annual workouts against Princeton and West Point. To beat Nebraska, even though the contests with West Point and Princeton are lost, is the ambition of Notre Dame, and when the two teams line up in South Bend the biggest football crowd ever gathered in Indiana will be on Carter field. It is expected to have accommodations for not less than 30,000 spectators.

Nebraska, coached by Fred T. Dawson, formerly chief mentor at Columbia, and ex-Princeton star, is the only team in history to defeat Notre Dame two years in succession. The eleven have met nine times, each winning four contests. One was a tie.

In commenting on the ability of Notre Dame to turn out wonder eleven year after year, Rockne stated that "Notre Dame has no social activities to divert the minds of the players from their studies and the game. Notre Dame is a good school to play for and the boys give their all."

Notre Dame's 1925 season will be tremendously heavy. Probably the school in the country will have such a heavy schedule, and for this reason Rockne pointed out he necessarily of each and every man returning to school next September in the best possible physical condition.

## CEDAR CREEK WINS GAME.

Yesterday afternoon Cedar Creek again added another victory to their credit on the baseball diamond when they took the Standard Furnace company team of Omaha into camp by the score of 10 to 2 and reasserted their record of being one of the best country teams in this part of the state.

Swanson, the Plattsmouth boy, who is doing the mound work for the Cedar Creekers, was at his best and had the furnace handlers eating out of his extended palm the greater part of the game and had a credit of ten strikeouts, while the Omaha team made but three hits during the nine innings.

Cedar Creek will play here on July 4th at the 10 o'clock game against the Plattsmouth team and a real interesting battle is being looked forward to by the fans as both teams are at their best and should give a good exhibition of the national pastime. Louisville is also to stage a two game series with the Cedar Creek team in the not far distant future and as the rivalry of the two teams is quite keen, there will be some fast ball playing.

## HOSMAN SPEAKS AT CONFERENCE

Tells Teachers of Country They Need More of "Hell Maria Spirit".

Washington, D. C., June 30.—Teachers of the country need a little more of the "Hell Maria spirit," said Everett M. Hosman, president of the National Organization of Secretaries in speaking before the national conference of state teachers associations at a local hotel today.

Mr. Hosman is also secretary of the Nebraska State Teachers association, with offices at Lincoln, Neb.

"Without any desire to distract from the spirit of humility which has and should always characterize the real teacher," the speaker declared that "the time has come when impostors and parasites on the teaching profession should be driven out and room made for the teacher with professional ideals."

"The professionally minded teacher recognizes the great responsibility which America has placed upon him," Mr. Hosman continued. "He has courage to know that he cannot be adequately prepared for the job of teaching without an adequate economic status, both in salary and retirement allowances, that his services cannot be effective without some degree of security of tenure in his position; that he holds in the hollow of his hand the destiny of America, a power which instills in him a pride which will not long suffer the many professional indignities or ignominious demissions which hamper his work in the community."

"The 'pusy-foot' school superintendent, school executive and teacher are rapidly fading and in their stead comes the teacher who is a real citizen, who assumes his rightful place in the community as a voter, taxpayer, and an individual; whose life is motivated by the highest ideals of personal and professional conduct."
