Farmers Getting Much Wheat The Farmers Elevator company of Nehawka have been getting lots of wheat during the past few weeks and on last Monday while the representative of the Journal was present, he saw nine farmers delivering wheat at the elevator at the same time. Hopping to the Threshing The farmers about Nehawka are getting there with a vim and push and with some fourteen threshing rigs, are cleaning up the work of threshing and getting the grain to market, though some are stacking their wheat. A conservative estimate places the yield at an average of 30 bushels per acre, with some fields going well over forty. This comes very nice for the farmer who needs the benefit and with good yields and fair prices, he will take advantage of the opportunity to turn the grain into money.

UNION WINS OVER NEHAWKA SUNDAY From Monday's Daily— Yesterday afternoon the Union baseball team journeyed out to their neighboring town of Nehawka and for the benefit of the residents of that locality gave an exhibition of the national pastime that was not unlike that of the big leagues—the only difference being in the crowd. The Union team had secured the services of a number of Plattsmouth knights of the bat who more than delivered the goods for the Old Settlers. The game resulted in a score of 20 to 1 in favor of Union and the Unionites secured seven home runs to their credit ere the coming of darkness brought the battle to a close. In the home run hitting, Hans Newman, Ed Bradoville and Hathaway each annexed one of the circuit drives while William P. O'Donnell and Hoback each checked up two of the blows apiece against the boys from the Oil City. The slab work for Union was looked after by Herbert Swanson of this city who whiffed fourteen of the Nehawka players in the course of the game and had his opponents safe at all stages of the game. Union just recently defeated the strong team of Percival, Iowa.

CHANGE IN CARRIER From Monday's Daily— Although the free mail delivery in this city is not yet a week old, already a change has been made in the personnel of the carriers, as Chas. E. Stanton, who has the southside route, has resigned and Postmaster J. W. Holmes has appointed in his place, one of the young men who recently took the examination for carrier and was one of the high ranking young men in the examination. The north side delivery route is being handled by Paul Vandervoort.

PURCHASES GRAIN ELEVATOR. From Wednesday's Daily— The grain elevator on the Burlington near Oresopis that was formerly owned by Tom Will has been disposed of to Fred H. Rutherford, who is now in charge of the elevator and getting ready to handle the volume of business that will follow the harvest season in this locality. Mr. Rutherford is one of the young farmers of this section and will make a good man for the job of handling the elevator.

WHEAT COMING IN The elevator of W. F. Gillespie at Mynard is kept very busy the last few days in receiving the grain crop, as the wheat is being threshed and brought to the market. The greater part of the farmers are still busy with the threshing and none have so far entirely completed the work so they can fully determine the yield of the crop for the year.

Estimates place the wheat at from twenty to forty bushels per acre and the quality is very good and the average better than usual, measured by the past few years.

A great deal of the new crop is being sold at this time as the price is very good, while a number of the farmers that have the facilities are storing the wheat in the expectation that the price will reach a higher figure a little later on.

SHOT AT THE GAME WARDEN WHEN ARRESTED FOR FISHING

Sam Allen of Cedar County to be Examined by Insanity Board of Cedar County.

From Wednesday's Daily— Elmer Heitzelman, deputy state game warden who lives in Lincoln, was shot at three times by Sam Allen, one of twelve men arrested for fishing in Cedar county. A shot gun was used and some of the shot hit the warden in the shoulder but a leather vest protected. Allen is said to be mentally unbalanced. His arrest was demanded by the warden, but the insanity board of the county decided to hold him for an examination as to his sanity.

The game warden shot once at Allen, but as the man's brother, Glen Allen, was struggling with him to get the gun from him, the warden did not care to shoot a second time.

The shooting took place Monday afternoon. Heitzelman had taken Allen in a car Laurel intending to take him to Hartington. On the way they stopped at Glen Allen's home. Sam Allen proposed to go the remainder of the way in his brother's car. The warden consented and started on.

Allen then commenced shooting with a shotgun. The first shot hit a rear tire and exploded it. The second shot hit the other rear tire. The third sprinkled the warden's shoulder but none of the shot entered the flesh.

The insanity board started Tuesday to take Allen into custody.

The car when found by the police had the doors locked and the clothes in the body of Jack Parsons, the Omaha banker, who is supposed to have met death at the Estes street beach in Rogers Park, Chicago, on last Monday afternoon, have so far failed to secure any trace of the body although they have made a thorough search of the lake in what they believe is the car of Mr. Patterson was found abandoned late Monday evening by the police when they were searching for the missing man after an alarm had been sent out by the relatives.

The failure to find the body has caused the family a great deal of regret and whether or not the lake will ever yield up the body is a problem as those who are familiar with similar cases of drowning state that there are many bodies that are never recovered. The search in the water near the shore has been very thorough and failed to reveal any trace of the missing man.
