From Wednesday's Daily—  
Yesterday, J. S. Butterfield, of St. Louis, landscape engineer of the Missouri Pacific railroad, was in the city looking over the situation at the Nebraska Masonic Home and also the surroundings of the M. P. passenger station in the west part of the city where in the coming summer plans for beautification will be carried out.  
Mr. Butterfield has been here before to assist in the planning of the landscape work at the Masonic Home and offered many very valuable suggestions and plans for the general plan of artistic landscape gardening that will be used in the ornamentation and beautifying of the grounds of the Home, giving freely his experience in this line of work to assist in the program that has been outlined.  
The Missouri Pacific has also made plans at its St. Louis office for a number of changes in the surroundings of the station that will make it a very pleasing part of the attractive appearance of that part of the city and to fit in with the plans of the Masonic Home grounds just across the street from the station. There is much to be done at the station grounds that will take some time to fully complete, but advice are that there is a definite program and plan for the grounds that will in time make them most attractive to the eye and a real credit to that section of the city.

## LOUISVILLE VOTES BONDS FOR GRAVELING THE ROADS

Proposition of Voting \$28,000 For Road Graveling Carries by Seven Votes.

From Wednesday's Daily—  
Yesterday Louisville precinct came through with a knockout blow to the mud and bad roads by carrying the proposition to vote \$28,000 in bonds to gravel the main highways in that precinct and thus escape the condition of the roads that existed the past winter in that locality.  
The election has attracted interest over the county and is a shining example to other communities to get into the ranks of the good roads boosters by creating a system of hard surfaced roads that will be a blessing and a boon to the residents of the country districts and the towns alike.  
The vote was close on the proposition, 223 votes being cast in favor of the bonds and 137 against, or seven votes over the necessary sixty per cent to insure the carrying of the bonds.  
This is a splendid victory for the progressive people of Louisville precinct and they are entitled to a great deal of credit for starting the ball to rolling for a county-wide system of hard surfaced roads forming an interlocking system that would permit travel in all seasons of the year regardless of the weather conditions.

## Lincoln Man Tells of Amazing Results He Received From Karnak

Stomach Troubles Of 30 Years Standing Ended, He Is Like A New Man From Head to Foot.

Amazing reports of remarkable benefits after taking Karnak are reported daily. One of the latest is S. C. Quick, 1040 Q St., Lincoln, who says:  
"Yes, indeed, I'll gladly verify what I say about Karnak to anyone, for money couldn't buy the good this medicine did me. I suffered so from stomach and liver troubles for 30 years that I often thought my end was near.  
"I had sharp pains all through my back, and many times, when I would bend over I could hardly straighten up again. Gas pains, biliousness, headaches, weak spells,  
"I tried most everything without any benefit, but I could just feel the good of Karnak to my finger tips. My stomach now feels like a new one. And eat—why you never saw such an appetite, and nothing disagrees with me. I sleep fine, feel like a different man all over and my work is a pleasure. All my pains, aches and distress gone.  
"Yes, sir, Karnak is the only medicine I ever saw that does just what they say it does, and I think people are foolish to go on suffering like I was when they can get Karnak."  
Karnak is sold in Plattsmouth exclusively by F. G. Fricke & Co.; and by the leading druggist in every town.
