

CASS COUNTY FAIR AT WEEPING WATER GREAT SUCCESS

Present Year's Exhibits Prove the Greatest Yet—Large Crowds Attend Every Day.

From Saturday's Daily— During the entire session of the Cass county fair at Weeping Water Wednesday, Thursday and Friday of this week, large crowds were in attendance daily.

The stock exhibit this year was excellent, both in hogs and cattle, and the poultry department was also well represented.

The corn, wheat, oats and other products of the farm were of a high quality and such as could well grace even the state fair itself, and why not, for they come from the very garden spot of the west—Cass county, Nebraska.

The work of the schools proved one of the finest things the exhibition had to offer and showed what the young people of the county are doing and how they are progressing in their knowledge under the able direction of our well paid, happy and contented teachers.

The government had an exhibition of its research work, a unique illustration of which was the growth of water clover, a plant which has been found very valuable for fertilizing and building up the soil, and the use of which is highly recommended.

A merry-go-round and a ferris wheel furnished ample opportunity for the gallant swain to save the adoring lassie from falling, and was likewise patronized by many others who cared for a little thrill out of the ordinary.

The merry-go-round, the aluminum ware dispenser, the doll rack, ice cream sandwich stand, numerous hot dog emporiums and other attractions made up the entertainment of those who were looking for such.

This being a political year, no fair could be considered complete without the opportunity of hearing both sides of the political argument, and for this purpose two very able speakers were secured in the persons of the democratic and republican candidates for congress from the First Nebraska district.

On Thursday Congressman John H. Morehead, the present incumbent, was present and addressed the large crowd on the democratic issues of the campaign, and enjoyed as well the opportunity of meeting many of his friends and supporters.

On Friday R. H. Thorpe, republican candidate for the same office was present and made a speech setting forth the republican side of the campaign. Mr. Thorpe, who was elected to fill the unexpired term of Congressman Lewis, a couple of years ago, also met many of his friends and admirers.

In addition to the political speakers, local candidates of both parties flocked to the fair and took fullest advantage of the opportunity of meeting the voters, admitting the babies and all the other tricks of strategy that go with correlling the elusive votes.

Above all, the county fair furnishes an opportunity for the people of the county to get together and have a good time, to see what the other fellow is doing and to forget for the time being the cares of their everyday life.

Thousands from all over the county were there and no one seemed to be enjoying himself, and even when the rain came during the closing hours of the three days' festivities, they zood naterally hurried to places of shelter, later going out in the mud to put on chains if they were fortunate enough to have them along, and started for home more or less wet and muddy, but happy nevertheless in the knowledge that the

corn is fast getting out of the way of the frost and the rain has afforded an opportunity to get the fall sowing done.

The county fair is a great institution. Long may it live and prosper.

NEHAWKA U. B. PARSONAGE HAS A FIRE

Rev. Hewitt, Pastor of the Church, Suffers Severe Burns as Result Of Blaze at Home.

From Saturday's Daily— Wednesday afternoon of this week about 3:15 o'clock this quiet little village was suddenly aroused when the word was rapidly flashed around the town that the United Brethren parsonage was on fire.

By the time the greater number of the fire fighters had arrived on the scene, the flames had been quenched by Rev. Hewitt and neighbors.

Rev. Hewitt was heating oil in the kitchen stove which they expected to use to oil the floor of the church. The oil became too hot before it was noticed and the flames from it ignited settling fire to the home.

Rev. Hewitt attempted to carry the burning mass from the room and was quite badly burned on the face and hands.

His wounds were soon dressed and at this time his face is completely bandaged, only his eyes, nose and mouth being visible.

The burns on his face were deeper than those on his hands, and he is suffering considerably at this time. Mrs. Hewitt also received a few minor burns which will annoy her for a few days.

No doubt the presence of mind displayed by Rev. Hewitt in fighting the flames saved the home from destruction. He labored hard regardless of his injuries until help arrived to relieve him.

The woodwork in this room was badly damaged as were the walls and ceiling. Practically all of the cooking utensils, furniture, dishes, etc., were also badly damaged by the fire. The loss to the parsonage was covered by insurance but the personal belongings of Rev. and Mrs. Hewitt were a complete loss.

This put me in such shape I had to walk with a cane for a couple of weeks and I couldn't straighten it. I felt as though there were a heavy weight across my back that was holding me down. I couldn't sleep nights and it felt as though I had been stuck in the back with a sharp knife. My kidneys acted irregular and the secretions were highly colored and burned in passage. I was told to try Doan's Pills and after the first box my condition was much improved and I was able to walk straight. I used four boxes from Fricke & Co's. drug store. My back and kidneys have never bothered me since and I believe Doan's will do the same for other people if they will give them a fair trial."

ELMWOOD YOUNG MAN MAKING FAST RISE.

We are always glad to note the progress of Elmwood young men for some of them have gone on to make good. We note the following from the Daily Argus-Leader of Sioux Falls, S. D., concerning Ed Backemeyer, who has been gradually rising in his chosen work. This will be pleasing news to all that know Ed.

"Formal announcement was made today by the state cement plant commission of the appointment of E. H. Backemeyer of Sioux Falls, veteran concrete products expert, as sales manager of the South Dakota cement plant under construction at Rapid City. He had previously been in charge of operations in less than three months.

Mr. Backemeyer, for approximately ten years associated with the cement and concrete products business in South Dakota, already has taken up his work at Rapid City. Most of his activity in the last few years has been in the state, and for the last two years he has been directly associated with the cement industry. He is acquainted with every phase of the cement industry and with engineers, architects and contractors throughout the state and the middle west.

WON BLUE RIBBON ON CAKE

From Saturday's Daily— Mrs. John P. Kaffenberger, who is one of the finest pastry cooks extant, and who won a \$25 cash prize for the best Angel Food cake baked from Puritan flour of the Schuyler mills, also won at the Cass county fair, which has just closed, first prize for the baking of the same.

Mrs. Kaffenberger, who is an excellent cook in all lines, does not need this attestation of her ability to cook, and the giving of the ribbon was surely recognizing her superior ability as a cook and baker of pastries. The Angel Food cake which she had on exhibition, was a piece of cookery well worthy of the high grade of work which she is capable of doing.

HERMAN L. SPECHT HAS A NEW-FANGLER KIND OF DAMAGE SUIT THAT A CASS COUNTY DISTRICT JUDGE THOUGHT SO LITTLE OF THAT HE INSTRUCTED THE JURY TO GIVE A VERDICT FOR THE DEFENDANTS.

find out what the supreme court thinks about it. He says that back in 1920, when the land boom was on he contracted to buy land of Mary C. Newlon and her husband for \$60,000, but that because of defects in the title he was not promptly furnished, as agreed, with an abstract and proper deed. As a result he lost the sale of the land to a neighbor at a figure that would have netted him a nice profit.

He, therefore, sued for the \$25,000 depreciation in the value of the property that has since occurred.—Lincoln State Journal.
