EIGHTH GRADERS ENJOY A VERY PLEASANT TIME

Coming Freshmen Enjoy Gathering at High School Gym Last Night.

From Saturday's Daily—Last evening the members of the Eighth grade of the Junior High school met at the high school gym in their annual class party and the occasion was one that the young people will long very pleasantly remember.

The time was spent in playing a large variety of games in which the boys and girls who are students in the Eighth grade entered with their youthful enthusiasm and derived a great deal of fun. The boys and girls were divided and contested in giving their yeas and while it was hard to determine the winners the girls seemed to have the greater volume of noise and were given the palm.

BELIEVER IN WORLD ENDING SHOOTS WIFE AND HIMSELF

Monroe, Mich., Feb. 6.—Expressing fear that the world would come to an end sometime today, and that his property, worth approximately \$35,000, amassed during years of economy, would become worthless, Karl Frederick Danzein, forty-nine, a farmer living near Temperance, ten miles from here, shot and seriously wounded his wife at their home late yesterday and then took his own life with the same revolver.

Mr. Car Owner: YOUR MOTOR IS AS YOUNG AS ITS CYLINDERS

What have you ever done for years except rub the pistons up and down at the rate of 1,000 feet per minute? New rings and pistons are a waste of time and money unless the cylinders are first properly reconditioned. There is only one correct way to do this—

Regrinding by the wet process which produces an accurate bore with mirror finish. It costs \$2.00 to \$4.00 per hole.

Then fit your new pistons with rings and you have a new car so far as cylinders are concerned.

AMERICANISM AND BETTER CITIZENSHIP

Good citizenship, like any other accomplishment is encouraged through inspiration.

Americanization days, observed for the purpose of giving American citizens renewed inspiration, are bounded by the birthdays of Lincoln and Washington. Both were men of high ideals, true and loyal Americans.

By following such examples, everyone can help in building up their community, their state, and their nation—and can be recorded as true Americans.

RETAIL CLOTHIERS PLAN TO INCREASE THEIR MEMBERSHIP

C. C. Wescott of This City is Slated For Presidency At the Annual Election Today.

From Thursday's Daily—The problem of increasing the membership of the Nebraska Retail Clothier's association to its original strength occupied the attention of the delegates at the present convention at the Hotel Fontenelle, Omaha.

The plan suggested by Bert Snyder, Hutchison, Kan., member of the Men's Apparel club of that state, and which met with popular approval, was that when they attend the state convention they will not be besieged by a crowd of manufacturer's salesmen anxious to "buttonhole" them.

Among other speakers were Clarke Powell, commissioner of the Chamber of Commerce, Louis Leppke, of the Nebraska Clothing Co., and a number of outside clothiers.

Something to Think About!

The predicted end of the world has passed; But we still have plenty of bad roads! The end of Carbon trouble and Waste of Gasoline and Oil has arrived!

MR. CAR OWNER—How can you expect to thrive in 1925, when you waste from twenty to fifty per cent of your gas and oil, besides increasing your repair bills?

You can stop this waste and save enough to pay the gas tax when it comes, and put the balance in your savings account.

You Can Do It with a Bertschy By-Pass If your garage or service station cannot supply you, we will. If you are not satisfied with the economies shown after thirty days, you get your money back.
