Union Now Has a Doctor  
Since the going away of Dr. W. F. Race which was several months since here has been no resident physician in Union until the arrival of Dr. W. Luxford who came here a short time since from Decatur where he practiced medicine with much success for the past twelve years.

Prior to that he was located in Dow City, Iowa. Dr. Luxford is a graduate of the class of 1909 of Creighton University of Omaha and a very able man. He will in short time move his family here, consisting of the wife and three daughters. He will be then so situated that he will be able to respond to call day or night. See his ad which will appear in this paper beginning with the coming week.

These boys will afford much amusement for their owner and his friends in the hunt.

last Monday evening and made a most enjoyable evening for those who were present for the occasion. There was much music both vocal and instrumental. Master Lucian LaRue, in that manner which is all his own, gave a number of very entertaining songs and his sister, Mrs. Wayne Garrett, gave a most appreciative and quiet with Mrs. LaRue, mother of the singers, at the piano and Mr. Dean Austin. They made a reality of "The Arkansas Traveler." There seemed something to come out of that old fiddle which awakened memories of the years which had flown. That with the girl I left behind me, "Satan's Vision of Death," "Dream," "Turkey in the Straw" and "Scap Suds in the Rat Hole" completed the list of exciting ones. When the fiddle was humming it is said that "Preacher Bill" and "Saddle" kept beating time with their feet and could hardly refrain from getting on the floor for a whirl. At 9:30 the guests departed, thanking Mr. and Mrs. Austin for the very enjoyable evening which they had had. There were present for the occasion, Mr. and Mrs. D. C. LaRue and their son, Lucian; Mrs. Wayne Garrett and Mr. and Mrs. W. A. Taylor.

**Purchase Building**  
R. D. Stine, the grocer and by the way an excellent business man, has concluded it was better to have a building of his own than to have to pay rent and on last Saturday made the purchase of the building in which he has been doing business for some time past. The building has a room below facing west which is occupied by the barber for a barber shop. The building which Mr. Stine has purchased makes a very fine location for his business and will by owning obviate the paying of rent.
