REBATE OF TAXES NOT FEASIBLE

Washington, April 10.—The plan sponsored by Chairman Madden of the house appropriations committee to make rebates to taxpayers when the government winds up a fiscal period with a surplus, would, in the opinion of President Coolidge, prove too difficult of administration to be feasible.

"The president has not discussed the plan with Chairman Madden," he said today he would press for action by the next congress, on his bid to authorize such refunds, and he does not desire to be placed in the position of condemning a proposal of which he has only a general knowledge. He regards Madden as an expert on government finance and feels that the appropriations chairman undoubtedly has sound and practical reasons for sponsoring the rebate plan.

Coolidge, however, believes that surplus funds should be applied to reducing the government debt for the surplus is incidental or he made the basis for downward revision of the tax rates if the surpluses are large and continuing.

ARMENIANS FIRST TO ADOPT CHRISTIANITY

Moscow, April 9.—Archaeological discoveries which, it is said, may prove that the Armenians were the first people officially to adopt Christianity, are reported from Erivan, Russian Armenia, by the head of the American near east relief mission. At a village called Doyin, on the slopes of Mount Ararat, there has been found the head of a life-sized statue of an Armenian king, bearing a crown and earrings with the sign of the cross. These are pointed to as indicating that the king was a Christian. The statue is white sandstone. Arrangements have been made to carry out further excavations in the same neighborhood in order to uncover the body of the statue and perhaps other important monuments.

HELP FOR OLD FOLKS

Old Age Should be Happy—Not a Time of Sickness and Suffering.

Too many people begin to suffer at middle age with constant backache, urinary ills and rheumatic pains and aches. Weak kidneys are usually the cause, and if neglected there is danger of hardened arteries, dropsy, gravel or Bright's disease. Help your weakened kidneys with a stimulant before kidney disease gets a firm hold! Use Doan's Pills. Thousands of old folks recommend Doan's.

Here is Plattsmouth proof: "W. H. Mann, Marble street, says: 'A cold settled on my kidneys and the secretions passed too freely and were scalding, too. My back gave out mornings when I attempted to get up and I had to get out of bed on my hands and knees. My back was so lame and stiff, I could hardly straighten and every move I made sent sharp pains through my back. Doan's Pills from Weyrich & Hadraba's drug store rid me of the trouble.'

Mr. Mann is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. Mann had—the remedy backed by home testimony. 60 cents at all dealers.
