

Alvo Department

Oris Foreman was looking after some business matters in Lincoln last Saturday, where he drove with his car.

Frank E. Cook was cutting his oats last Friday and just at this time is finding the work very plentiful on his farm.

Simon Rehmeier and family were spending last Sunday at the home of Carl Carlson, friends who live at Louisville.

Attorney C. D. Ganz was a visitor in Omaha last Thursday, where he had some business matters to look after for the day.

George Thompson has been spending some two weeks in Alvo, where he had some business and is also enjoying his vacation.

George Mooney was a visitor in Alvo one day last week looking for some early variety of seed corn, as he was quite badly haled out on his farm.

J. W. Banning and the wife were visiting in Lincoln last Thursday, driving over to the capital city in their car and also looking after some business.

Sherman Wolfe and family were visiting last Sunday at the home of friends in Fremont, driving over and enjoying a most pleasant day with their friends there.

John B. Skinner was a visitor in Fullerton, where he was a guest for the day of his friend, Miss Bessie Obers, and where they both enjoyed the visit very much.

Herman L. Bernier has been very busy with his harvest work with which he is well satisfied considering the general light yields of small grain over the country.

Floyd Dickerson and family were visiting last Sunday at the home of his mother, Mrs. Louis Laurensen, who live in Atterva, where they drove in their car for the day's visit.

A monument firm had representatives here from their home in Lincoln placing a very beautiful monument at the grave of Willis Whitney, who passed this life during the early spring.

S. C. Boyles and wife and Mr. and Mrs. C. D. Ganz were out last week just following the path of the hail storm east of town and viewing the damage, as well as looking after their own crops.

Wm. Stewart was looking after some business matters in Omaha on Wednesday of last week, where he had to get some supplies for his well worn and see about some other matters of business.

Wm. Stewart and Chester Ough were busy during one day last week in replacing the windmill which had been blown from the tower at the home of S. C. Boyles during the recent heavy winds.

A. Dinges, mayor of Alvo, was a visitor at Lincoln in the evening, where he and his wife enjoyed the Fourth during the evening, the business houses of Alvo remaining open until noon Saturday.

Mr. and Mrs. George P. Foreman have moved into town and are located in their home where they are away from the heavy work on the farm and where Mr. Foreman is feeling much improved.

Oris Foreman began the harvesting of his oats last Thursday and he was puzzled for a while whether to mow and make hay of them or endeavor to bind and thresh them. He finally concluded he would try the binder.

Mrs. Elmer Rosenow has been visiting for some time at the home of her parents, where she has been enjoying a very fine time. Elmer went out on the Fourth and enjoyed a short visit over Sunday, the wife returning home with him.

Miss Irene Friend and Messrs Eddie Craig and John B. Skinner as the driver, were enjoying the Fourth of July after the closing hour of business in Alvo, which was noon, at Capitol Beach, Lincoln, where a very enthusiastic celebration was going on there. They all enjoyed the occasion very much, notwithstanding the very generous heat.

Tires Are Much Higher

Things happen this way. When winter comes, coal is high and there is plenty of ice. In the summer, coal can be bought cheaper, but the ice is up. At this time when the old tires cannot stand the pressure on roads, the manufacturers of tires have advanced the price of tires and tubes. On last Wednesday all the dealers here received notice that casings are 25 per cent higher and tubes 32 per cent higher. A. Dinges had put on a sale of tires and tubes just before the rise and now he will have to purchase stock at a higher figure for with the advance in prices he is getting his stock about wiped out.

Suffer at Santa Barbara

Mrs. Fuller Theorson of Santa Barbara, who has been visiting in Alvo, a guest at the home of her parents, George P. Foreman and wife, for the past two weeks departed last week for her home in the west and was preceded by her sister, Mrs. Thomas Nord, who has also departed for her home at Central City. The ladies left their mother feeling very much improved. Mrs. Theorson tells of the losses sustained by her husband in the recent quake which occurred in Santa Barbara when five motion picture houses which he and his partner were conducting were destroyed entailing a complete loss. They had just completed a most modern structure which was to be used for the movie business and which with the others represented a cost of approximately a half million dollars, and a large per cent of the investment was lost.

Alvo Loses a Game

In a game of ball which was played at Syracuse last Sunday between the town of Alvo and the one at Syracuse, the latter team was successful, as they won over the Alvo team by a score of 13 to 3.

Makes Trade for Lands

C. C. Bucknell, who with the wife, were visiting in the west for some time, returned a couple of weeks since and last week traded his place

in Alvo for a place in Colorado near Burlington, with a Mrs. George Ormsbee, receiving in exchange 320 acres of land on which there are now 100 acres of wheat and 60 acres of corn now growing. Each gave the other immediate possession and now Mr. Bucknell is renting the place which he formerly owned.

Woman's Club Has Two Meetings

Last week the Woman's club of Alvo, met at the home of Mrs. W. W. Coatman, which was a deferred meeting as they had given way to a lecture which was recently held in Alvo, and the meeting was held at the home of Mrs. Coatman, as which time a most splendid time was had. Then came the regular meeting that was held at the home of Mrs. Arthur Dinges on the following Wednesday, and at this meeting all enjoyed themselves most pleasantly and were entertained at both places with very delightful eats as well as the very worth while program and social hour.

The Ladies Aid Meets

The members of the Ladies Aid society of the Methodist church met last Wednesday at the home of Mr. and Mrs. August Johnson, where they looked after their work in the organization and also had their hour of social chat and were entertained by Mrs. Johnson who well knows the art of entertaining a party of ladies.

Here from California

Mrs. C. H. Kirkpatrick is enjoying a visit from her son Walter Baird and wife and son Vernon, who have been making their home at Los Angeles for a number of years and who will visit her for a time and may conclude to remain in the east instead of on the coast.

Have Faculty Completed

The Board of Education of the Alvo schools have completed the selection of their teachers for the coming year and have made an excellent selection. The list is complete, even to the caretaker of the building. The superintendent will be Mr. R. E. Dale, of University Place; the principal, Mr. J. Brandt, formerly of Percival, Iowa, while Miss Frances Smith, of Lincoln, will be the assistant principal. The various other teachers are as follows: Miss Gustaven, of Omaha, home economics; Miss Conley, of University Place, music; Miss Rasmogel, Seaward, seventh and eighth grades; Miss Edna Wood, Elmwood, fifth and sixth grades; Miss Blanche Sexton, Eagle, third and fourth grades; Miss Sams, Brook, first and second grades. Ray Clarke has been selected as caretaker of the building and the grounds.

IT HAS LASTED

Plattsmouth People Must Believe Such Convincing Testimony as Mrs. Rauen's.

No one in Plattsmouth who suffers backache, headaches, dizziness, rheumatic pains or distressing urinary ills can afford to ignore this twice-told story of a Plattsmouth resident. It is confirmed testimony, telling of lasting benefit from Doan's Pills—a stimulating diuretic. The kidneys are the evidence that no man or woman in Plattsmouth can doubt.

Mrs. F. N. Rauen, 1110 Pearl St., Plattsmouth, says: "I was in bad shape with my back. It was so painful I could hardly turn over in bed. There was a soreness across my back and groin. I had dizzy spells, too, and specks floated before my eyes. I got Doan's Pills at Weyrich & Hadraba's Drug store and they relieved me." (Statement given May 12, 1924.)

On November 10, 1924, Mrs. Rauen said: "Doan's Pills cured me of my suffering and the cure has remained permanent."

Mrs. Rauen is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if you suffer from kidney trouble—don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Rauen had—the remedy backed by home testimony. 60 cents at all dealers. TWO ACCIDENTS

Wednesday evening, Mrs. Joseph Shrader was sitting in an automobile near Ambler's store, when the brakes gave way and the car started to roll down the hill. Mrs. Shrader tried to get out and in some way went under the car, it passing over her leg. Fortunately no bones were broken, and although considerably bruised she was able to go to her home.

Thursday morning, Ole Olson was in his quarry west of town when he slipped on a piece of stone and fell in such a way as to injure one of his ankles to such an extent as to prevent his getting around. This is very unfortunate for Mr. Olson, as he is preparing to make some extensive improvements at the quarry which will need his personal supervision.—Weeping Water Republican.

MRS. CORY STILL POORLY

From Saturday's Daily—The reports from the bedside of Mrs. John Cory this morning state that the patient is still very low and her condition shows no signs of improvement, the patient being unconscious and giving but little hopes that she can recover from the attack from which she has been suffering for the past few weeks.

RAIN STORM ENDS YEAR'S HOTTEST DAY

Mercury Reaches 105 in the Shade When Storm Comes to Bring Relief to the Community.

From Saturday's Daily—With the temperature reaching 105 yesterday afternoon and rapidly climbing to the season's hot weather record, the wind and rain storm came as a blessed relief from the intense heat of the past three days when temperatures of 104, 103 and 105 were registered.

The rain was intense for a half hour during the afternoon and small showers all during the afternoon following the main storm at 2:30 served to freshen the atmosphere and lay the dust as well as prove a boon in general for the suffering humanity.

The rain and cooling atmosphere was a blessing for the celebration of the Fourth of July in this city and when the day dawned today it was on a very pleasant outlook for the big day of celebration.

The storm was very intense in the southern and western portions of Cass county. Travelers report, particularly from Elmwood east along the "O" street road to near Union. Along this territory the rain had apparently been very intense, a cloudburst and making the roads hard to travel. The clay hills were slippery and hard for the cars to hold their way against the mud, while in the low places along the road the overflow of water had turned them into veritable rivers, there being no low places that was not filled with from several inches to several feet of water and making the low places very uncomfortable for auto drivers.

Parties who came east on the "O" street road were mud covered and disgusted when they reached Union where the rain had not been so heavy and from that city north to Plattsmouth travel was very pleasant, the rain laying the dust nicely.

WEeping WATER MAKES SPLENDID APPEARANCE

New Paving, Modern Lighting System and Decorations Make City Very Attractive.

Our neighboring city of Weeping Water with its recent municipal improvements has made itself one of the most attractive little cities in this section of the state and one in which the citizenship can feel a just pride.

The new concrete paving is all in now with the exception of about a half a block and in the main section of the city it is in use and found to be a great step forward in the way of improvement and eliminating the former dust and mud of the city that formerly was the order in the town.

The streets in the resident section are being gradually opened up and made ready for travel and while the proposition has cost the taxpayers a good sum, they are realizing that it is well worth the money expended in comfort and in the advertising value to the community.

The electricians also make the main section of the city present a fine appearance.

Last evening was band concert night in Weeping Water and Prof. Hawkin and his musicians offered one of their always pleasant concert programs of high class music from the portable band stand that has been arranged for the comfort of the band boys. There was a very large crowd present in the town from the nearby points, despite the fact that Avoca, a few miles south, was staging its celebration of the Fourth of July last evening and which drew many of the residents of the country districts there.

The town of Weeping Water has installed a curb decorative plan similar to the one in use in Plattsmouth and from the staffs along the street is displayed the red, white and blue banners with the word "Welcome" giving a greeting to the visitor.

The many changes in Weeping Water have decidedly been for the permanent improvement of that community and it is hoped that the progressive citizens there can secure more of these in the future.

ART CRITICS ROW OVER WHITE HOUSE DECORATING

Washington, July 3.—Art critics have fallen out over plans for renovating and refitting the White House.

With a small initial appropriation available, officials in charge are starting a program of change apparently designed to give the interior of the president's residence the air of a colonial mansion. The program was mapped out by Robert W. De Forest, head of the Metropolitan museum of art, and is believed to have the approval of resident Coolidge.

E. C. Kemper, executive secretary of the American Institute of Architects, however, has written Mr. Coolidge suggesting the desirability of keeping within the French interior design laid down by Charles F. McKim when the White House was renovated and in part refurbished under the direction of President Roosevelt.
