

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

Milo Buskirk has been assisting in the Landholm garage for the past week during a rush of work which they have been having.

William Rikli also shipped a car load of mixed cattle to the Omaha market last week and was up with the stock to see them sold.

Henry Oehrling was looking after some business matters on last Wednesday in Lincoln where he was also visiting with friends.

John Miller, who is working in Ashland, was a visitor in Murdock one day last week coming over to visit with his friends for a short time.

The Timm brothers were delivering wheat to the Farmer's elevator during the past week and kept getting in a load every day notwithstanding the very heavy roads.

Jesse Landholm was looking after some business matters in Omaha on last Wednesday making the trip via the train as the roads were not just what would be desired for pleasure in driving.

George Hardnock and wife of Alvo, were visiting with friends and relatives in Murdock last Thursday, they arriving on the noon train and spending the afternoon with their friends.

J. A. Bauer and wife were visiting last Saturday and Sunday and a portion of Monday at the home of their daughter, Mrs. Claude Twiss of Louisville, where all enjoyed the visit very much.

Henry Bornemeier shelled and delivered corn, from his home just north of Murdock, to the farmer's elevator in Murdock, and was well pleased with the price which the grain brought.

The sale of Will Holka was well attended and the buying was very brisk. Mr. Holka was well pleased with the results of the auction. The clerking was looked after by Henry A. Tool and Kenneth A. Tool.

Fred Newman was hauling wheat to the market during the past few days of last week and found the roads away from good, but the roads did not keep him from bringing in his wheat as the price justified a little extra exertion on his part.

Miss Elsie Bornemeier was a visitor in Omaha last Thursday. She remained over until Saturday and when she returned brought Miss Helen Bornemeier, who has been in Omaha for some time, with her. The young ladies enjoyed the visit very much.

Lawrence Rikli was hauling oats from the elevator to his farm for feeding purposes last Thursday. Mr. Rikli said that while his parents, Mr. and Mrs. A. A. Rikli, were not feeling very well they were able to be up and around which was a pleasure when so many are sick.

J. E. McHugh and wife were in Omaha last Wednesday where they went to attend the funeral of Mrs. Margaret O'Rourke, which was held in Omaha last Wednesday, after which the remains were taken to Plattsmouth for interment. An account of the funeral will be given in another column of this paper.

W. T. Weddell was a visitor at Ashland and Waboo for a number of days last week where he was looking after the settlement of the estate of his sister, recently deceased, and of which he has been appointed the administrator. While he was away, Mr. John W. Kruser was looking after the business at the elevator.

The children of Mr. and Mrs. J. H. Buck, three having been very sick for the past week, are reported as getting along nicely and are in very much improved condition. The weather has been such as to contribute much to sickness, but care has been exercised to prevent contracting of colds and other illness.

Leo Rikli shipped a car of very fine cattle to the Omaha market during the last week, and which were excellent cattle, so much so that Armour purchased the car and shipped it to Chicago where they are

to be turned into the best of beef. As they are to be shipped on to Chicago they must have been the best of animals.

Louis Neltzel, the hardware merchant, was in Omaha for a number of days during the past week, where he was visiting with his daughter and also attending the Hardware dealers convention which has been meeting there during the past week. He also was looking after the purchasing of some goods for his store here. While he was away the business at the store was looked after by Victor Thimsman.

H. W. Toel and wife were visiting for a short time in Lincoln during the past week and were accompanied by Mrs. Jacob Goehry, Sr., who has been visiting here for some time, and who is, at this time, visiting at the home of Mr. and Mrs. Jacob Goehry, Jr., of Lincoln. While Mr. Goehry, her husband, is at the hospital at Lincoln, which he is recovering from an operation, she will stay in Lincoln.

Henry P. Dehning and Sons will hold a sale at the Dehning home on the highway east of Murdock on Wednesday of this week, February 11th. They are offering a large assortment of farm machinery and are expecting to quit the farm having sold the place to their neighbor, Mr. Gust Wendt, and will remove from the place before the first of the coming month. The sale will be held during the day and lunch will be served on the grounds during the sale.

The ladies of the W. C. T. U. society were most pleasantly entertained at the home of Mrs. Bennett Chriswiser on Pearl street and who for the occasion was assisted by Mesdames Mary Spencer and W. T. Smith as assistant hostesses. The ladies discussed the prohibition movement which was adopted in 1920 as a part of the national law and many interesting phases of this question were presented.

The remainder of the afternoon was spent in visiting and social conversation until an appropriate hour when dainty and delicious refreshments were served that added to the enjoyment of the members of the party.

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ailments—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a man whose remarks "you could ask for a better example?"

Mrs. Charles Mason says: "My back was lame and weak and it bothered me to be on my feet. My kidneys acted too freely at times and I felt miserable and had no ambition. I tried Doan's which I got at Frick & Co's Drug Store and in a short time they made me feel like a different woman." (Statement given May 12, 1920.)

On November 11, 1924, Mrs. Mason said: "My faith in Doan's Pills is greater today for they have cured me of my back trouble."

Mrs. Mason is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's. Get the remedy back by home testimony. 50 cents at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

Whether the credit is all due to Oscar McDonald or only with the others of the gang is the question, but it happened this way. The rope which held the antenna of the broadcast station of the Murdock radio station, was small and slender. The young men, who are good shots in town, concluded they would clip it with a shot from a rifle. They got a twenty-two rifle and Will P. Meyer tried a few shots and cut the rope seriously and it held for a moment by others, but not until Oscar McDonald shot did the rope part and the antenna come down.

William Knaupe and son and Martin Bornemeier were hauling hollow tile for building purposes from the Rock Island station to the Callihan church which is being used for the installation of the basement for the new church which is being built there and on which active work will begin as soon as the material is on the ground. The weather has been holding the work back but as it is now warming up the work will be under way as it is desired that the construction be done as soon as possible. It is expected to have a resident minister as soon as the building shall have been completed.

The Great Oowah, former president of the Lion Tamers club of Murdock, otherwise known as Stephen P. Leis, now residing in Washington, where he has been spending the winter and enjoying the time immensely, has written the Royal Arkans, of the local lodge in Murdock that he would soon start for the east and would, when he arrived, proceed to rid the county of Cass of the menace of the lady lion and of killing them when necessary. Those who love the chase and there are many in Murdock who do, will be given an opportunity, when the great Oowah returns, of participating in the hunt.

Last Friday a number of the ladies of Murdock gathered at the pleasant country home of Mrs. V. Pickwell where they quitted for the day and enjoyed the society and a most excellent luncheon, which was served by Mrs. Pickwell, who is a very clever hostess.

See the advertisement announcing the giving of a free moving picture, show illustrating "Power Farming." It will be given at the Modern Woodman hall on February 14 and is given by Mr. E. W. Thimgan. The films and slides are being furnished by the International Harvester company. The Tool brothers will look after the mechanical portion of the show. Mr. Thimgan has also arranged for the furnishing of a very enjoyable free lunch. Remember the time and place, Woodman hall, February 14th, Saturday of this week.

Services at Louisville church at 9:20 a. m. Bible school at both Louisville and Murdock churches at 10 a. m. Services in English, 11 to 11:30, and services in German, 11:30 to 12, at Murdock church. Young Peoples' meeting at 7 p. m. and evening preaching services at 7:30. If

Farm loan applications for March 1st closing. Lowest rates of interest. See O. J. Pothast at the Farmers & Merchants Bank, Murdock, Neb. 119-11d

Mr. and Mrs. C. P. Traver of Omaha, were visiting at the home of Mr. and Mrs. Henry A. Gahmay last Saturday and Sunday, and all the friends enjoyed the occasion very much.

Last Thursday the time of Judge Herman R. Schmidt was partly occupied by the hearing of ouster proceedings between some parties in Greenwood, in which it was sought to have a party who was renting a house put out, but they beat the court to it and moved before the officer could go see them.

W. O. Gillespie and Wm. McNamara and wife, the latter of Fairmont, departed a few days since for Hartington, Texas, where they will spend a short time seeing the country with an expectation of purchasing some lands there. While they are there, Mr. and Mrs. Harry Gillespie are at Fairmont, having gone a few days ago and are looking after the place of Mr. and Mrs. McNamara, where Harry and wife are now real dirt farmers and are enjoying the experience greatly.

The ladies of the W. C. T. U. society were most pleasantly entertained at the home of Mrs. Bennett Chriswiser on Pearl street and who for the occasion was assisted by Mesdames Mary Spencer and W. T. Smith as assistant hostesses. The ladies discussed the prohibition movement which was adopted in 1920 as a part of the national law and many interesting phases of this question were presented.

The remainder of the afternoon was spent in visiting and social conversation until an appropriate hour when dainty and delicious refreshments were served that added to the enjoyment of the members of the party.

DISCOVER HIDDEN FACTS ABOUT ABE LINCOLN FOR FILM

In Research on Great Liberator's Life Many Hitherto Unknown Habits Come to Life.

In examining more than 17,000 books and documents about Abraham Lincoln the researchers for the Rocket Lincoln Film company, producers of "Abraham Lincoln," the big first National picture to be shown at the Parme four days next week, starting Wednesday, have amassed almost countless odds and ends of facts—little things—that go to make up the sum total of Lincolniana. Do you know these?

Mr. Lincoln told Leonard Sweet he had never tasted whiskey. But he loved corn in those other four popular pioneer forms—hog, hominy, hoe cake and on the cob.

He had a good singing voice and loved to sing as he drove through the country—a habit of the pioneers.

He loved animals and birds, but did not care particularly for flowers. He said he had had no time to study them.

The first and only steamboat that ever navigated the Sangamon river was piloted by Lincoln.

Abraham Lincoln was of Quaker stock and proud of it.

During his residence in Indiana he borrowed and read every book within a radius of fifty miles of his home.

He stood six feet four without his boots and could lift a thousand pounds.

His chief recreation after he became president was to read the books of American humorists and Shakespeare. These were his safety valves.

The boy Lincoln's first job was to tote corn to Hodgson's mill near his boyhood home in Kentucky. Later he was a mill hand in Cameron & O'Neil's mill at New Salem, Ill.

At fifty-two he became president. At twenty-six young Lincoln was saddled with a debt of \$1,100 that he did not really owe and was not morally bound to pay, but he did pay in full with high interest after a struggle of many years. He told Leonard Sweet that this debt was the greatest obstacle of his life.

As a boy, youth and man, Lincoln was a favorite with women. They all liked him—old and young. He had three great loves and there was never a tenderer lover, more devoted husband, nor a more patient and loving daddy.

As war president he had an unerring insight into military affairs and would doubtless have been as great a commander as statesman.

LULLABY LISTENERS CLUB From Thursday's Daily— Little Thelma Jochim of Louisville is now a member of the WLS Lullaby Listeners club and wears the badge of the order. The meetings of this novel organization are held every evening at seven o'clock over the radio from the Sears-Roebuck station in Chicago, with "Little" Glenn Frick and "Big" Ford Rush in charge of the ceremonies. "Smoky" the duck and "Static" the parrot initiate the members and the Woodshed Theater has been organized for the entertainment of the club members.

On account of ill health, I will offer for sale at Public Auction at my home one mile east and one mile north of Murray; six miles south of Plattsmouth, on—

Font T. Wilson, Owner Col. Rex Young, Auctioneer W. G. Boedeker, Clerk

RECOVERING FORM OPERATION From Friday's Daily— Samuel C. Windham of Cedar Rapids, Iowa, who was called here Wednesday by the serious condition of his father, Hon. R. B. Windham, was taken very sick on Wednesday night and medical aid summoned and his case found to be an acute attack of appendicitis and he was hurried to Omaha early Thursday morning where an operation was performed at once to give him relief. He was taken to the Immanuel hospital and following the operation has been doing very nicely and his condition at this time is all that could be wished for and gives every promise of a speedy recovery.

TAKEN TO HOSPITAL From Thursday's Daily— Yesterday Mrs. Leland O. Bennett was taken to the University hospital at Omaha where she will undergo treatment and may have to be operated upon, but which had not been fully decided upon. Mrs. Bennett has been poorly for some time and her condition has become such as to give little encouragement to her family and it was decided that it would be best to have her taken to the hospital.

Having sold my farm, I will sell at public auction, 2 miles north and 1/2 mile east of Wabash, 1 mile south and 1 1/2 miles east of Murdock and 1/4 mile west of Manley on—

Wednesday, Feb. 11

H. P. Dehning & Sons, Owners. H. A. WILLIAMS and GUTHRIE, Auctioneers. HENRY TOUL and SON, Clerks.

Power Farming!

In conjunction with the International Harvester company, whose farming implements I am handling, we with the help and through the courtesy of the Tool Brothers will give on the afternoon of February 14th, beginning at two o'clock, will give a free show through the stereoptican and moving picture reels an illustrated description of power farming.

This will be well worth the seeing for it will contain the latest in the illustration of the uses of power machinery. In conjunction with the free show there will also be served a free luncheon. Come and see the show and see if there is anything in better farming ways that will assist you in the work on the farm.

Saturday, February 14th, at 2 p. m.

E. W. THIMGAN, MURDOCK -- NEBRASKA

Get Ready for Spring!

Winter has her back bone broken. Yes, some more cold weather will come. But it won't be long till you'll hear the "call of the road" and then you'll want the car to work its best—attune with the springtime surroundings. Let us do your overhauling now and there will be nothing to mar your pleasure when the first nice day comes along. And say, how about that farming machinery you will need the coming year, as well as the repairs for that you have? Remember we can serve you well.
