

# Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

Miss Bessie Murdock is visiting at the home of Mr. and Mrs. J. A. Davis west of Murray.

Wm. Waldo and sons were unloading a car load of salt for John H. Stephens last Monday.

Arnold Mast was visiting with friends and relatives in Plattsmouth for a few days last week.

Anderson Lloyd was looking after some business matters in Plattsmouth one day last week.

Merrill Pollard was called to Lincoln last Monday afternoon to look after some business matters.

Charles McCarthy was delivering wheat to the Sturum elevator during the early portion of this week.

Miss Dorothy Lewis was visiting with friends and relatives in Plattsmouth last Monday afternoon.

Z. W. Shrader was quite busy hauling wood last Monday getting a bunch of what he bought home.

F. M. Masie and wife were visiting and looking after some business at Plattsmouth on Wednesday of last week.

Clarence Hanson has been suffering from an injury received when he stepped on a nail, piercing one of his feet.

Among those who were visiting at the Murray bathing beach were Messrs. and Mesdames D. C. West and Leo Switzer.

Edward Cotner was assisting in the harvesting of the wheat and other small grains at the home of Mr. Leo L. Lloyd.

Henry Wessel was shipping grain last Monday afternoon while Mr. J. G. Wunderlich was looking after matters at the store.

Fred Egenberger and C. L. Beal, both of Plattsmouth were looking after some business matter in Nehawka last Monday afternoon.

Fred Nutzman shipped a car load of hogs to the Nebraska City market last Monday and was on the market on Tuesday to see them sold.

Mrs. W. O. Troop and daughter, Miss Maybelle were visiting and looking after some business in Plattsmouth last Monday afternoon.

Paul Murdock and wife and Robert Troop and wife were spending last Sunday at Krug park in Omaha and had a very pleasant time.

In order to ride easier, Granville Heebner purchased a set of balloon tires for his Ford sedan and now is riding on air. Sure this is a fact.

Mrs. Fred Guenther, better known as Grandmother Guenther, was spending a few days at the home of her granddaughter, Mrs. Robert Troop.

A large number of the people of Nehawka were visiting and attending the picnic which was held at Otos last Sunday and where they had a very fine time.

Vincent Straub of near Otos was a visitor in Nehawka last Monday afternoon and was looking after business here as well as visiting with friends and relatives.

Mr. and Mrs. Fred Hill called at Gust Hansen's Saturday evening.

Wildon Switzer is staying a few days at his Uncle and Aunt H. J. Thiele.

Mr. F. A. Hansen trucked some hogs to Nebraska City the first of the week.

George Pollard and wife spent Sunday with the latter's parents, F. A. Hansens.

Mrs. W. H. Schumaker and daughter Edith Thiele were to Murray Tuesday on business.

Clayton Rosencrans and wife of Plattsmouth drove down Sunday to get their son Billie, who had his annual vacation at the home of his Uncle and Aunt Troy Shraders.

Misses Hope and Esther St. John and Father Eugene Nutzman were all visiting at Omaha where they went to see the new son of Mr. Nutzman and who they found doing very nicely, thank you.

Uncle B. F. Hoback is reported as being sick at his home southeast of Nehawka and is being cared for by his son, Oscar Hoback and family. It is hoped that Uncle Bennie will soon be able to be about again.

Mrs. John O. Yeiser who underwent an operation at a hospital at Omaha some weeks since, is making very satisfactory progress and is expected to be restored to her former good health in the near future.

Last week one evening, J. P. Douglas and the family went to Murray where they visited for the night at the home of Mrs. Douglas's brother, Mr. Joseph Green, and on the following day departed for Tucson, Ariz.

Mr. and Mrs. E. A. Kirkpatrick and their guest, Mrs. Earl Kirkpatrick and young son, Earl, accompanied Mr. and Mrs. A. F. Sturum to Nebraska City last Sunday where they all enjoyed a picnic dinner at the Morton park.

Edward Knabe was a visitor to Nebraska City last Monday to consult his physicians regarding the injury he received when he fell from a hay stack injuring himself. He is getting along as well as could well be expected under the circumstances.

Walter Wunderlich, who with the family are spending some time in Colorado, writes of their fishing experience at the home of Grandfather J. M. Stone one afternoon caught 125 trout which were surely beauties, and of which catch they were very well pleased.

Mrs. Herman L. Thomas has been in Chicago for some time where she went to visit with her brother, Ernest Cedric O. Eaton and who was also joined by her mother, Mrs. J. W. Gamble of Omaha. The ladies returned via auto leaving Chicago on Monday last.

Mrs. E. A. Kirkpatrick and daughter, Mrs. Earl Kirkpatrick and her little son, Earl, were visiting in Omaha during the early portion of this week, they going to Union, being taken by the kindness of Mr. A. F.

Sturum in his car and from there to Omaha on the bus.

Marion Tucker and wife departed one day last week for Denver and Fort Lupton, Colorado, where they will visit for some time.

Mr. and Mrs. A. F. Sturum, who were making the trip in their auto. They will also visit at Rawlins before returning home and will expect to be away for some two weeks.

Miss Alta Duckworth, who has been attending summer school at Lincoln for some time past, completed the term and arrived at Nehawka last Saturday and is making her home at T. E. Fulton and wife for the present. She will expect to teach near Nehawka the coming year.

John Knabe who has been at the hospital at Kansas City where he underwent a most severe operation some time since and who has been very critically ill since has so far recovered that he was able to return to his home last Sunday, the folks going to Nebraska City to meet him.

The Independent Order of Old Fellows at their meeting last Monday evening enjoyed a social hour in which they had some refreshments in the shape of ice cream and cake.

Mrs. Henry M. Kropp and son Ernest and wife and H. H. Stoll were enjoying the day last Sunday at the home of Mr. and Mrs. W. A. Stoll northwest of Nehawka.

**Hears of Mother's Death**

Mrs. B. O. Tucker and E. H. Norris received the sad announcement last Saturday evening of the death of their mother, Mrs. J. C. Norris of Altamont, Kansas. They immediately hastened to her late home and remained to attend the funeral which occurred on Tuesday of this week.

Mrs. Norris was well known here, having resided many years here and in the State of Kansas some twenty-five years ago. She was well advanced in years, being 82 years of age.

**MUST HAVE REAL STATE LICENSES**

Receipts to Hunters and Fishermen for Money Paid Not Sufficient Says Warden Koster.

Receipts for money paid to deputy game wardens or other public officials empowered to issue fishing and hunting licenses are not recognized by Chief Game Warden Koster, who has instructed his field men to arrest all persons found fishing or hunting without the actual license in their possession, regardless of whether they are able to show receipts.

The first men arrested under such circumstances were Fred and Guy Rouse, at Gurley. Each was fined \$15 and costs, amounting to \$22.95 a piece.

Last spring a deputy game warden named W. K. Geer, living at Big Springs, was dismissed from the service after it developed that he had issued a large number of receipts for money collected, without issuing the licenses or accounting therefor to the state game and fish bureau. Money which had been paid to Geer by different people was refunded to them by him, and no prosecution was instituted.

**Report of Fines**

For keeping fur-bearing animals in captivity, contrary to law, Tony Laboda and C. R. Todd, two Plattsmouth men, were fined \$25 and costs each.

Otto Shallenberger of Pender paid a \$10 fine for selling fish without a license.

For fishing without a seine, Geo. W. Webb, Jim Black and J. W. Kiciv all of Pender contributed \$25 and costs in court. The following others were fined \$15 each, with costs for the same offense:

Ernest Pittack, Herman Pittack, Wm. Pittack and Geo. Sweet, all of Norfolk; Henry Ratermann, Shell W. Kenaston, Herman Tunning, U. G. Webben and William Wesley, all of Butte.

George Summerville, Jay Southwick and John Widman, residents of Sioux City, Iowa, came across the Missouri river one day and did some fishing without taking out Nebraska licenses. They were fined \$50 and costs apiece, but the magistrate was lenient enough to remit \$40 of the penalty levied on the first two and \$49 of Widman's, their offense being due more to ignorance than anything else.

Anton Dvorak of Stanton, Gottlieb Schleich and Walter Hasenkamp, of Oakland, each paid \$15 and costs for unlicensed fishing. These others escaped with \$5 fines.

Frank Quick, Albert Curtis and Nels A. Japerson, Tekamah; Sig Anderson, Hildreth; Guy Cook and C. E. Gaydon, Blair; Vivian Comett, Stanton; Hans Ahlers, Herman Von Essen and Henry Schutte, Pender.

**MRS. M'GUIRE POORLY**

From Monday's Daily—

The many friends of Mrs. Charles McGuire will greatly regret to learn that she has been quite sick at her home on North Ninth street since Saturday and that her condition has caused a great deal of apprehension to the members of the family. Mrs. McGuire has been in rather poor health for several months and her condition has gradually grown worse home she has been confined to her bed. Mrs. William Becker, of Osmond, Nebraska, is here assisting in the care of the mother.

Advertise your wants in the Journal for results.

## URGES A LONGER BUILDING SEASON FOR THIS NATION

Secretary of Commerce Herbert H. Hoover Would Have Activity Include Winter Also.

Washington, July 21.—Lengthening the building season in the United States in 1923, urges a committee of the House of Representatives, as advocated today by Secretary of Commerce Herbert H. Hoover, as a means of mitigating seasonal ups and downs in the construction industry, of stabilizing employment in the building trades and lowering costs of production and building.

The committee's statement, based on, and supplemental to the report and recommendations of the Committee on Seasonal Operation in the Construction Industries, appointed by him as an outgrowth of the president's conference of unemployed workers in 1922, is a study of the causes of seasonal fluctuations of industry through development of information as to probable future demands for labor and materials and the development of the habit of scheduling construction and repair work to meet the demand.

The committee's findings, based on, and supplemental to the report and recommendations of the committee on Seasonal Operation in the Construction Industries, appointed by him as an outgrowth of the president's conference of unemployed workers in 1922, is a study of the causes of seasonal fluctuations of industry through development of information as to probable future demands for labor and materials and the development of the habit of scheduling construction and repair work to meet the demand.

## VISITS WITH OLD FRIENDS AND RELATIVES HERE

From Monday's Daily—

Miles Standish and wife, son Fred, and daughter and son-in-law, Mr. and Mrs. Harvey Greenleaf, and their little daughter, all from Holton, Kansas, arrived in Plattsmouth last Saturday evening via the auto route, for a brief visit with old friends and relatives. While here they were guests of Mr. and Mrs. John McNurrah and Mrs. B. S. Ramsey. Sunday morning they drove to Bellevue for a brief visit with Mrs. Mary Ball, a sister of Mr. Standish and Monday went to the farm home of Mr. and Mrs. Charles Heebner, before returning to their Kansas home. The Journal publisher enjoyed a brief visit with Mrs. Standish and were much pleased to see him enjoying good health and continued prosperity in the Kansas home.

## WAITING TO HANDLE THIS YEAR'S CROP OF GRAIN

Railroads Prepared to Move It Speedily to Market—Will be No Shortage of Cars.

That the railroads of the west are better prepared than ever to handle the crops of this year was the substance of the reports made to the regional board which met last Saturday at Salt Lake City. It was attended by H. G. Taylor, state railway commissioner, as one of the members from this section.

The only menacing feature of the situation is that very few persons have stored their winter supply of coal yet, and this may put upon the railroads a peak movement of fuel in September and October, when there will also be a heavy movement of crops.

A feature of the situation was the wide diversity of the crop reports. Those from Nebraska were good, while Colorado reported the best in her history, including fruits and vegetables. Lack of water has brought about a serious situation in Idaho in many parts water was shut off the first of May and hundreds of farmers have had the unpleasant experience of sitting by while their crops dry up. The fruits, especially the prunes which form a big crop usually, are all gone. The same is true of potatoes. The potato crop will be normal.

Utah is in the same unhappy condition, due to the same cause, lack of water. The city of Salt Lake, where ordinarily water runs in the gutters most of the time, is now on water rations.

Wyoming reports were that the general crop situation is fair, that the cattle business is poor, while the sheep men are again making a lot of money.

The board adopted a resolution asking coal customers to begin storing at once, and thus aid in averting a possible shortage of cars later.

## OIL DEALERS REFUSE TO ADOPT THE BRYAN PLAN

Say 4-Cent Margin is Not Enough—Will Stick to the Present Schedule.

Lincoln, July 21.—Independent oil dealers of Lincoln speaking through their spokesman, M. B. Atkins, said today they will not follow the suggestion of Governor Bryan that they adopt a four-cent margin between buying and selling prices of gasoline.

"The four-cent margin is not nearly enough," said Mr. Atkins, "and the independents will disregard it entirely, and will not vary an inch from their present schedule."

The independent companies of Lincoln, with few exceptions, are selling at 17 cents a gallon. The state-controlled station charges 15 cents.

Mr. Atkins, commenting further on the subject, said the refinery price of the present stock of straight run gasoline was 10 cents a gallon, the freight charge to Lincoln 2.41 cents, and the overhead expense in hauling and handling added four cents more to the total, bringing it to 16.41 cents. The profit to retail dealers, consequently, Mr. Atkins declared, was only a little over a half cent a gallon.

## NEW SLIDING BOARD

From Tuesday's Daily—

A new two-way sliding board of latest design has been placed in Garfield park for the amusement of the children of the city. The apparatus is the most approved of its kind, being as nearly accident proof as any made and having the patented feature of guard railings under which the sliders must swing to get into the slides, thus preventing the possibility of someone being pushed off the platform by the crowding sliders coming up the steps from behind. The park board has purchased this equipment as an experiment, believing the children of Plattsmouth are as much entitled to playground equipment as those of other towns of this size and that with the co-operation of parents the necessity of having a park supervisor can be eliminated. The slide has been placed opposite the R. B. Hayes home, and Mrs. Hayes given supervision of the play there, pending other arrangements. If the children conduct themselves as well behaved children should, it will be left there permanently. If not, it will be removed to the school grounds and made available for sliding only during recess and noon periods of the school year, when actual supervision among the teaching corps of the school can be had.

Parents of children going to Garfield park to slide are earnestly requested by the park board to cooperate in seeing that the rules are observed and only the right sort of conduct is had there, for only in so doing will it ever be possible to secure additional playground paraphernalia for Plattsmouth parks.

## LOOKING OVER THE T. B. CATTLE

This morning a delegation of representatives from the Cass county farm bureau composed of W. E. Weidberg, Misses Bernice Burch, Lonella Crew and Jessie Baldwin, were over from Weeping Water checking up the lists of cattle that had been returned by the assessors in their recent assessment of the county, the number of cattle on each farm and the owners thereof. The work is a part of the campaign to check up any cases of T. B. that exist in the cattle in Cass county and which is being pushed by the state farm bureaus.

Feel languid, weak, run down? Headache? Stomach "off"? A good remedy is Burdock Blood Bitters. Ask your druggist. Price, \$1.25.

## TO KEEP WATCH FOR WORLD FLIERS

Navy Department Begins Task of Rendering Assistance On This Side of the Atlantic.

Newport, R. I., July 21.—The navy today began its task of keeping watch below while the world fliers soar over the Atlantic on the homeward leg of their journey. The cruiser Richmond, flagship of Rear Admiral Thomas P. Masuger, commanding the light cruiser squadron, slipped out of this port today, the advance guard of about a dozen naval vessels which will be staged along the route of the aviators from England to Scotland and thence by way of the Orkney islands, Iceland, Greenland to the North American continent on the bleak coast of Labrador and onward to New Foundland and Nova Scotia to Boston. The destroyer flotilla here will depart this week to assist in the work.

The Richmond will be joined in British waters by the cruiser Raleigh and two destroyers from the European squadron and the four warships will guide the flight from England to the Orkneys and thence to Iceland. The cruiser Milwaukee now at Halifax will distribute supplies to the various points where the fliers are scheduled to stop. The destroyers will be strung out along the leg from Greenland to Labrador.

By this method, the navy department hopes to be in continuous touch by radio with the men who are making history in the air. The installation in England of sending and receiving apparatus on the flag plane, will enable Lieut. Lowell H. Smith, the flight commander, to communicate at all times with Admiral Magruder on the Richmond or with others of the warcraft along the line.

## CATARHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you can't hear. Unless the inflammation is reduced, your hearing may be destroyed.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years.

Sold by all druggists.
