FARMERS SPECIAL TO VISIT WISCONSIN DAIRY FARMS

Burlington Will Operate Train That Will Reach the Famous Dairy Country of the North.

Nebraska farmers and dairymen who have been wondering why the Wisconsin farmers have been so highly successful with the dairy cow will have the opportunity of their lifetime to see just how the dairymen up there do it in the most famous dairy section of the country.

The Farmers' Special will leave Omaha over the Burlington and Northwestern lines through the very center of the milky way to the National Dairy Show at Milwaukee. The first 150 farmers to make their reservations will get to go.

The Farmers' Special will leave Omaha over the Burlington at 6:30 p. m. September 27th and arrive at Appleton, Wisconsin for its first stop the next afternoon, September 28th. It will travel on toward the Dairy Show spending October 1st and 2nd there and returning to Omaha or Lincoln the night of the second of October.

While the chance to see the Dairy Show alone will be worth the cost of the trip, we feel that the greatest benefit that the Nebraska farmers will receive from the trip will come in the opportunity that they will have to visit the practical dairy farms in several counties in the heart of the dairy section of Wisconsin.

Sufficient automobiles will be furnished by the Appleton people to take the entire party on a tour thru part of the Fox River Valley which without question one of the very best dairy sections in the United States. The following morning an auto tour will be made from Appleton to Waupaca passing thru highly developed dairy country where the farmers will see one to two silos on practically every farm, from 15 to 20 good cows on each farm, and a cheese factory every few miles.

The party will be at Waupaca Monday morning the 29th and in the afternoon will tour Waupaca county which is known internationally for its excellent dairy cattle.

The train will be waiting at Oshkosh for the party the evening of the 29th and will take them over to Waukesha county which is known for its fine Guernsey and Ayrshire cattle. Tuesday the 30th will be spent in touring Waukesha county again as guest of the local organizations.

The final jump on to the National Dairy Show will be made Tuesday night the 30th. The train will be parked just outside the Fair Grounds and Wednesday and Thursday, October 1st and 2nd will be spent attending the big Show.

The entire cost of the railroad ticket and pullman from Omaha to the Show will be \$59.45. Allowing \$3.00 per day for meals, the total cost of the trip will be around \$65. There will be no hotel bills to pay since the entire party will live aboard the train all the time. Five pullman coaches, a diner and an observation car will accommodate the farmers and make them comfortable.

In making his reservations, a farmer should send his name and address and \$14.95 for pullman reservations in advance to Mr. O. H. Liebers, Manager, The Nebraska Dairy Development Society, Agriculture College, Lincoln, Nebraska. Accurate record will be kept of these applications for tickets and when the 150 farmers' names have been received regarding the departure of the train and the program in detail.

PRAYS FOR GUIDANCE IN FRANKS JUDGMENT

Chicago, Ill., Aug. 31.—In St. Ita's Roman Catholic church, Judge John R. Caverly today made earnest supplications for spiritual guidance in passing judgment September 19, upon Nathan Leopold, Jr. and Richard Loeb, whose fate for the murder of Bobby Franks he holds.

"We all need the help of Divine Providence in trying to decide matters so important as this," Judge Caverly said. "I prayed that God might guide me right."

The justice, after he left the morning mass, retired to his rooms at the Edgewater Beach hotel and resigned himself to the task of reading and re-reading tirelessly the evidence that has been placed before him by the state and the defense.

WILL HOLD PICNIC

The Mynard Unites Brethern church will hold a picnic at the E. H. Spangler grove on Sunday. Basket dinner will follow the church services at 10:30. Everyone invited to attend.

LARGE ENTRY LIST IN THE HORSESHOE TOURNAMENT AT FAIR

Sixty-five Players Compete in Opening Round—Last Year's Champ and Runner-up Still in Running

Sixty-five entries in the annual horseshoe tournament at the state fair presented some real competition when they went into the opening round Tuesday morning. By night the entire first round was completed, each contestant having played seven games. Those who won at least four out of the seven games go into the second round Wednesday afternoon.

The feature of Tuesday fell between Joe Klunkack of St. Michael, who tossed forty ringers including ten double ringers, out of the fifty-six shoes, and Charles McLeland of Omaha who wrapped thirty-six shoes around the peg for a percentage of 64.2. Klunkack was high man with 15.5 percent of his shoes ringers. Kummerfeldt's percentage was 64.2.

F. A. Good, superintendent of the tournament, is enthusiastic over the results shown by the first round. He says that the pitching this year is better by far than that of last year's contest.

The second round of the tournament is expected to be over by Wednesday evening and the finals will be completed by the same time Thursday.

A large silver cup it to be awarded to the winner of the finals.

All varieties of form in the barnyard pastime were exhibited in Tuesday's round but the general quality of the tossing was much above that of last year.

FALLS CITY NINE TRIMS PLATTS-MOUTH TEAM

Final Score of 8 to 2 Marks the Result of Meeting at Falls City Sunday Afternoon.

The Plattsmouth baseball team was the loser in the game Sunday at Falls City when it was defeated by the Missouri Pacific shop town team by the score of 8 to 2 in a very much one-sided and uninteresting game.

The game was a very much one-sided affair, the local players as well as the fans and the decisions caused much roasting from the Falls City people on the decisions handed the locals, although the Falls City team played a much better game throughout and would probably have won by a much smaller margin.

The Plattsmouth team took the lead in the game in the second inning when Art Klauschie rapped one for a circuit drive and scored Gradoville ahead of him and this formed the total of the run getting for the locals as the fifth inning was the scene for the local team and the Falls City players were given seven runs in this frame. The Richardson county team hit Klauschie hard in this inning and a number of very costly errors added to the general demoralization prevailing in the ranks of the local team.

The umpire assisted with several very poor decisions that enabled the Falls City lads to chalk up the long list of runs that gave them the victory.

The Falls City team secured three home runs in the game, the Plattsmouth team making little effort to play and letting the ball go for the circuit drives.

One of the decisions that caused the greatest loss to Plattsmouth was that given Joe McCarty, who was on third and on a hit came on home, the catcher of the opposing team was compelled to stand and catch the high throw in to the plate and Joe slid for what seemed a safety as the catcher was unable to get the ball down in time but the umpire gave him the out and this served to dishearten the local team.

The error of judgment claimed was when on an error Falls City secured a drive out into the field and on which two of their players scored. The ball was thrown in to Herb Klauschie at home and he was awaiting the runners, one of whom ran out into the diamond and around the catcher and the second who was caught at the plate, but in both cases the umpire ruled that the men were safe.

The local team was shifted around a great deal for the game, Pete Herold, the third sacker, being absent and necessitating the shifting of Ed Gradoville to third, Bill O'Donnell coming in from right field to cover first and Herb Swanson of the pitching staff going to the outer garden.

REPUBLICAN PRE-CINCT MEETINGS.

While in the city today Chairman C. E. Noyes of the county central committee states that on Friday evening, September 19th, the republican precinct meeting will be held at which time there will be candidates named for assessors, road overseers, justice of the peace, constables and precinct committeemen. The meetings will be held in each precinct at the usual voting places and all of the party membership is desired out to attend the meetings.

Mrs. Martha Baumeister and Mrs. John Baumeister departed the morning for Omaha to spend a few hours looking after some matters of business.

MAKERS OF CASS COUNTY

James W. Berger

J. W. Berger, son of Mr. and Mrs. Enos Berger, was born January 16, 1846, at Savannah, Andrew county, Mo., and when two years of age went with his parents to live near where Indianola, Warren county, Iowa, is and the following year the family removed to where winterset, Madison county, Iowa, is and where they lived until 1855. The elder Berger went to Burlington and purchasing a small saw mill outfit hauled it to Rock Bluffs on a sled and located there.

The family with Mr. J. W. Berger, who was known as Bee Berger, coming the following July arriving at Rock Bluffs on July 19, 1857. The night the family arrived a heavy storm of rain came, filling the entire Rock creek valley with water which looked like a flood to the newly arrived Berger family. Mr. Berger went to school at Rock Bluffs and worked in the saw mill after having finished at the age of 14 years. He recalls his first school teacher, Mr. H. Kenyon, and the first mayor of Rock Bluffs, Mr. Wm. Gilmore, father of Mr. William Gilmore, now living south of Plattsmouth. The first postmaster of Rock Bluffs being A. C. Deam.

Mr. Bee Berger made one trip across the plains as they were called at that time, freighting for George Seybold and Esquire Craig.

November 26, 1874, Mr. Berger was united in marriage with Miss Susie Johnson and from this union there were four children born, all living, the oldest, John William Berger, being now at Nebraska City and employed with the Duff Grain company of that place; Mrs. James H. Brown, living southwest of Omaha, Kan., and Mrs. E. M. Stiner of Oklahoma City, Okla.

At the time of their marriage, Mr. and Mrs. Berger went to live on a farm where he has lived many years and in the place where Mr. Roy Boyer now resides. The Berbers have lived in Murray for some eleven years and have conducted the Murray hotel which is an excellent place to stop and to eat, being kept first class in every respect, all the time.

Mr. Berger relates many enjoyable experiences which occurred at old Rock Bluffs. Mr. Berger has always been a staunch republican and early united with the Christian church of which he still retains his membership.

Mr. Berger and wife have always been industrious workers and as evidenced now by the immaculate condition of the Hotel Berger of which they are proprietors.

CREATES REAL EXCITEMENT

From Wednesday's Daily—The golf tournament has proven exciting day in many years as far as real interest is concerned and not since the sessions of the grand jury has there been so much stir over any one thing as these battles on the links have occasioned. In almost any of the business houses the "bugs" may be found comparing scores and explaining how they overshot the green, got into the ditch, drove the ball into the cornfield near the course or some other season that permitted their opponent to run away with the game.

There was not a moment of the day yesterday from 5 o'clock in the morning until deep dusk that the golf course was not lively with the participants in the first round of the tournament and the course was equally as interesting today as the opening day. The second round were out to play their match and the consolation matches were being played by the losers of the opening round.

FAIR ATTENDANCE GOOD DESPITE RAIN

Lincoln, Sept. 1.—Despite a rain which caused muddy, slippery roads, there was a good attendance at the opening day of the Nebraska state fair. Fully 80 per cent of the visitors were farmers, according to George Jackson, Nelson, president.

The exhibits are all good, particularly the agricultural exhibit which was criticized last year. This year the fair management has insisted that the agriculture exhibit eclipse the one from visitors to this exhibit the management was successful.

Much complaint was heard from country people who drove into Lincoln by motor car because of the condition of the roads. The D. L. D. between Omaha and Lincoln, particularly that part of the highway directly east of the Platte river in Sarpy county, received more unfavorable comment than any other road leading into Lincoln.

Many members of the legislature here to attend the fair, who are candidates for re-election, asserted that if returned to legislature this year they will insist upon a Douglas-Sarpy county annexation bill. They stated that at the last session Sarpy county promised faithfully to maintain the roads in the county if the annexation bill were killed. This, they assert has not been done.

RETURNS FROM CALIFORNIA

From Tuesday's Daily—A. S. Will, of Los Angeles, California, arrived here from his home in California Saturday afternoon, bringing with him his daughter, Mrs. Wade Windham and children of Lincoln, who have been spending the past three months in the west and enjoying the delights of the coast country. Mr. Will will visit here with his son, Robert, and his daughter, Mrs. C. C. Spangler of near Mynard for a short time and also with the many old time friends here in Cass county.
