ENJOYS FAMILY REUNION

From Monday's Daily—
Yesterday afternoon the home of Mr. and Mrs. R. F. Patterson was the scene of a very pleasant family gathering on the occasion of the visit here of the sisters of Mrs. Patterson and their families. Mr. and Mrs. George H. Falter and their children and Mr. and Mrs. John W. Falter and children came up from Falls City to spend the day and were joined here by Captain and Mrs. Floyd Harding and children, and Father McMillian and wife of

the University Episcopal church of Lincoln.

The members of the family enjoyed a picnic dinner and a general get together that they had not had the opportunity of enjoying for some time. George Falter, son of Mr. and Mrs. John Falter, remained over here to join the Boy Scouts on their hike and accompanying their cousins, Edward and Herbert Patterson, who are members of the hiking party.

The family will all long very pleasantly remember the day and the opportunity of all being together for even this brief period.

YOUNG PEOPLE ARE MARRIED THIS MORNING

**Miss Ruth Jacks United in Bonds of
Wedlock to Mr. Lester Cram
Of Craig, Nebraska.**

From Wednesday's Daily—
This morning at 10:30 at the parsonage of the First Methodist church occurred the marriage of Miss Ruth Jacks, youngest daughter of Mr. Asbury Jacks of this city, and Mr. Lester Cram of Craig, Nebraska.

The wedding was very quiet, the bridal couple with Mr. and Mrs. John Elliott, the latter a sister of the bride, and Asbury Jacks, father of the bride, forming the bridal party.

The impressive ring service of the church was read by the Rev. Frank Emory Pfoutz, pastor of the church. After the wedding ceremony the members of the bridal party and the family were entertained very delightfully at a nuptial luncheon at the home of Mrs. Ed Trively, sister of the bride, who was assisted by Mrs. Jess Elliott, another sister. The one repeat was one very much enjoyed by all of the members of the family party.

Following the luncheon, Mr. and Mrs. Cram departed this afternoon for the west where they will enjoy a short honeymoon before returning to Craig, where the groom has a home awaiting the coming of his charming helpmate.

The bride has spent the greater part of her lifetime here, being educated in the local schools, graduating from the high school here and later attending Wesleyan university at Lincoln. Since completing her school work she has been teaching the past term at Des Moines, Iowa.

The groom is one of the leading young farmers of the vicinity of Craig and has been very successful in his work and has a fine farm that will be the future home of the young people.

The many friends here join in wishing Mr. and Mrs. Cram a long and happy wedded life and one that will be filled with the greatest of success to them in their new home.

CHILD HEALTH CONFERENCE

From Wednesday's Daily—
The Children's Health Conference held at the High school building yesterday proved to be very successful in every way. Ninety-six bodies were examined during the day. The work is being continued today at the Wintersteen hill school in the forenoon and the Columbian in the afternoon.

Any mother who failed to have her baby examined yesterday may do so today by going to Columbia building until 5 o'clock this afternoon.

Thursday it is urged that all members from all three examining places attend the children exams at the High school building at 9 o'clock to have the pictures taken for publication. Also any mother who did not get literature on child health work may do so at that time.

ENTERTAINS AT BRIDGE

From Wednesday's Daily—
Last evening, Miss Kathleen Darcy was hostess at a very pleasant bridge party to a number of her young friends, the occasion being one of the most delightful to all of the ladies in attendance.

The decorations of the rooms were in a color scheme of pink and white, the sweet peas adding a very pleasing touch to the scene and making the settings of the event all that could be desired.

In the contests, Mrs. L. W. Egenberger was awarded the first prize while the second prize was given to Miss Esther Ann Heafey, for the greatest skill in the playing of this fascinating game.

At a suitable hour dainty and delicious refreshments were served that added to the enjoyment of all of the members of the party.

Those attending were: Janet Baject, Claire Tritley, Emma Wohlfarth, Mildred Schlater, Helen Egenberger, Frances Weber, Esther Ann Heafey, Helen Egenberger, Mrs. L. W. Egenberger, Genevieve Whelan, Jeanette Weber.

THREATENS PAAVO'S RECORD

Late Saturday night when the streets were deserted save for the police and an occasional wanderer, there was a bid made for fame by one of the youth of the community, who for a few moments threatened to wrest the crown from the brow of Paavo Nurmi, "the Flying Finn," and in this particular "the Flying Dutchman" gave the record of the Finn an awful close race.

The second participant in the race was far in the rear when the dark shadows of night enveloped the form of the racer and the exact time that was made on the concrete walks along Vine street could not be ascertained.

The hour was very late when the race took place, in fact, as Mark Twain says, "It not only looked late but smelt late." There were only a few belated auto owners who were preparing to start homeward when the dash for the world's best foot-runner took place. Persons standing near the Bauer garage had a vision of the youth approaching, but before they could cry, "Here he comes," they shouted "There he goes."

It was a great race while it lasted and for a time it was thought that the runner would never cease his dash but finally tired nature yielded and he gave up the race but not until victory and safety loomed ahead.

GIVE FRIEND A SURPRISE

From Wednesday's Daily—
The W. B. the Maccabees met last evening at their lodge rooms and at the close of the usual business meeting a social time was enjoyed, being in the nature of a surprise on Miss Mary Peterson for her able assistance to the lodge as record keeper and as retiring collector.

Refreshments were served and Miss Peterson was presented with a very handsome gift as a token of their appreciation. Mrs. Thomas Walling, Jr., making the presentation.

LOCAL FISHER- MEN MAKING REAL CATCHES

**William and John Grebe Land Some
Record Breaking Catfish in the
Last Week Here.**

From Wednesday's Daily—
The last few weeks have been very busy ones for William and John Grebe, who are fishing in the Missouri river near this point and who have made some record-breaking catches from the waters of the big muddy.

The large sized fish have attracted the attention of the state and the best of the catches have been removed to the state hatcheries where they will remain until placed in some of the streams of the state.

Mr. Grebe states that he and his brother, John, have been more than usually successful in their fishing this year and caught one white catfish that measured six feet, four inches in length and weighed ninety pounds while another of the white catfish tipped the scales at forty-two pounds. A week ago they landed a large yellow catfish that weighed forty-seven pounds, all making some real fish.

William Grebe still has the marks of the battle that the muddy fish put up as his hand was cut and lacerated by the fish before they were subdued and brought in to the shore.

DOING VERY NICELY

From Wednesday's Daily—
Mrs. Frank Downey of Lincoln, daughter of Mr. and Mrs. Chris Wohlfarth of this city, who was operated on Monday at the Methodist hospital in Omaha, is reported as being in very pleasing shape considering the operation for appendicitis and it is hoped that the next few days will see her well on the highway to recovery. The many friends here are pleased to learn that Mrs. Downey is doing so well and trust that the patient may continue to show improvement until she is able to return home.

AIR MAIL PILOT VISITS PLATTS-MOUTH TUESDAY

Lieutenant Lewis Comes From the Air to Pay Short Call on Friends in This City.

From Wednesday's Daily—
Last Sunday Dr. Byron Arries of Omaha, was here to spend the day with his parents, Mr. and Mrs. A. M. Arries, having with him as a guest, Lieutenant Lewis, U. S. Air mail service, the two gentlemen spent a very pleasant time and on leaving, Lt. Lewis promised that he would come down again to see the Arries family before he departed for his trip from Omaha to Cheyenne with the mail plane.

Yesterday afternoon Lt. Lewis made good his promise to call from the north in his plane and put on a number of real flying stunts for the benefit of Plattsmouth people.

The plane with this daring birdman in charge swung over the main section of the city and the pilot swept close to the buildings in a number of stunts that thrilled the beholder. The plane circled around the tower on the Cass county court house and the roar of the

plane's engines were so loud that the court paused for a moment from their grind until the circling of the court house was over.

Lt. Lewis then glided his plane to the vicinity of the Arries home where he came down quite low and waved and shouted a greeting to the members of the family as he bid them farewell before he left for the west on his regular trip.

A number of other flying stunts were given before the birdman turned his plane northward and returned to the base at Omaha, from where he leaves today with his mail plane for the west, carrying the mail that in a few hours brings the east and the west in close touch and makes it possible in forty-eight hours to have a letter from New York in San Francisco.

Mrs. John Sperry was a visitor in Omaha today to look after some matters of business and visiting with friends.

Mrs. John Lentz was a visitor in Omaha today where she was called to look after some matters of business for a few hours.

BOOTLEG LIQUOR, AUTO GAS SHARE THE BLAME

Atlantic City, N. J., May 23.—
Bootleg liquor and the gas from automobile exhausts were blamed for an increase in throat diseases throughout the country by Dr. John E. MacKenty of New York, speaking before the American Laryngological society here.

Dr. MacKenty said exhaust pipes should be at the top instead of at the bottom to automobiles to prevent the carbon monoxide gas from injuring the public.
