

WRIGLEYS Chew it after every meal. It stimulates appetite and aids digestion. It makes your food do you more good. Note how it relieves that stuffy feeling after hearty eating.

REBEKAHS HOLD A VERY FINE SESSION LAST NIGHT

Observe the Forty-Second Anniversary of the Order With a Delightful Program.

The local lodge of the Rebekahs last evening observed in an appropriate manner the forty-second anniversary of the foundation of the order in the nation and joining in the occasion was a very large number of the members who assembled at the lodge rooms to enjoy the event.

The committee in charge had arranged a most delightful program that was well carried out and served to entertain the members of the lodge for several hours.

A very enjoyable recitation was given by George Olson which was appreciated to the utmost by those in attendance. Miss Edith Quinton, one of the talented young musicians of the city, gave a most charming piano number, "The Humming Bird," and also accompanied her sister, Miss Ethel, who sang very delightfully, "Dreamland."

The recitations, "Poor Dolly's Sick," by Helen Wurga, and "The Hones," by Florence Schutz, were also very charmingly given and reflected the greatest of credit on the little artists taking part.

Another of the pleasing musical numbers of the evening was that of the violin solo of Ira Mumm, who gave "The Song of the Sea Shell" in a very finished manner and the accompaniment of which was played by Miss Fern Jahrig.

The members also enjoyed very much the fact that Miss Anna Seiver of David City, one of the local members, was able to be present and join in the occasion.

At the conclusion of the evening very dainty and delicious refreshments were served by the committee to the members and the guests and which closed the anniversary observance in a fitting manner.

LEAVING OLD HOME

Mrs. Ida Wagner and Miss Alma Waterman, daughters of the late John Waterman, one of the pioneer residents of this city, are today leaving the old home here to reside in Detroit, where Mrs. Wagner has property and where she resided for a number of years. The many old time friends of the Waterman family regret to see them leave here, but trust that they may have happiness and enjoy in their new home in the east. Earl Wagner, son of Mrs. Wagner, has a very fine position at Detroit, with the Ford plant and the change will bring the mother nearer to her son and be much more pleasant for all.

RETURNING HOME

Frank E. Woods of near Weeping Water, who has been enjoying a Carpenter, Ohio, and other spots in the Ohio valley, writes the Journal that he is now heading home and will soon be back in old Cass county. He states that he has been traveling over some very fine roads and seeing a great deal of the beautiful country through which he has traveled. He has enjoyed to the utmost the visit with the relatives and friends back in the old home.

ENTERTAINS FOR FRIEND

Last evening, Miss Pauline Bajek entertained very pleasantly at her home on West Main street in honor of Miss Mable Nielson of Omaha, who is her house guest for a few days. The home was arranged in decorations of the late summer flowers and made a very pleasing appearance. The members of the party spent the time in playing games of various kinds as well as dancing and which served to pass the time most pleasantly. At a suitable hour dainty refreshments were served that added to the completion of a most thoroughly pleasant gathering.

ARE YOU out of a job? Then let us help find you one.

DEPART FOR ILLINOIS.

Mrs. J. H. Busche of Louisville, and Mrs. Clarence Busche departed yesterday afternoon for Pekin, Ill., where they will spend some time visiting with old time friends. They were accompanied as far as Platts-mouth by Clarence Busche. Clarence is now getting organized in his new line of work as an auctioneer and feels that he is going to like the new line of work very much and that already he has met with several pleasing offers in the way of sales that will give him a real chance to demonstrate his ability.

P. E. O. SOCIETY ENTERTAINS THE CITY TEACHERS

"Sunnyside" the Scene of a Very Delightful Gathering Yesterday Afternoon for Teachers.

Yesterday afternoon the members of Chapter P. E. O., took the opportunity of extending to the teachers of the city schools a hearty welcome to the city and to the teachers who have been here in the past a thorough greeting for their work in the education of the boys and girls of the community.

This delightful reception was held at "Sunnyside" the pleasant home of Mr. and Mrs. E. H. Wescott, on High School hill, and was wholly informal and democratic in every sense of the term and only one requirement made and that was that each member of the party enter thoroughly into the spirit of the occasion.

It had been planned by the ladies to hold the event on the spacious lawn but the weather was too threatening and made necessary the transfer of the festivities to the home but while the weather might have been dampening there was nothing but pleasure in the gathering. The rooms of the home were very pretty with the bright flowers of the late summer and made a charming scene.

During the afternoon while the guests were meeting and becoming acquainted, the Cole orchestra, composed of Mrs. R. O. Cole, Mrs. Elbert Wiles, Mrs. Sherman Cole and Mrs. A. D. Caldwell, gave a most delightful musical program that added to the enjoyment of the occasion.

At the table where refreshments were served, Mrs. H. G. McCluskey and Mrs. Frank B. Shopp presided and assisted in their portion of the contribution toward the thoroughly enjoyable gathering.

During the afternoon the ladies enjoyed a flower game that served to acquaint the members with each other and in this game Miss Ethel Babbitt was awarded the first prize. There were forty teachers present at the reception and all felt that they have now become full-fledged residents of the city by the whole-hearted greeting extended them by the P. E. O. ladies.

RECEIVES FINE

Last evening, Contable Tom Svoboda noticed a car coming into the city from the north that was minus the lights and a closer investigation revealed that the car had the wrong number plates. This morning complaint was made by County Attorney J. A. Capwell against Harold Manners who was driving the car and he made his voluntary appearance in the court of Justice William Weber and received a fine of \$1 and costs, for operating a car without lights and with improper numbers. The total of the fine and costs was \$9.75.

THREE OF A KIND

The glad news was received here today of the arrival at the home of Dr. and Mrs. Governor Dovey, at North Platte of a fine little son that made his appearance today. This makes three of a kind at the Dr. Dovey home, as they have two other fine little sons, Edward George and Henry Nelson. The occasion has brought a great deal of pleasure to the grandparents, Mr. and Mrs. H. N. Dovey, of this city.

COUNTY HAS BEEN READY TO BUILD A BRIDGE LONG TIME

Commissioners State That Misunderstanding of the Free Bridge Question is Had.

While the county commissioners were here today checking up on some of the county work, they stated that out in several portions of the county there has been a misapprehension of the position of the county board as regards a free bridge over the Platte river north of this city. The county board seven years ago passed a resolution favoring the securing of a free bridge here and took up the matter with the Sarpy county board, which is interested as much in this county could see proposition and later the two counties passed a resolution asking the state to co-operate in the securing of a free bridge here at Plattsmouth.

The commissioners of Cass county have always been ready and willing to appropriate the one-fourth of the state aid that falls to this county and in late years Sarpy county has gone to the front with an agreement as to paying the cost and as the situation now stands the state which has to furnish one-half of the cost of a bridge has not the funds available to erect a new bridge and this reason alone has prevented the immediate erection of a bridge here. The people of Cass county can rest assured that the county commissioners have been ready all the time to carry out their part of the bargain if the state could secure the funds necessary to erect the bridge.

In regard to the present bridge which is operated over the Platte, on one holds any harsh feeling in regard to the ownership of the bridge as it is purely a business proposition and Mr. Vogler who has the right of sight to assist in the erection of the bridge and ran it during the lean years before the auto traffic became heavy as it is at the present time, cannot be blamed for operating the bridge as long as possible and secure a new bridge to return on his investment and is doing just what any one else would do under the same circumstances.

The securing of the present bridge would merely hasten by a short time the securing of a free bridge but a new bridge is bound to be necessary in the next few years under any circumstances and when the state can appropriate the money the county commissioners will see that the Cass county end of the money is forthcoming.

THE "DECATUR" HERE

The Friday heralded river steamer of the Western Barbo Co., "The Decatur," which has been for the past three weeks on the way from St. Louis, passed this city early this morning at 7:30 headed for Omaha, one of the points of destination of the new river traffic boat.

The "Decatur" is in command of Captain Thomas Craig, of St. Louis. This journey is the first step in establishing a barge line on the Missouri river.

According to Mr. Craig, the idea of establishing such a line has been a hobby with him for several years, but it was not until a company was formed early last spring that it was possible. Captain Craig, although but a young man, has had much experience on both the Missouri and the Mississippi rivers, earning his way from deck to pilot house, and is considered by river men to be one of the best pilots on the river.

The "Decatur" has a hull dimensions of 96x25 feet, with a 15x18-foot stern paddle wheel. Its engines are capable of developing 375-horsepower which is said to be greater than any boat ever operated on the stream. All of the work on the engines was done by Captain Craig and his two brothers, Winifred and William, who are also officers of experience on steam boats.

Several features that are not to be found on other crafts in this parts and which are expected to do much toward making the venture a success are the light draft of the vessel, being but from twenty-four to thirty inches; roller bearings on the paddle wheel instead of the conventional brass collars; a rudder which enables the ship to turn around in one-third the distance required by boats, of and power of its engines.

WOMAN'S AUXILIARY MEETS

Yesterday afternoon, the Woman's Auxiliary of the St. Luke's parish were very pleasantly entertained at the home of Mrs. J. M. Roberts on high school hill and the meeting was attended by a very large number of the ladies who were greatly pleased with the prospects of the year in which they are just commencing.

The ladies discussed the finances of the society and their contribution to the various enterprises of the church and following which they had the opportunity of enjoying a most pleasing and instructive talk on "China," given by Mrs. J. S. Livingston.

In the talk of Mrs. Livingston, she discussed the history of China, the religious life there and had many maps and pictures to show the life there in pagan localities and where the influence of the Christian religion had been felt through the work of the missionaries. The members followed closely the lecture and at the close expressed their approval by a rising vote of thanks to Mrs. Livingston for having given them such a clear conception of this far off country, its people and customs. At the close of the afternoon a dainty luncheon was served which added to the completeness of the enjoyment of the large party of ladies.

DOING SOME "SHINGLING"

Mr. M. Beal, the well known painter, has been engaged in a line different from his trade the last few days, as he has been "shingling" and does not like the job in the least. Mr. Beal is not engaged in the usual line of shingling with the hammer and nails but suffering from the eruption which is popularly known as "shingles." He is up and around but feeling very much the effects of the malady.

CELEBRATE GOLDEN WEDDING ANNIVERSARY MONDAY

Mr. and Mrs. Peter Vogler Enjoy Pleasant Occasion at Home in Manley—Children There

Mr. and Mrs. Peter Vogler of Manley, celebrated their golden wedding on Monday, September 15th, 1924, just fifty years from the day they were married and they had with them on this joyful occasion their six children and families and a large number of friends. It would not be possible for them to gather together all of their friends as the town itself would not hold them were they all to assemble together.

Mr. Vogler was born in Baden, Germany, July 22, 1842, and he was 82 years, 1 month and 23 days old. He came to America in the year 1871 and worked eight months in Missouri, when he came to Nebraska.

Mrs. Vogler was born in Manitowoc, Manitowoc county, Wisconsin, April 23, 1856. She came to Nebraska with her father, the late H. Meyer, her mother having died in her early girlhood. They lived on the old Charles Kraft farm south of Louisville. She was married to Mr. Vogler on September 15, 1874, at Plattsmouth, Judge Allison, long since deceased, presiding. Their witnesses were Chris Inhelder, also long since deceased, leaving a widow and five children still living, and Miss Mary Holschuh, now Mrs. Mary Engenberger, of Plattsmouth, who was one of the honored guests present upon this important occasion. Mrs. Vogler was 68 years, 4 months and 23 days old. She and her husband are enjoying fairly good health and they look young and strong and remarkably spry for their years.

After their marriage they went to live on their farm south of Louisville, where they reared their family and where all their children were born. Two children have died, but they have six children living in this immediate vicinity and all own fine farms and are honored, respected citizens, devoted to their aged parents and meeting in family reunions frequently, which is always a great happiness to the mother and father. They have 22 grandchildren.

They lived on the farm 33 years, moving to Manley in the year 1907, where they have a beautiful and comfortable home. The house was beautifully decorated in gold and white decorations with an abundance of yellow chrysanthemums and garden flowers and presented a very festive appearance in keeping with the event.

Their pastor, Rev. T. Hartman, spoke very feelingly to all assembled and his earnest words were listened to with much attention and respect. The wonderful wedding dinner was cooked and arranged by the two daughters-in-law and four daughters, which testified to their excellent ability. The serving of the guests fell to the lot of the granddaughters, Misses Leda and Elsie Jochim, Pauline and Hilda Vogler.

CAN'T HELP PRAISING TANLAC, SHE DECLARES

Miss Brady Gives It the Credit for Restoring Her Appetite, Energy and Health.

"The simplest, quickest and least expensive way I know of for restoring ones energy, appetite and general health is to take Tanlac," is the matter of fact statement of Miss Anne Brady, 255 West First street, Dubuque, Iowa.

"When spring came on this year, I felt all worn out. My nerves were tense, my stomach out of order, I suffered from headaches, loss of appetite and loss of sleep. My blood wasn't right. I ached all over and any kind of exertion, even a little shopping overtaxed me."

"Tanlac built me up to where I had no trouble doing spring house-cleaning and even to this day my appetite, digestion and nerves are working fine. I can't help praising Tanlac for what it has done for me."

"Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold."

Tanlac Vegetable Pills for constipation—made and recommended by the manufacturers of TANLAC.

Edna Heil, five handsome girls of whom their grandparents are justly very proud. A charivari was arranged by the young folks for the amusement of the older people and this helped to make much merriment for all. Mr. and Mrs. Vogler received some beautiful presents appropriate to the occasion which they value very highly.—Louisville Courier.

World's Guernsey Champion A new world's champion grade Guernsey cow has been developed by one of Wisconsin's "real dirt farmers," and another bubble of pessimism has been pricked. Those who think that the admittedly hard job of pulling tests has no compensations, take heed of the following:

Matt Domaszek, of Amherst Junction, Wisconsin, is the breeder and owner of the grade Guernsey cow, New Hope Lily. When Lily grew up into a fine looking Guernsey cow, he decided to place her on test, along with some of the pure bred members of his herd. As a result, she has just completed a record of 17,555.7 pounds of milk and 887.74 pounds of butter fat as a mature cow,—which is more butter fat than any other grade Guernsey cow has produced.

"Of course," Mr. Domaszek points out, "there is some difference between a high grade Guernsey cow and just the common or garden variety of cow." He believes in the use of a pure bred sire of producing parentage, for like produces like, and a phenomenal producer will seldom if ever result from mating a scrub cow to a scrub bull.

Purebred bulls of the Guernsey breed will be exchanged by breeders of Nebraska with farmers this fall thru the Burlington Dairy Sire Train which it to tour the state and stop in 31 towns in as many different counties.

Entertains for Mrs. Minor From Friday's Daily— Wednesday evening Mrs. T. P. Livingston entertained at a beautifully appointed 6 o'clock dinner for her sister, Mrs. Katherine Minor, who is soon to depart for her home in Los Angeles, California.

The table was beautiful with decorations of fall flowers, cut glass and silver. Covers were laid for twelve and the evening was spent in bridge and Mah Jong. Mrs. H. A. Schneider winning the bridge prize and Mrs. D. C. Morgan the Mah Jong.

FOR SALE OR TRADE For livestock, 7 passenger Buick in good condition, repainted. Ford truck. T. H. Pollock at Farmers' State bank. s18-31sw

MRS. HAFKKE ILL From Friday's Daily— The many friends of Mrs. C. W. Hafkke will regret very much to learn that she has been quite ill for the past few days and is still confined to her home in the southeast portion of the city. Mrs. Hafkke has not been in the most vigorous health for some time and of late she has been feeling much poorer.

Vincent Pilney was a visitor in Omaha today, where he will spend a few hours looking after some matters of business.
