PLATTSMOUTH 11**

High School Team Motors Over For Short Practice Game and Win By Score of 52 to 0.

From Saturday's Daily—  
Yesterday afternoon the Platts-mouth high school football team journeyed over to our neighboring city of Pacific Junction and scored a decisive victory over the team there which took out to some extent the sting of defeat that the locals have just sustained at the hands of Ashland and the School For the Deaf.

The game was not regularly scheduled and was more of a practice affair for both of the teams and when the final whistle was blown in the game the score was 52 to 0 in favor of Platts-mouth. A number of the Platts-mouth players were out of the game, but this did not check the fighting spirit of the locals and who won easily. Godwin, Sedlacek, Lambert and Hartford were all out of the fray.

The weather this morning showed a decided cooling tendency and a decided fall in temperature from 70 yesterday to close to 50 during the night and early this morning. The change in temperature came with a very high wind that threatened to bring in its wake the snow that was expected to be falling in western Nebraska and Kansas but which fortunately did not materialize here.

Mrs. Fred Drucker departed this morning for Omaha to visit her sister, Mrs. Carl Kopschka at the Paxton Memorial hospital where she has been for some time. Mrs. Kopschka will return home Sunday, it is expected.

From Saturday's Daily—  
Last evening the members of the Mechanical Department association of the Burlington shops with the members of the ladies auxiliary enjoyed one of the most pleasant social events that has been held in many months at their meeting place, the M. W. A. building on South Sixth street.

The committee in charge of the event had spared no pains in making the event one of the most enjoyable to all of the members, their guests and friends and the scene that met the eye when entering the hall was one of the greatest charm and the bright colors of the season found a prominent place in the decorative plan. The lights had been shaded with the colors of orange and black and black streamers and fanciful crepe paper designs were used in trimming the sidewalk of the hall and making the scene one well worthy of the delightful gathering.

The ladies of the auxiliary had prepared a surprise for the members of the M. D. A. when they appeared in long flowing, ghostly garments and compelled several of the gentlemen to submit to an initiation into the auxiliary and gave them a real going over that the candidates will not soon forget.

There were many attractive fancy costumes seen on the floor and prizes were awarded the most attractive and artistic and in the late afternoon, Mrs. Arthur Copenhaver was awarded the first prize while in the gentlemen's prize, Fred H. Vincent and Arthur Copenhaver were tied and will divide the honors.

The latter part of the evening was spent in dancing to the melodies produced by the Holly jazziteers and it was a late hour when the members of the party wended their way homeward.

**DEMOCRATIC CANDIDATES CLOSE THE  
CAMPAIGN IN CITY**

Campaign Closed Yesterday by Tour Over the County and Speaking Here Last Night.

From Saturday's Daily—  
Yesterday the final democratic speaking tour in this county was staged, starting at 9 o'clock in the morning with a meeting at Greenwood and continuing through every town in the county, culminating with a night meeting here that gave the last shots of the campaign as far as the democrats are concerned.

The party that made the trip over the county was headed by Floyd L. Bollen, candidate for state railway commissioner, L. F. Langhorst, candidate for state treasurer and all of the county candidates that could get away for the trip. In all of the towns they met with flattering attention despite the fact that the farmers are all pretty busy and unable to get in for every political gathering.

The meeting here was not as large as it would have been with any definite arrangements as to the meeting before the speakers reached here, but as it was there were a pleasing number gathered at the district court room to hear the addresses.

The meeting was presided over by J. P. Falter who introduced the various speakers of the evening. The main address was by Mr. Bollen, who proved a very forceful and convincing speaker and discussed in his address a number of the points that are in the forefront in the present campaign. Mr. Bollen retold the careful and businesslike administration of Governor Bryan and also the progressive work of J. N. Norton, the democratic candidate for governor, in the legislature when he was a fighter for the best interests of the people in all of the sessions that he participated in, and Mr. Bollen urged the support of this progressive leader. Mr. Bollen also discussed at some length the platform that he is making the race upon and which urges progressive action for the benefit of the people of the state by the state railway commission or the abolishment of the commission. This body was formed, Mr. Bollen states, for the benefit of the people and is controlled by the corporations is useless to the great mass of the people of the state. Mr. Bollen is pledged to seek a reduction of railroad, telephone and street car rates as low as is consistent with giving the owners of the utilities a fair return on their investment. He also favors the repeal of the Esch-Cummins bill and the restoration of the former rate making powers to the state commissioners. Mr. Bollen has long been one of the progressive leaders of the state and active in the reform legislation of the session of the 1913 legislature.

Short addresses were also made by Hon. W. B. Banning, candidate for state senator; L. F. Langhorst, candidate for state treasurer; George F. Wilson, candidate for sheriff; J. A. Caspell, candidate for county attorney, and D. C. Morgan, candidate for clerk of the district court.

The equipment is now being installed and a test of its practicability will soon be made.

The new system provides automatic signal lights and control by electrical apparatus of the speed of the engine and the brakes.
