

AUTO GOES INTO DITCH LAST NIGHT

Mr. and Mrs. Rudolph Ramsel Victims of Accident West of Union On "O" Street Road.

From Saturday's Daily—
Last night while Mr. and Mrs. Rudolph Ramsel of this city were motoring on the "O" street road west of Union, they were victims of a very severe auto accident that occurred when their Ford coupe went into a three-foot ditch along the roadway. Mr. and Mrs. Ramsel had left here early in the evening intending to motor to Seward to spend the week end there with their relatives and their journey had been a very pleasant one until some three miles west of Union when the steering gear of the car refused to respond to the wheel and before the car could be stopped it had swung across the road and partially into a three foot ditch along the roadway.

As the car plunged into the ditch, Mrs. Ramsel was thrown forward and struck her head against the windshield, receiving cuts on the nose that bled profusely and also a deep cut on the right forearm, and Mr. Ramsel received a very severe contusion on the left side of the face.

The injured parties made their way to a nearby house where they were cared for until the arrival of a physician from Nehawka who dressed the injuries of Mrs. Ramsel and made her as comfortable as possible. A call to the Frady garage here took the repair gang to the scene of the accident and the damaged car was brought on back to this city as well as the injured parties. The damage to the car will require considerable work to put in back in the proper shape.

ALARM CREATES STIR

Last evening about 10:30 when the peace and quiet of the night commencing to settle down upon the city, the people who were out in the business section were startled to hear the burglar alarm at the First National bank peel forth and as it had been pay day in the local shops there were hurried visions of robbers and yeggs brought to the minds of the public and soon a very large number had gathered in front of the oldest financial institution of the county, but no signs of the robbers could be seen in the interior of the bank where all seemed quiet. A call was sent for George O. Dovey, cashier of the bank, who was slumbering at his home in the north part of the city and who shortly arrived at the scene to investigate the cause of the alarm. It was found that the combination in the safety deposit section of the bank had not been accurately set in the hurry of the closing hours and which set off the alarm. The mechanism of the alarm is very delicate and if the combination is off in the slightest degree it will cause the alarm to peel forth its message of warning.

NO TRACE OF MISSING BODY

From Thursday's Daily—
The relatives here of Jack Patterson, Union banker, who was drowned in Lake Michigan at Chicago Monday afternoon, have received no further word of the search made for the body of the unfortunate man which they were expecting in case a discovery of the body was made by the authorities who are conducting the search. Mrs. Patterson, wife of the unfortunate man, and Joseph Fetzer, her father, who was with the Pattersons on their trip east, arrived back home yesterday. Mr. Fetzer came on to his home here while Mrs. Patterson remained in Omaha at the home of Mr. and Mrs. Thomas M. Patterson, parents of her husband.

STORES WILL REMAIN OPEN

From Thursday's Daily—
The business houses of the city affiliated with the Plattsmouth Ad club are to be open each Wednesday evening in the next few weeks, according to the decision made this noon at the session of the Ad club. The decision was made owing to the fact that the harvest season is now on and the farmers are kept very busy all day on the farm and cannot get time to get in except at night and the change will allow them to get in and shop on Wednesday evening for the rest of the week.

WILL VISIT CALIFORNIA

From Thursday's Daily—
Mr. and Mrs. Eddie Todd and family and Mr. and Mrs. T. J. Will and family planning to leave on Saturday by auto for the Pacific coast where the larger part of the Will family are now residing and where Mr. and Mrs. Todd were formerly residing. The two families expect to make their stay on the coast one of some duration and Mr. and Mrs. Will at least will remain until after the school year there as their children will attend the school while there. The many old friends here will trust that they may have a fine trip and enjoy the visit to the west.
