

WILLIAM ATCHISON NAMED AS DEPUTY SHERIFF OF COUNTY

Sheriff E. P. Stewart Designates Well Known and Popular Elmwood Man as Assistant.

From Wednesday's Daily—
 Sheriff E. P. Stewart has submitted to the board of county commissioners the name of an additional deputy sheriff for service in the west portion of the county for which there has been more or less of a demand for the past few years. The name submitted is that of one of the best known and most popular residents of Elmwood, William Archison, and of whom there is no finer example of an American citizen to be found.

The naming of Mr. Archison will not in any way interfere with the present arrangements of the sheriff's office as Mr. Young will continue as deputy in this section of the county, and will not inflict any additional expense on the county as the new deputy will receive no salary save for the regular fees and mileage that would be allowed under the law in cases that he may handle and he will give the west portion of the county a much needed protection in a duly authorized officer of the law residing there.

The commissioners acted favorably on the matter this afternoon as it will mean no additional outlay in salary and is a very satisfactory appointment from the standpoint of efficiency and service.

SCHOOLS START OUT THIS YEAR IN FINE SHAPE

Attendance Shows Marked Increase For First Day in High School With 265 Enrolled.

From Wednesday's Daily—
 The Plattsmouth city schools are now down to business for the year's work and the attendance so far has proven larger than last year and with probably a number of others who will be registered this week and make a pleasing increase for the year in the school.

The high school yesterday showed a registration of 265 as against 247 on the opening day last year and this will be added to by the additional registrations for the first week. The upper classes are showing a good increase and the freshmen class this year entering the high school is somewhat smaller than last year as the enrollment is 90 this year while last year it was 95.

The grades have not as yet completed all of their enrollments and these will place the school in excellent shape for the year as far as numbers is concerned and will give each school a very large number of pupils. The board of education has closed two of the ward buildings, the fifth ward and the east second ward schools. The pupils of the fifth ward are cared for at the Columbian building, only a few blocks from the ward building, and in the east second ward the pupils are cared for at the west second ward building and the first ward building.

The schools today are getting down to the regular routine of the work of the year and which will be carried on by the staff of very efficient instructors.

STARTLING REPORT

From Wednesday's Daily—
 This morning while the Journal reporter was busily engaged in separating several items and preparing them for publication, he was startled by a telephone message that Clayt Rosencrans was "in jail." Now anybody that knows the genial barber is aware that the jail is the last place that one could expect to find Mr. Rosencrans and the informant was so startling that the reporter at once began wondering just what could have led the footsteps of the tonsorial artist to the grim brick pile over which Rex Young presides with efficiency and dignity. The thought arose as to what might have caused the report. It was surmised that perhaps Clayt had tried to race his car against a Ford, that he was smarting under the golf game of yesterday and committed some rash act or that his famous barber pole had involved him in some trouble, and at once the reporter moved to the scene of action and discovered that Clayt was "in jail" and was actually locked in the bull pen, but he was there in his professional and official capacity as Cass county's official barber and was shearing the locks of the prisoners and brightening them up by shaving them. Clayt made a wonderful improvement in the appearance of the prisoners who are under the care of the Yellow and his "friends" who started the report will find it healthier to avoid the barber shop for the next few days.

GAINS DISTINCTION

From Wednesday's Daily—
 The Omaha Bee of Sunday contained a very interesting picture of the staff of officials which has been in charge of the work at Camp Sheldon, the Y. M. C. A. recreational center at Columbus, Nebraska, the past season and the picture is interesting to Plattsmouth people thru the fact that one of the members of the staff is one of our own lads, Edgar Wescott, who has been at Camp Sheldon for the summer in charge of the store and is well liked at the camp. The work was very interesting and Edgar found time to participate in the activities and enjoyment of the camp life.

Spasmodic Low Price Sales!"**

This is Our Definite Aim of Greater Service to YOU! Our—

Cash Policy!
for the new store is going to save you money. Here are six good reasons for a Cash Policy:

- 1—Cash does away with charges forced on us by slow accounts because we are obliged to borrow from the bank to carry on our business. The interest must be added to our profit.
- 2—Cash does away with losses on accounts that never pay. There are always such losses and the merchant must have some means of meeting these losses by increasing his profit.
- 3—Cash does away with bookkeeping expense, cost of statements and mailing.
- 4—Cash enables the merchant to meet his bills from the wholesaler more promptly, so he can place himself in better standing with the wholesaler and get better discounts on goods bought, thereby saving considerable on this account.
- 5—"Money talks" and the ready cash obtained by a merchant who sells on a cash basis, enables him to demand almost anything he wants in the market when he buys.
- 6—Cash places us on an equal basis with mail order houses, as they demand cash in advance for their merchandise.

Hundreds of Buyers Are Working for This Store!

We are members of two big buying organizations who are working with us and for us almost day and night, year in and year out. Because we have this chain of buyers, we might properly be called a CHAIN STORE, because the savings these buyers make for us give us the INSIDE price on every item of merchandise put into our store. And every other store combined with us helps us to LOWER the price to you.

Because we have faith in Plattsmouth and Cass county, we have invested our money in merchandise and property. Every cent of taxes we pay helps to keep yours DOWN. The more we can sell to you the more we are willing to invest in and the less your tax will be. Do you not see that our bid for your business is on the basis of the Golden Rule? It is a Fifty-Fifty Proposition—equally distributed between this store and its customers.

"Pay us Cash and we pay cash for goods. Give us money to buy bargains with and we'll constantly supply you with bargains."

From Wednesday's Daily—
