SERIOUS AUTO ACCIDENT OCCURS AT MURRAY SATURDAY

Ray Campbell of Near Murray Runs into Car of Omaha People Returning from Trip South

From Monday's Daily—
A very serious auto accident occurred on Saturday afternoon shortly after 3 o'clock at the Minford corner a mile east of Murray, where the state highway meets the federal highway running north and south. The cars of Ray Campbell of near Murray and of William Sachase of 2749 South 29th street, Omaha, were the two that met in the collision.

From the reports of the accident it seems that Mr. Campbell was coming from Murray east along the state highway, headed for his home east of Murray and as he neared the Minford corner where the state road joins the federal highway the view is obstructed by a very extensive weed patch and as he swept into the federal road the car of Mr. Sachase was coming from the south, both cars traveling at a good rate of speed and met in a direct collision that practically wrecked both of the cars and reduced them to mere scrap iron.

The cars were hurled to the east side of the road and how the occupants of the cars escaped death is a real miracle and the force of the impact tore off the wheels of the Sachase car and crushed it badly, while the car of Mr. Campbell was also badly damaged and mashed.

Vance Burton, repairman of the Lincoln Telephone company, was working on a pole just a few feet from the scene of the accident and feared at first that the occupants of the cars were seriously injured or fatally injured. He at once cut in on the telephone line and called Dr. G. H. Gilmore of Murray at once to the scene of the accident.

Dr. Gilmore on reaching the scene of the accident found that Mr. Sachase was suffering from very severe cuts on the face and head caused by the glass from the broken windshield and which required several stitches to close up. The injuries received by Mr. Sachase were such as to lead to the fear that her back had been severely injured or bruised and made it necessary to call an ambulance from Omaha to come and take the injured lady on to her home in Omaha. The little son of Mr. and Mrs. Sachase escaped uninjured and the little girl in the car was suffering from only minor cuts and bruises that were not of a serious nature.

Mr. Campbell was seriously injured although suffering from cuts and bruises.

The Sachase family were returning home from a vacation trip to McAllister, Oklahoma, and had had a very pleasant trip up to within 23 miles of home when they met the collision that resulted in their injury and the destruction of their car.

FINDS A STONE HATCHET

From Monday's Daily—
T. H. Pollock of the Farmers State bank had an old time Indian stone hatchet at the bank which he secured several days ago at the Warga farm south of this city. Mr. Pollock was walking over the farm and while there he discovered the hatchet lying on the ground where it had evidently been unearthed after lying for years where it had been abandoned by the red man who had used it. The ax is of dark gray stone and bears the distinct marks of the head and the worn place where once it was fastened with a leather thong and also has a very well made edge that evidently required many hours of labor to produce.

The Plattsmouth boys at the training camp are Stuart Egenberger, Damian Flynn, Herbert Johnson, Carl Kell, Ray Lambert and Leonard F. Carter. While Mr. and Mrs. Egenberger were able to meet all of the boys and were more than delighted with the work of the camp and its effect on the boys in training.

All of the Plattsmouth boys with the exception of Herbert Johnson are in Co. G, of the training regiment and Herbert, who arrived there later than the rest, was assigned to Co. I of the same regiment.

The visitors were shown through the camp by the officers and were very much pleased at the excellent manner in which the government has provided for the comfort and welfare of the boys and the effects of the training is to be noticed in the snappy and alert manner in which the boys are getting around as benefits of the two weeks that they have had of regular hours, good physical exercises and the snappy and intensive drill program that is a part of the day's work at the camp.

Mr. Egenberger made a visit of the mess halls and was surprised at the manner in which the boys are fed. There is a great deal of good substantial food and the tables are set with plates of meat, salads, fruits, and dessert, a meal that would be a credit to any home cooking and while they had expected the generally known army fare of beans, "gold fish" and slum, they were very much surprised at the way that the army cooks are feeding the students at the camp.

All of the boys are feeling fine and enjoying very much the profitable and pleasant month's outing at the camp.

SHENANDOAH NINE WINS GAME FROM THE LOCAL TEAM

From Monday's Daily—
The Plattsmouth baseball team sustained their first defeat in several weeks yesterday afternoon at Shenandoah, Iowa, when the team of that place annexed the battle by the score of 8 to 3. The Iowans have just been holding a series of games with the various cities in this part of Nebraska and western Iowa and their machine proceeded to start right after the Plattsmouth team, but with the luck breaking any way for the locals the score would have been much closer.

Plattsmouth was suffering from the fact that Art Klauschie who was to do the mound work for the locals, had been through a gruelling battle on Saturday afternoon at Omaha and was very wild in the opening and in the course of the game issued eight passes to first and which was a part of the hard luck that followed the locals through the game.

Bill Mason, who is usually as reliable as Tanglefoot in catching flies had hard luck in the game and missed a drive of the Shenandoah batter that allowed them to check up two runs.

Harry Newman was doing some of his usual fancy fielding at the key-stone sack and the hitting of Ed Gradoville and Herb Klauschie were looked after by Undertaker John P. Sattler and shipped to Omaha to the Hoffman funeral chapel to be cared for. Friends of the drowned man state that he has a wife and children in Italy and that he had lived in this country a number of years, returning to his native land and then came back to Omaha where he has since lived.
