### BUSINESS MEN FAVOR BALL TOURNAMENT IN THE FALL

Large Number Express Themselves as Favorable to Holding Meet In September.

The business men of the city who have been approached on the subject of a baseball tournament for this city for the early or middle part of September are heartily in favor of this proposition that will bring here a number of good fast teams of this section of the country for a three-day meet on the local diamond.

The members of the ball team as well as the citizens are very desirous that some of the heads of civic organizations or business men take up the management of the tournament and see that it is organized, as the team will be busy on its part of the gathering in defending Plattsmouth's name on the diamond from the various teams that would be secured for such an event.

With the proper organization and management the event could be handled as a success both from an entertainment and sportsmanship

viewpoint as well as a financial success and the active organization of the committees to handle the matter should be taken up at once to get the movement well under way and put over a successful tournament.

### PIONEERS AIDED IN MAKING THIS NATION A POWER

How They Did It is Graphically Shown in Picture "The Covered Wagon"—Coming

What is the most vital period in American history? There may be a division of opinion between the Revolution, the Civil war, the winning of the west, and so on, but certainly the last named has had a tremendous bearing upon the development of the American nation.

The hardy pioneers who wrested from the earth the yellow metal, the sacrifices made by the homeseekers who braved the hardships and perils of the miles of prairie, mountain and river to gain the western promised land—these facts bulk large in the development of America.

This is the story of "The Covered Wagon," an epic of the great wagon trains, which in '48 crossed the plains to Oregon from Westport Landing, Mo.

This story, new to motion pictures, was made by James Cruze for Paramount with a wealth of detail, great spectacular effects and unlimited effort. It will be shown at the Parmele four nights, beginning Wednesday, August 27th.

Most of the picture was filmed in Utah and Nevada. A buffalo hunt was staged on Antelope Island, in the Great Salt Lake, where one of the largest herds of bison in the world is located. The Baker Ranch, in Snake Valley, Nevada, was employed for most of the backgrounds—an untrodden wilderness for the most part.

Five hundred covered "prairie schooners" were built or purchased, and thousands of Indians and other characters are employed.

"The Covered Wagon" will be acclaimed one of the greatest dramas of the century—and one that will be an invaluable historical record. An excellent cast headed by J. Warren Kerrigan and Lois Wilson portray the various roles.

### DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Plattsmouth Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Pills is a good remedy to use. No need to experiment. It has acted effectively in many cases in Plattsmouth. Follow the advice of a Plattsmouth citizen.

Mrs. Charles Mason, 312 Third street, Plattsmouth, says: "I used to have attacks when my back was so lame and weak it bothered me a great deal to be around on my feet. My kidneys were disordered at times and I felt miserable and had no ambition. A member of my family who had used Doan's Pills with good results advised me to try them, which I did with the best of results. In a short time I felt like a different woman. I got Doan's at Fricke & Co.'s drug store and use them occasionally when I get tired in my back and they always quickly relieve me." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Mason had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"ON THE CORNER"

### Important Announcement by The H. M. Soennichsen Co. Plattsmouth, Nebraska

Early in September the The H. M. Soennichsen Company's Department Store will hold its formal opening. Beginning on that date we are introducing Plattsmouth's and Cass County's first and largest CASH Store.

We ask you to read this announcement carefully. Familiarity with this new policy will be mutually beneficial.

#### Cash Policy!

We feel certain you will heartily approve of and even welcome the cash policy of this store. In fact, we are adopting this policy only after summing up the best judgments of many of our representative customers. Their approval is quite unanimous, and we feel assured that our Cash Policy will meet with your approval and support.

#### Credit No Longer Necessary!

In the early days when transportation and banking facilities were very limited, farm products were not so readily and so often turned into cash as now. Banks were weaker and more widely separated. Money for these reasons was scarce. Men of those times testify that they were forced to do without ready cash for months at a time. During such times goods could be bought only on credit. Then the book account was more than an accommodation, it was a necessity.

But it is no longer a necessity. It has ever come to be a burden on the customer as well as on the merchant. All know that times have changed greatly the last twenty years. Money is more plentiful, and ready cash may be more easily secured at any time. The laborer gets his pay as soon as he has earned it and the farmer may sell his products when he wishes to get money for them, in advance. The time of long deferred payments is past.

#### How Cash Helps Us Both!

In the past few years a large number of progressive merchants have adopted the cash plan of retailing with all its accompanying advantages to their customers, lower selling prices, greater efficiency and larger displays of merchandise. It stands to reason that if our capital is not tied up in accounts that we have more money to invest in reasonable, attractive merchandise, that we can buy these for cash and have the cash available to take advantage of unusually good buys which we will pass on to you.

More than this, the Cash plan takes the merchant out of the banking business. The retailer who sells on long time credits is practically loaning his funds to his customers, and in this way conducting a bank, but in a most inefficient manner. The banks of today are amply prepared to tide you over any unexpected financial stringency, and the person who borrows money to buy merchandise for cash is saving money for himself.

We are going to prove to you that buying for cash pays. In our store you will find goods of quality and value, backed by a firm which has been continuously in business in Plattsmouth for thirty-five years. Our aim is to give you continuously low prices rather than spasmodic low price sales!

Following the reasoning of the preceding paragraphs, we at this time, announce that in our new Department Store, which opens for business soon, we will sell merchandise for spot cash only! We adopt this policy with a cordial feeling for those customers who have had charge accounts with us for many years, but with the sound conviction that we are inaugurating a policy which will result in greater satisfaction to all and a long step forward in progressive merchandising.
