**D. A. R. MEETING**

From Wednesday's Daily—  
The members of the Fontenelle chapter of the Daughters of the American Revolution were very pleasantly entertained on Monday afternoon at "Sunnyside," the E. H. Wescott home on high school hill, the event being quite largely attended. The occasion was the first meeting of the year and a great deal of interest was shown in the proceedings and the discussion of the plans for the forthcoming year. The occasion was also in honor of Mrs. W. S. Leete, past regent of the chapter, who is soon to leave for her new home in Colorado and who with Madame Leete was a guest of honor of the afternoon. The members are regretting very much the departure of Mrs. Leete who has been very active in the organization since its institution and they joined in wishing their former officer success and happiness in the new home where she is to locate the coming month. The Wescott home was very prettily arranged with decorations of the fall garden flowers that made a very attractive setting for the gathering.

**HOLDS PLEASANT MEETING**

From Wednesday's Daily—  
The St. Luke's and St. Mary's Guilds yesterday enjoyed an all day session at the home of Mrs. Henry Herold, with Mrs. Herold and Mrs. Ed Egenberger as the hostesses of the occasion. The time was spent in the making of many dainty articles for the Christmas shoppe that is to be held in the near future and the ladies were able to accomplish a great deal of work in the hours by the dying of the busy needle. At noon the hostesses served a very dainty and delicious luncheon that was enjoyed to the utmost by all members of the party.

A. H. Duxbury will appreciate your vote for county judge. He is deserving of your support.

**JOHN N. NORTON MAKES TWO VERY FORCEFUL TALKS**

Democratic Candidate for Governor Closes Trip Through County With Addresses Here.

From Wednesday's Daily—  
Last evening, John N. Norton, democratic candidate for governor, closed a very successful trip over the northern portion of Cass county with two addresses in this city, one at the district court room to 300 persons and at the K. S. hall later in the evening where 150 of the residents of the western portion of the city had assembled. At each of the meetings there was marked enthusiasm and interest shown and the greetings that Mr. Norton received were truly pleasing and indicated the interest of the people in a safe and economical administration of the affairs of state as well as the nation. At the meeting at the court house the speaker of the evening was introduced by Attorney D. O. Dwyer in a few remarks and Mr. Norton at once proceeded to land some strong blows on the republican policies in the nation and state. Dwellling for a short time on the national issues, Mr. Norton attacked the republican attitude in the present campaign where they had raised the cry of the menace to the constitution and the pretended campaign of "common sense."

Mr. Norton devoted a great deal of his talk along the national lines to agriculture and compared the interests of this great basic industry with others in the nation and the need of co-operation of all lines to insure prosperity. He pointed to the fact that prices were somewhat better now than they had been but this was not because of the republican legislation, but in spite of it. The republicans would appoint a commission of the "best minds" to try and discover what was wrong with agriculture when there had already been a number of commissions appointed and reported nothing done for it. Other lines of industry had been benefited by legislation and artificially raised up. Mr. Norton fitting examples the Fordney-McCumber tariff law and the Esch-Cummings law. The tariff had not helped the farmer and his products but had caused a slump in the prices of everything that came from the farm, by killing his market in the world. The farmer, deprived of a foreign market, was compelled to pay a high cost of living by the fact that the protected lines could set their own domestic prices here in this country. Mr. Norton cited the fact that each year the tariff law exacted a tribute of \$3,000,000,000 from the American people. He also urged a reduction of freight rates that the products of the farmer might be taken to market at a better rate and also increase the volume of the railroads. The Mellon tax plan was exposed by Mr. Norton as a scheme that would have shifted the burden of taxation from the shoulders of those most able to pay to those who were not and which had been defeated in the last congress by the combination of the democrats and progressive republicans and the Garner plan adopted instead that had given the small taxpayer a reduction as well as the large.

In discussing state issues, Mr. Norton pointed out the fact that the bill, adopted six years ago by the republican legislature at the dictation of Governor McKelvie, had created a duplication of officers, elective officers having their duties taken over by the appointive officers of the governor. The action of the administration of McKelvie in refusing to allow the code bill to be

submitted to a vote of the people before adoption was also denounced. The last republican legislature had refused the request of Governor Bryan for the repeal of the law. In regard to the reduction of taxes, Mr. Norton stated that the credit was due and should be given Governor Bryan who had prepared the state budget and which the legislature had been unable to change materially.

**Second Meeting**

The second meeting of the evening was at the K. S. hall in the west portion of the city and where there was assembled a pleasing number of the residents of that section of the city. The speaker announced for the meeting, Charles Vopicka, of Chicago, failed to make the jump from Butler county where he was speaking during the day and therefore the local candidates were heard in the opening portion of the evening until the arrival of Mr. Norton.

The meeting was presided over by Rev. John Hancek, who gave a few remarks in Bohemian as to the fact that the speaker who was to have given an address in that language had been unable to reach here. Edward Donst was called upon and gave a few well chosen remarks in which he urged the support of the democratic cause and detailed the fact that under the immigration law the members of the Bohemian race were reduced in rank to that of Turkey and the countries of southern Europe and Asia in the number that were permitted to enter this country despite the fact that the members of this race have made splendid citizens.

L. P. Langhorst, candidate for state treasurer, from Elmwood, one of the well known democrats of the county, received a warm greeting from the audience and discussed briefly his candidacy.

George E. Wilson, candidate for sheriff, was also present and gave a short talk in which he asked for the co-operation of the people in case he was elected and pledged a just enforcement of the law.

Attorney D. O. Dwyer also discussed the national issues for a few minutes while the arrival of Mr. Norton was being awaited and discussed at some length the independent movement.

Mr. Norton was introduced by Mr. Dwyer and received a most enthusiastic welcome from the audience on his arrival and at once started in on his address and for the time that he occupied the platform presented the facts in the campaign in a most pleasing manner that made a deep impression on his hearers. As at the court house meeting he touched briefly on the tariff and tax plans of the republicans. Mr. Norton also mentioned the republican slush fund of \$65,000 that had been sent into the state to aid in the attempt to carry it for the republican national ticket and stated that the people of Nebraska, educated and free, were not to be bought like so many head of cattle and all of the slush funds would not sway their votes. If elected governor, Mr. Norton stated he would demand an investigation of the funds sent for political purposes into this state and why they were spent and who were the beneficiaries. He would also demand an accounting of all money spent in political campaigns.

Mr. Norton stated that the last state administration had accomplished the reduction of taxes in the face of the fact that republican legislature had failed to repeal the code bill and to co-operate with Governor Bryan in the reduction of the expenses of the state as he had recommended in his budget.

Speaking of his own personal service in the legislature, Mr. Norton detailed the fact that as the chairman of the finance committee of the house of representatives in 1915 he had been instrumental in bringing about a reduction of \$1,000,000 in taxes by economy in the appropriations of the legislature. In the same session he had led the fight that had reduced the employes in the house from 100 to 40 and cut down the expenses from \$20,000 to \$10,000.

Whenever a monopoly threatened the people of the state with extortion, Mr. Norton promised that he would take what action he could as governor to prevent the looting of the people of the state even to the engaging in the handling of products that were controlled by the monopoly, if necessary.

**JUST SERVICES FOR JUST PAY**

From Monday's Daily—  
W. R. Young, the well known auctioneer, and who is also deputy sheriff, has been very busy in the last few weeks in the discharge of his official duties as well as in looking after his auctioneer work.

Mr. Young, while he is out on his private work as an auctioneer, does not receive remuneration as deputy sheriff and in this way he is able to keep up his work as well as to save the taxpayers of the county money. Mr. Young is very careful to see that there are no overcharges in his accounts and every day that he is away from his official duties he has this amount deducted from the earnings against the county. There are not many officials who would be as painstaking and careful of the interest of the taxpayers as Rex and he gives full service for each dollar he receives, whether it is as deputy sheriff or in his private work.

Mr. Young was granted a salary of \$55 per month by the county when he was appointed as deputy under Sheriff Stewart and on the days that he is not actively engaged in the discharge of the duties of deputy, the amount is deducted from his salary. This is a faithful and honest method of doing business and is characteristic of Mr. Young and his chief, Mr. Stewart, who are careful and painstaking in the discharge of their duties and in seeing that the taxpayers receive their just services and fees.

Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price, \$1.25.

**DEATH OF MRS. ELIZABETH SPANGLER OCCURS TODAY**

Well Known Resident of This Community Passes to Her Final Reward at Early Hour.

From Wednesday's Daily—  
This morning at 7:30 at the home of her daughter, Mrs. Val Gobelman, four miles southeast of Murray, Mrs. Elizabeth Spangler passed to her last reward after an illness of some duration and at the ripe old age of 80 years.

The deceased lady was born at Beaverton, Pike county, Ohio, February 28, 1844, and spent her younger days there in the vicinity of the place of her birth. On March 4, 1862, she was united in marriage with Charles Spangler, a friend of her childhood days and their wedded years were full of happiness and success, terminated only by the death of the husband ten years ago in 1914, and since which time Mrs. Spangler has made her home largely with her children.

Mr. and Mrs. Spangler came to Cass county from Ohio in 1883 and located on the Maxwell farm, south of this city, where they resided until 1900 when they moved to Weeping Water and resided until the death of the husband and father.

There is left to mourn the death of this aged lady twelve children, namely, Mrs. Philip Chrisman, Miller, Nebraska; Mrs. Val Gobelman, Murray; Peter, Frank and Philip Spangler of Weeping Water; Mrs. Cyrus Livingston, Weeping Water; John C. Spangler, Louisville; C. C. Spangler, Myhard; Charles, Jr., of Calloway, Nebraska; Mrs. Dent Hite of Hastings, Iowa; Mrs. L. H. Standler, Archer, Nebraska; Fred Spangler, Plattsmouth. One child, a daughter, died in infancy. There is also left surviving, one sister, Mrs. May Baker, residing in Ohio.

The funeral of this estimable lady will be held on Friday afternoon, the cortege leaving the Gobelman home at 1 o'clock and the services to be at the United Brethren church at Myhard at 2 o'clock. Interment will be at the Horning cemetery, south of Plattsmouth, near the old home.

**DEPARTS FOR HOME**

From Monday's Daily—  
This morning Mrs. George H. Stewart of Los Angeles, who has been here visiting at the home of her uncle, W. H. Venner and family, departed for her home in the west, having completed a most delightful visit in this vicinity.

Mrs. Stewart is en route home from a trip over Europe that has occupied some time and had a real experience in viewing the various countries that are recovering from the effects of the world war. Mrs. Stewart was at Rheims, the great historical French city which suffered so much from the effects of the bombardments of the Germans during the years 1914-1918 and which reduced this great city of 12,000 buildings to practically a heap of rock and battered stone.

She states that the cathedral there which is one of the most historical in the world is being restored thru the efforts of the Americans and that by next year it is expected to again use the building for the purposes of worship and remove the last traces of the injuries made in the bombardments and fire. Other of the great public buildings there are being slowly restored by the French and in the next year the city will again rise from the ruins.

**FARM BUREAU NOTES**

Copy for this Department furnished by County Agent

**Get Out the Tramp Stumps**

They are unsightly in the field and cause waste of land. Tramps are persons who generally tour the country on foot, doing little or nothing and begging a living from anyone tolerant enough to harbor them. "Tramp stumps" do not eat anything, but they do keep a good sized piece of ground from feeding a crop. There are thousands of fields in Nebraska harboring these "tramps" which cause a large loss of crop, time and money each year besides detracting from the slightly appearance of the farm.

These stumps can be removed at a very nominal cost with Pyrotol, the war salvage explosive which is being distributed by the Nebraska college of agriculture. This explosive is turned over to the farmers absolutely free and the only cost to the farmer is the cost of carting, boxing and transportation. The cost of removing such stumps will be returned in crop yields in one or two years, and the
