Excellent Meeting Saturday
The little city of Murray was filled with people eager to listen to the excellent program which was put on by the Murray community club last Saturday night. All Murray is deeply interested in making Murray one of the best towns in the county as well as a most progressive community.

The parts all were excellent and the quartette from Omaha rendered some beautiful music and their efforts in behalf of community team work were highly appreciated. The program which was furnished by Paul and May Schlichtemeyer in conjunction with Miss Beber was as good as one anywhere finds on the Chautauqua circuit. Mr. E. H. Westcott gave a most eloquent appeal for concerted community work in both spirit and action and was listened to with much interest by the large crowd that was present. CASS COUNTY LAND IS SELLING AT GOOD PRICES
The readjustment period following the World War has hit the farmers of the middle west a pretty hard jolt. The peculiar conditions of farming compel the farmer to continue his production and to farm his acreage whether he is taking a loss or profit. This appears to be a very sane arrangement that Nature has forced upon the farmer. We now see the readjustment bringing the farmers' products to a higher sale value and the farm dollar approaching nearer a fair valuation in comparison with the industrial dollar.

The farmers of Cass county know that good land is a safe investment and that the premium of fair prices is swinging back and approaching a square deal. This is evidenced by the fact that during 1924 land has changed hands or contracts have been executed for the purchase of land in Cass county running from \$185 to \$225 per acre. Actual sales of improved farms have been made as follows:

150 acres at \$185.
80 acres at \$190.
One half section and a quarter section at \$197.
120 acres at \$212.
80 acres and a quarter section at \$200.

Two 80-acre farms, a 100-acre farm and a 160-acre farm at \$225 per acre.

These representative sales show returning confidence of the farming population in the surest and safest of all investments—a Cass county farm.

All business realizes that a depressed agricultural population means general business depression. The above sales serve as a good omen for future business conditions both from the farmer's point of view and from the point of view of the manufacturer and the retailer.

J. E. Wheeler, of Lincoln, was here this afternoon attending to some business for the Burlington at the shops here for a few hours.

BIBLE SCHOOL LESSON

Sunday, August 3rd

By M. S. Briggs

"Selects Good Helpers"

Golden Text: "Follow Me."

The selection of men fitted for a particular task is often times a most perplexing question, and while labor is plentiful, so far as the common sort is concerned, the matter of getting the right man for the right place, when that place is one of importance, is a question which involves much discrimination and an executive ability far in excess of the ordinary kind.

When a new president is selected, the selection of his cabinet is a question involving many perplexing features, and the greatest care should be taken in making the proper selections, and while a man might be all right for postmaster general, he probably would fall down when it comes to filling the position of secretary of state. The same might be true when it comes to the selection of an attorney general—the man fitted for this position might not be qualified to act as secretary of the treasury.

Jesus Christ, the son of God, who was sent to this world with a mission to perform far more important than any that could be delegated by man, and having had instruction by vision from high heaven, He needs be endowed with a sense of precision concerning mortals, to make no mistake in his choice.

In His selection He gathered together not men already educated and with their minds set in one direction whom it would be necessary to uneducate before they could be properly schooled in the divine truths.

His selection in the first place was of unlearned fishermen, but with minds receptive to the great truths which were to be imparted to them.

Even after they had been with the Master for three years they did not see His real mission until their eyes had been opened by the experiences of His death and subsequent resurrection. Then they saw the things which He had done and taught were a portion of the great plan of God, as outlined in the scriptures.

The day following the instance when John the Baptist had said, "Behold the Lamb of God, which taketh away the sin of the world," and two of the disciples had followed Him, and abide with him that evening, He said unto another, "Follow Me."

Andrew, when he had found the Master, straightaway went forth and sought his brother, Simon, and said, "We have found the Messiah of whom the prophets wrote—Jesus of Nazareth." Simon queried, "Can any so good thing come out of Nazareth?"

Andrew replied, "Come and See."

When he had come to the Master, he was accosted by Him, who said to him, "Your name is Simon, but I shall hereafter be Cephas, which is by interpretation Peter, or a rock."

This character was needed in the company of men who should be endowed by the Holy Spirit in the years to come, and Peter, though a rock, found that all of that characteristic which he possessed was needed for the trials that were to come to him.

Peter thought after his association with the Master for a time that he was strong enough not to be overcome by the influence of the evil one. At the time of the last supper he had confidently said, "Though all the world forsake Thee, still I will not forsake Thee." He had truly thought that this was so, and that he would not deny the Master, and his earnestness of conviction is evidenced when he drew his sword and began to fight, thus demonstrating his sincerity in what he had said.

But after Christ had told him to put up his sword, he wondered what about this anyway, and when the tapering finger of a woman was pointed at him and she accused him of being one of the Savior's bans, he denied that he ever knew Him. This he did, not once, but thrice, and it was not until after the resurrection when they had gone back to their old time trade as fishermen, and the Master had appeared to them as they fished and told them to cast their net on the other side of the ship, after they had fished all night without success, and by so doing doing they caught 153 fish, enough to break the net, that their eyes were opened to the fact that it was the Lord. The Master said to Peter, "Simon, lovest thou Me more than these?" and the reply was, "Yea, Lord." Then came the command, "Feed My sheep" repeated three times, that it might more fully bring to Peter recollection of his denial. Henceforth Peter never denied his Master and in like manner was crucified for the faith in the Master, even in a more humiliating way than was Jesus, for he was crucified with his head downward.

Christ's selections were all good for the purpose for which they were made. The scriptures corroborate the good choice which he made, for all subscribed their special purpose and mission. Even Judas performed his task of betraying the Master for the thirty pieces of silver, only to repent immediately afterward and go out into the blackest night without so much as a ray of hope, there to die a miserable and in him there is pictured the blackest act of all the criminal records of the world.

NEW SON ARRIVES

This morning, Dr. P. J. Flynn announced the fact that a fine little seven pound son had arrived at the home of Mr. and Mrs. Charles W. Huie at their home in this city. The mother and little one are doing very nicely and the occasion has proven one of the greatest pleasure to the father and the other relatives of the little man.

OBITUARY OF MRS.

JAMES R. HUNTER

Well Known Plattsmouth Lady Laid to Last Long Rest Sunday in Oak Hill Cemetery.

From Monday's Daily—

Harriet L. Billings was born at Keokuk, Iowa, September 15, 1860, and died at Plattsmouth, July 25, 1924, aged 63 years, 10 months and 10 days.

The deceased was a daughter of Spencer S. and Lucinda Billings, pioneer residents of Plattsmouth, they having removed to this city shortly after the deceased's birth. For years her parents occupied prominent places in the life of Plattsmouth. Here the deceased was reared to womanhood and in the year 1880 was united in marriage to James R. Hunter, who preceded her in death two years ago the 14th of next November.

The life of Mrs. Hunter has been almost wholly spent in Plattsmouth, where she possessed a host of friends who will share with the bereaved ones the grief which her passing has brought.

The deceased was the mother of eight children. One of these, Spencer Hunter, died in the year 1881, when eight months of age. The ones that remain are Mrs. Ella Heineman, Hitchcock, S. D.; James R. Hunter, La Crosse, Wisconsin; Robert R. Hunter, Hitchcock S. D.; Joseph E. Hunter, Casper, Wyoming; Janet I. Simons, Grace L. Hiatt and John Paul Hunter, all of Plattsmouth.

She also leaves to mourn her death three sisters, Mrs. Elizabeth Murphy, Palm Beach, California; Mrs. Ella Spencer, Seattle, Washington, and Mrs. Grace Copeland, Tacoma, Washington.

At the age of about 18 years, Mrs. Hunter joined the Christian church of this city where she has since continuously held membership. Her faith in Jesus Christ and His teachings remained steadfast until the end. She has suffered much of late and her going has brought relief to a troubled soul. The boatman has called again at the shore lines of our community and taken from us one who did much to bring happiness to others. Freely she gave of her strength for her children. Her influence for good will abide with them forever and inspire them to

ATTEND TURNING EXHIBITION
From Monday's Daily—

Yesterday a number of the young men of the turning class of the local Catholic Sokol society departed for Howells, Nebraska, where they took part in an exhibition being given there by the various Bohemian turners of the eastern portion of the state. Those who made the trip to Howells were Emmons Holly, Fred Uhlir, Frank Wooster and Louis Svoboda and the turning was given under the direction of Mr. Svoboda who has acted as the instructor of the class. The members of the local class recently took part in an exhibition at the K. S. hall in South Omaha and made a most favorable impression on the large audience for their thorough work in the various lines of apparatus turning.
