Camp Quivera, boy scout resort at Louisville, Neb., is full to overflowing with the largest attendance of scouts in its history, stated Scout Executive Kent Thursday. Even the extra period which was added this year has been filled, although about twenty more boys might be accommodated the period starting July 23 and ending August 1. A sixty-five per cent increase over last year's attendance is expected, Mr. Kent said, and last year's attendance was fifty per cent over the year before.

This year has been unusual, Mr. Kent declared, in that no campaign was necessary to fill the five periods of the camp. The majority of the boys earn their way to the camp. Troop twenty of College View took care of the park center on Sheridan boulevard in the suburban town's limits, thus earning their way, while sixteen boys from troop ten of Bellevue acted in the same capacity at that place. Troop twenty-six earned its way to camp by taking various jobs for its members.

Six boys from the orthopedic hospital are attending the camp this year under the auspices of the Rotary club and a number are also present from the home for dependent children by courtesy of the American Legion.

The Plattsmouth Boy Scouts are expecting to have a very large number at the camp when their period arrives in the middle portion of July and will cover some ten days at this popular resort.

The many friends of Mrs. A. W. Home of Mr. and Mrs. H. H. Gerbeling Scene of Beautiful Home Wedding Wednesday.

On Wednesday evening, June 24, 1925, the country home of Mr. and Mrs. Henry H. Little Theresa Colbert, sister of the groom, was ring bearer and Little Lewis Todd, cousin of the bride, acted as flower girl.

The bride wore a dress of white satin crepe trimmed in silver embroidered lace and carried a bouquet of Ophelia roses. The groom wore the usual black.

This was served by the Misses Frances Bronn Florenee Ruemelin, Verna Panska and Orville Miller, Raymond Borne, and the Misses Mary and Elbert Miller served at the punch bowl.

ENJOYS FINE MEETING

From Friday's Daily—
Last evening the members of the Philatelic class of the Methodist Sunday school enjoyed a very fine outing at the pleasant country home of Mrs. Howard Wiles, south of the city. The members of the class met at the church at 7 o'clock and were taken by car to the Wiles farm where they were to stage the meeting.

The occasion was one of the greatest pleasure as the ladies enjoyed the fresh air and the pleasant surroundings of the Wiles home which had made an ideal spot for the meeting of the class.

After the business meeting the ladies enjoyed a most pleasing contest in which Mrs. Lawrence Sprecher was awarded first prize and Miss Eleanor Burns, second prize.

There were some forty present who all enjoyed the delicious refreshments that were served at an appropriate hour by Mrs. Wiles and Mrs. L. G. Todd, who assisted in the entertaining of the class.

FIELD REPRESENTATIVE OF GOOD ROADS IN CITY

P. E. Clement, of Lincoln, Here as Guest of Ad Club at Noon Day Luncheon.

From Thursday's Daily—
This morning, P. E. Clement of Lincoln, field representative of the Nebraska Good Roads association, was in the city for a few hours in the interest of his organization that is endeavoring to put Nebraska in the forefront of the good roads states of the Union.

While here Mr. Clement was a guest at the noonday luncheon of the Ad club and gave the members a short resume of the work that the association is doing and some very pertinent facts as to the need of good roads and the advantages to the state in having them as well as the handling of the gas tax money that will be used in the coming year largely in the creation of permanent hard surfaced highways over the state.

Mr. Clement is touring the state to view the hard surfaced roads that are now in use as well as the projected roads where the counties and states are joining-hand in making better means of travel. In speaking of the need of permanent roads that may be traveled at any season of the year, Mr. Clement stated that there is now fully 80 per cent of the travel over the state along the highways in motor vehicles and this enormous number requires the best roads possible if they are to get the best results of the means of travel. The gasoline tax costs very little to the traveler and the more good roads in service means lessened cost to the auto owner in the amount of gasoline per mile and the wear and tear on the cars.
