David E. Eaton while out hunting with two of his fine hounds was rewarded by good blood in the dogs by having them capture and kill two coyotes and this is pretty good work for the hounds to chase down the coyotes and then kill them. While Uncle John D. Bramblet was hauling hay a few days since the wagon and load of hay and probably the team conspired against him and when he was not expecting it, they all slipped out from under him and allowed him to slip to the ground, but then the ground which seemed to be in the conspiracy, also was very obdurate and presented a frozen surface for Uncle John to fall upon. He is feeling some better at this time and still improving.

OBITUARY
Virginia Dee Garrison was born near Union, in Cass county, April 20, 1860. She lived with her parents, Charles and Emma Garrison at her birth place until September 29, 1929, when she was married to Glenn R. Todd. For four years she lived with her husband within a few miles of her childhood home. On the morning of January 26, 1932, the Heavenly Father called her to her eternal home.

During her brief married life she became the mother of two children, Kenneth, who is now aged two years, three months, and another son who died in infancy. She leaves a sorrowing husband, a dear little boy, her parents, three sisters, two brothers and many relatives and friends to mourn her departure.

An illness of a few months resulted in her death despite the utmost efforts of those who tried to save her. She regretted the necessity of leaving her loved ones, but bowed graciously to the will of the Heavenly Father. In the Father's house she now waits to greet her dear ones, when the Master shall also call them home.

She was a member of the Baptist church of Union, and the funeral services were conducted at 2 o'clock last Wednesday afternoon, from that church, by the Rev. W. F. Graham, of Murray, assisted by the Rev. Wm. Taylor, of Union. Her body was laid to rest in the Mount Hope cemetery northeast of Union.

"MICKEY"
Starring Mabel Normand, Louis Cody and Others

The whole world has laughed and loved with "Mickey"—the naughty little tomboy from the mountain country, with her pranks, her mischievous quick eyes, her magnetic smile. It's a corker.

A 1000 per cent Investment

That's the way to look at painting—as an investment, not an expense. Look around you at the houses going to rack and ruin. What is doing it? The weather. There is only one defense against weather and that is paint. But paint, like weather, is of many kinds. Beware of the fair weather paint. It does not protect, it only deceives. Buy a paint that has proved its staying power.

SWP (Sherwin-Williams House Paint, Prepared) has a fifty-year record. Its ingredients are what experience has proved to be most efficient in protecting property. It puts an armor between your buildings and the elements and also adds beauty and cleanliness.
