SPLENDID OLD RESIDENT

From Tuesday's Daily—
One of the real grand old men of Cass County is today 80 years of age, Mr. John Lohmes, Sr. of near Cedar Creek, and who has resided there for a great many years and interwoven his life with that of the county and the community in which he has lived so long. Mr. Lohmes was in the city yesterday and stopped at the Journal office for a brief social call. This splendid citizen is to celebrate his eighty-fourth birthday in December, but to glance at him one would not imagine that the weight of these years was as great as they are, as Mr. Lohmes more resembles a man of sixty than of eighty. Citizens like these are real assets to the community and have honor coming to them for their years of activity.

AGE OF THE POSTAL SLUETHS HELD FOR RONDOUT, ILL., JOB

William Fahy is Arrested as the "Master Mind" in \$2,000,000 Mail Robbery.

Chicago, Aug. 26.—William Fahy, regarded as one of the aces of the local force of postal inspectors, was arrested in his own office in the federal building here late today charged with being the master mind of the recent 2 million dollar mail robbery at Rondout, Ill.

Fahy immediately was taken before a federal judge and his bond was fixed at 50 thousand dollars. He made no effort to raise the bond and was placed in the county jail at Geneva, Ill.

Fahy's arrest came after weeks of surveillance, it was said, during which he was said to have been seen frequently in the company of men suspected of connection with the Rondout robbery, and to have been in communication with other men who fled to various parts of the country after they were suspected of complicity in the robbery.

Fahy declared his arrest was the result of a "frame up" and asserted his innocence. He has been instrumental in clearing up some of the most famous postal department robberies. It was through his efforts that "Big Tim" Murphy, former powerful labor and gang leader here, was sent to the Leavenworth, Kan., federal penitentiary for participation in the 1 million dollar Dearborn street station mail robbery.

You Can't Fool All of the Owners All of the Time

With all the present confusion, misunderstanding and general lack of information on the subject of tire buying, one might think Abraham Lincoln coined his famous phrase after an experience in tire buying. The truth of what he said as applied to tires is best summed up today in this statement of fact:

More people ride on Goodyear Tires than on any other kind.

Of course there is a real reason.
