**LEAVING FOR WISCONSIN**  
From Saturday's Daily—  
This afternoon, T. H. Pollock, president of the Farmers' State bank of this city, will leave for Omaha where he joins the party of 150 belt-wide dairy boosters who are to go to Wisconsin for a visit there in the famous dairy country of the north and where some of the best producing strains of Holsteins and Gurnsey cattle are to be found that exist in the United States. Mr. Pollock is a great booster for better lines of thoroughbred cattle on the farms in this state and will on his visit to Wisconsin have the opportunity of observing first hand the working of the dairy industry that has placed Wisconsin farmers in a practical independent position and where they are not sufferers from the lowering prices of farm products but enjoy a good paying income each year regardless of the rise or fall in the prices of grain. Mr. Pollock had been expecting to be accompanied by Albert Funk, who resides on his farm near Murray but who was unable to make the trip. The trip back in the dairy country is going to be a real experience for Mr. Pollock.

## PLAN A BOOSTER TRIP TO ADVERTISE CARNIVAL

Cars will Make Swing Around the County Monday, October 6th with Rube Band, Etc.

A week from next Monday—October 6th—an auto booster trip of Cass county will be made advertising the American Legion indoor festival, Roarin' Gulch, to be held October 11, 13, 14 and 15th. A large number of auto owners have already signified their intention of joining the boosters on the trip and among the attractions will be the rube band, the bucking Ford, the "Four Horsemen" and the melodious callopie. A committee is busy working out other novel features.

The caravan will leave here at noon and arrive in Louisville shortly after 1 o'clock. Stops are being considered at Murdock, Manley, Weeping Water, Avoca, Nehawka and Union, the latter place being reached at 4 o'clock. There the boosters will be joined by a large number of local shop employes and others who cannot get off for the day, but will join them on the evening trip to Nebraska City and a big showing will be put on for the people of the Otoe county metropolis at 7 o'clock. By the return journey at a later hour. An additional evening trip will be made to Murray and Myriad later in the week, and it is possible several cars will also drive to Pacific Junction and Glenwood one evening during the week.

The festival is being extensively advertised thru the medium of hand bills and window cards and with the additional interest created thru the placing of Ford chances throughout the county the carnival should draw a large crowd each of the four nights and it is something new and different from the usual run of such attractions in the past.

### WHO PAYS THE TAXES?

The privately owned electric company at Omaha paid \$404,333 in taxes during 1923, or about ten per cent of its total income. The municipally owned gas company, with a valuation something less and a slightly lower income, paid no taxes.

The privately owned company paid \$92,932 in taxes for the support of the public schools; the gas works did not pay a penny.

The Omaha street car company pays almost the same taxes as the electric company, but the municipally owned waterworks pays no taxes.

The time was when the water plant and the gas plant were owned by private companies and then they paid taxes to the city, the school district, the county and the state.

There are some who would have the electric companies and the street car companies publicly owned; also the mills and elevators and coal yards and gasoline stations and stores, not to mention the railroads.

There are many people who feel that they are always paying more taxes than they should, yet they know that the schools and the roads and the hospitals and the jails must be kept up and that it takes money to pay interest on war debt and to pay salaries for judges and sheriffs and presidents and governors and inspectors and clerks.

The same people who want to get rid of taxes are the ones who are apt to want to put businesses of various kinds under government ownership, which would at once make more salaries for more managers, clerks and inspectors and at the same time take these businesses out of the class of taxpayers.

Other people there are who think that the more successful businesses come to a community the more help they bring to the taxpayer in meeting their obligations.

**NOTICE OF SCHOOL BOND ELECTION**  
Notice is hereby given to the qualified voters of Consolidated School District No. C-7 of Cass county, Nebraska, that an election will be held at the new school house in said district, at Murdock, Nebraska, on Tuesday, the 21st day of October, 1924, between the hours of eight o'clock p. m. and ten o'clock p. m. at which election there shall be submitted to the qualified voters of said Consolidated School district the following question:

"Shall the District Board of Consolidated School District No. C-7 of Cass county, Nebraska, be authorized and empowered to borrow money and to issue bonds of said School District in the principal sum of Ten Thousand Dollars (\$10,000.00), bearing interest at the rate of five per cent (5%) per annum, payable semi-annually, the principal to be payable, \$5,000.00 November 1st, 1925, and \$5,000.00 November 1st, 1926, for the purpose of paying for the construction and furnishing of a school house in said School District, and shall the District Board be authorized to make a special levy of taxes annually for the purpose of paying the principal and interest of said bonds as the same become due?"

For said bonds and tax.  
Against said bonds and tax.

Voters desiring to vote in favor of said bonds and tax will mark "x" in the square opposite the words, "For said bonds and tax"; voters desiring to vote against said bonds and tax will mark an "x" in the square opposite the words, "Against said bonds and tax."

The foregoing proposition is submitted to the qualified voters of said district by resolution passed by the vote of two-thirds of the District Board.

O. C. ZINK, Moderator.  
AUGUST RUE, Director.

### SHOWING OF LINCOLN CARS

Arrangements are made that a Pettit Salon will be held in the Fontenelle Hotel at Omaha, Nebraska, for four days, beginning Monday, October 6th.

Arrangements for the salon are being made by the Ford Motor company and it will be devoted to an exclusive showing of Lincoln cars, including both standard and custom built body types, including creations of such builders as Brun, Fleetwood and Jenkins.

Visitors also will have an opportunity of studying the Lincoln motor mounted on a nickled frame, which will be on display with a mirror underneath and all brilliantly lighted.

The famous Johanson gauges (the standard precision measurement for the world) also will be featured at the Salon, illustrative of the extreme precision carried out in the building of Lincoln cars.

Pettit Salons held in a number of the eastern cities attracted unusual attention and the one to be held in Omaha promises to appeal just as

## LEGION ABANDONS FIGHT FOR OPEN SUNDAY, FREMONT

Fremont Post Vetoes Proposal to Stage Affair September 28th—Rodeo Faces Defeat.

Fremont, Neb., Sept. 25.—The Henry Tiegler, Jr., post of the American Legion, Fremont, withdrew from the "open Sunday" fight here tonight when a vote of 36 to 22 was taken by the membership, voting down the proposed rodeo to be staged next Sunday.

This action by the Legion men after a spirited verbal battle may mean the abrupt death of the "open Sunday" fight. On the other hand, it has been intimated that steps may be taken to clamp the lid tight, closing drug stores, hotels, confectionary stores and other places on Sunday to bring the matter to a vote of the people.

The Legion staged its rodeo last Sunday only after a misunderstanding about the site of the show, at first believed to be outside of the city limits. When the weather kept the attendance down and left the underwriters of the rodeo \$800 in the hole, the committee in charge announced that the rodeo would be staged again next Sunday.

Those opposed to breaking the city ordinance took up the fight begun by the ministerial union to eliminate Sunday performances, resulting in the vote of the Legion membership against staging the event this coming Sunday. As a result the Legion rodeo will be held neither on next Saturday or Sunday as announced.

### ENTERTAINS MISS MINOR

Last evening the home of Mr. and Mrs. Lawrence Sprecher was the scene of a most delightful gathering when the employees of the offices at the local Burlington store house gathered to pay a farewell greeting to Miss Madeline Minor, one of their associates, who is leaving for the west coast soon.

The occasion was one of the rarest enjoyments to all of the party and games of all kinds and music served to pass the time most delightfully for several hours, although the members of the party felt a deep sense of regret that their friend and associate would soon leave them.

During the course of the evening, Miss Minor was presented with a handsome remembrance that she will take with her to the west. At a suitable hour there was dainty and delicious refreshments served.

### AFTER WILD GRAPES.

Many farmers hereabouts, where grapes grow wild along their fences, complain that they cannot keep their fences in shape and their stock cannot be kept in confinement. The gatherers of grapes do not seem to have the least thought or care for the farmer or his fences, although they are on the property of the farmer. One farmer admonished some men and boys who were pulling down the vines to secure the grapes, and at the same time were breaking down the fences. The grape gatherers told them they could have the grapes if they would replace the men and boys told him to go to "that warmer country." Just about that time one of his sons put in appearance and chanced to have a gun on his shoulder. It did not take long for the marauders, for that is what they were, to disappear and the farmer erected a sign forbidding any trespassers. The land owners, as a rule, are pleased to have those that want the grapes to pick them, but they must be careful and not destroy their property and turn their stock at large to be run down on the highways by autos or trespass on their neighbor's property.—Nebraska City News.

### VISITING FRIENDS HERE

From Friday's Daily—  
This morning, Henry J. Helps, wife and daughter, Miss Ruth, of Long Beach, California, arrived here this morning being en route home from a visit of several months back at their old home in England. Mr. and Mrs. Helps and daughter are the guests at the home of Mr. and Mrs. H. N. Dovey while in the city as they are old friends and neighbors of the Dovey family near whom they lived in the years that Mr. Helps was here as the master mechanic of the Burlington shops and the occasion of the visit here is one that is being greatly enjoyed by all of the old friends of the Helps family as this is the first visit that the entire family has paid to this city for a great many years. Some fifteen years ago they moved from this city to the west coast and have since made their home there.

### ENTERTAIN FOR MISS MINOR

Last evening the home of Mr. and Mrs. Ed Romaf was the scene of a very jolly party of the clerks of the Burlington store department in this city, given by the host and hostess in honor of Miss Madeline Minor, who is soon to leave this city for California to make her home at Los Angeles.

The evening was spent in games of all kinds at which a great deal of pleasure was derived and the musical numbers also assisted in the pleasantness of the evening. Miss

Minor, the guest of honor, has been one of the force of clerks at the storehouse for several years and her associates are very loth to part with her but extend their best wishes as she leaves for the golden west. During the evening, the members of the party enjoyed some very dainty and delicious refreshments served by the host and hostess.

### SAME CARNIVAL AS HERE

Visitors at the Ak-Sar-Ben carnival in Omaha the past few days were surprised to find there the Lachman shows, which exhibited here under the auspices of the Legion a year ago last spring. The company has very few additional features over what they had when here, with the exception of a greatly increased number of concessions and games of chance. Open gambling of nearly everything from lead pencils to automobile tires is being carried on and the concessions are doing a big business. Heretofore the Ak-Sar-Ben board has secured some of the larger carnivals for their fall festivities and the enjoyment of the Lachman shows is considerable of a surprise to those from here journeying to the metropolis in search of amusement.

It is stated the Lachman company intends to winter in Omaha.

John Glaze was a passenger this morning for Omaha where he will spend some hours there looking after some matters of business and visiting with his many friends.

Mrs. W. H. Rainey and daughter, Miss Wilma and Miss Louise Parfitt, were visitors in Omaha today. They spent a few hours attending to some matters of business in that city.
