CLOSING OF THE YEAR WORK

The coming Sunday will be the last one of the church year, before the annual conference of the Methodist church. Rev. Elliott will have been here a year, and has made many friends, who are desirous of his return to this charge. All are requested to come and attend this, the last service, of this year. There will be the following services: Bible school at 10:00. The Epworth League will meet at 7:15 in the evening, and the evening services at 8 o'clock. The evening service will be in the shape of a musical and will be made most enjoyable. All are invited to come and hear and help in the singing.

HAD FINE SERVICE

At the Scotia school last Sunday evening were gathered a large number of the people of that neighborhood who came there to worship and a most worthwhile and interesting meeting was held. The services were conducted by the Rev. W. A. Taylor. All are invited to come and enjoy these services the next being on Sunday evening September twenty-first.

SISTER INJURED IN WRECK.

Mrs. W. A. Taylor received the sad news of the injury of her sister, Mrs. Della Vickers, of Denver, in a wreck when a switch engine struck them, and which resulted in the amputation of one of the arms of

Mrs. Vickers, and leaving her in a very serious condition. At the time of writing it was feared she would not recover. There was besides her, the husband and two children. Mrs. Vickers remains very low at this time.

Charles Hoback and wife accompanied their daughter Miss Marjorie and son Donald, and grandmother Mrs. W. A. Taylor were enjoying a visit at the state fair last Wednesday.

SETS NEW RECORD

While Jess Waga failed to bring home the bacon or a supply of golf balls, he has set a new record for the Plattsmouth golf course that is going to be hard to beat and has the other players doing their best to get up to this mark. While going around Monday, Mr. Waga made the nine holes in twenty-nine which is a score that has created a great deal of interest as the nearest approach to this in the past has been thirty-two and Jess feels that he has a record that is going to be hard to touch and which, with his famous hole-in-one, makes Jess one of the distinguished members of the club.

Mrs. J. P. Johnson was a visitor in Omaha today looking after some matters of business for a few hours.

Police Judge William Weber was in Omaha today where he was looking after some business matters in that city.

LIFE SENTENCES GIVEN MILLIONAIRE MURDERERS

JUDGE CAVERLY PRONOUNCES SENTENCE ON LEOPOLD AND LOEB.

ARMED GUARDS AT COURT

Many Threats Made if Court Gave Anything But Death to Confessed Slayers of Child.

This morning, Judge John R. Caverly at the criminal court in Chicago pronounced his sentences on Nathan F. Leopold, Jr. and Richard Loeb, son of the vice president of the Sears-Roebuck Co., both boys being members of two of the very wealthy families of Chicago.

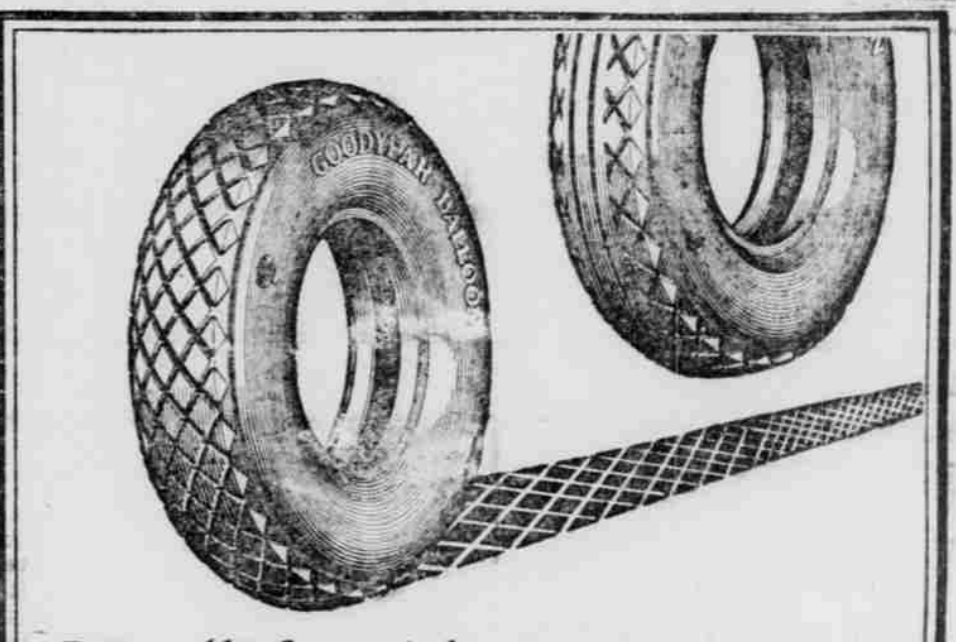

The case has attracted world-wide interest as the crime was one of the most revolting and cruel murders in the annals of crime in the United States and the demand in Chicago has been very strong for the death penalty as illustrated by the law of the state of Illinois for the crime of murder.

When the court assembled this morning there were many armed guards around the criminal courts building and in and near the court room as many threats had been made of violence in the case of the two "millionaire murderers."

The murder of little Robert Franks stirred Chicago as no other crime in many years has done and in the trial of the case in the court of Judge Caverly there were hundreds in attendance at the hearings which were held before the court instead of a jury trial as the two defendants pleaded guilty and made their defense on the basis of dual mental personality and a form of insanity.

The state has battled for the death sentence since the commencement of the case and the attorneys in charge of the case have scored in blistering language the crime and the two confessed murderers who perpetrated it.

The crime was the most revolting and degenerate murder in the history of this country and the feeling against the life sentence has been very intense and this feeling will be intensified by the act of the court.

End Your Gate Troubles with "Can't-Sag" Gates

No more heavy, tumble-down, sagging wooden gates. No more bent and twisted gas-pipe gates. Put up "Can't-Sags"—made of an ideal combination of iron and steel bolted securely together—no screws or nails to pull out. When closed and latched, the "Can't-Sag" gate is securely locked at both ends—stock can't break through to destroy growing crops.

Can't-Sag a Fraction of an Inch
In order to sag even a quarter of an inch, 45 bolts and 8 pieces of angle steel would have to bend. You know that is impossible. Yet, this ideal gate costs less than the old-fashioned kind. Thousands are in use on large and small farms everywhere. Drop in and see these gates when you are in town.
