Mrs. Fannie Elkenberry and Mrs. James Carper, both of Burr, were visiting with friends and relatives in Union for a number of days last week and also attended the Old Settlers' reunion.

A. L. Becker departed last Monday morning for Chapman where he went to do some seeding, he sowing alfalfa, and with the weather as it is now it looks as though he had gone at just the right time.

Miss Helen Graves, a granddaughter of Attorney C. L. Graves, who makes her home in Lincoln, has been visiting in Union for several days,

being a guest of her grandfather and Mrs. C. D. Austin.

Mrs. L. G. Todd returned home last Saturday after having visited at the homes of Mr. and Mrs. W. A. Cleg horn and Henry Ahl and wife and where she, with her friends, enjoyed a weeks' visit very pleasantly.

R. E. Hastings and Judge Daniel Lynn, of the Lynn Camp at the mouth of the historic Weeping Water river were in Union last Monday looking after some business matters and also securing some supplies for the fishing camp.

Mrs. Nancy McNamee has purchased herself a very fine Universal Sedan and which will be of great assistance to her in getting about. Eugene Austin and Tom McNamee, her son, were constructing a garage for the new acquisition.

L. G. Todd and the family were enjoying a visit at Camp Quivera last Sunday, where their son Melvin is spending some two weeks. They also visited at the home of Henry Born and family near Plattsmouth for a portion of the day.

Mrs. Earl Hathaway, of Plattsmouth was a visitor with her mother, Mrs. H. M. Pickens for a number of days last week and was also assisting the mother during the rush of Old Settlers' day and staying for over Sunday, returned home last Monday afternoon.

D. P. Sloan, of Thurston, a nephew of J. F. Wilson, was spending a week in Union, the guest of his uncle and visiting with other friends and relatives. Mr. Sloan was also a guest at the home of Otis Cole, of Nebraska City, and at the home of T. E. Hathaway near Union.

Ellis LaRue and wife, who were attending the style show at Saint Joseph, last week, on their return came via Waukeeny, Kansas, where they spent some time with friends, and also stopped at Nebraska City, where they visit for one night with J. A. Simmons and wife.

Constable John C. Brittain of Plattsmouth, accompanied by one of his sons, was in Union last Wednesday serving some papers and also was here again last Saturday attending the Old Settlers' reunion, and remarked as also did Sheriff E. P. Stewart, that this gathering of the old settlers was one marked with good order.

Nelson Martin, who is employed in one of the state institutions, and his friend Clate Weekley also an employe of the same institution, was here last Saturday and they were attending the celebration. Mr. Martin met a large number of his friends here, and was more than pleased to be able to be at the meeting of the people of Union and vicinity.

Dietrich Koster and daughter, Miss Sophia, were in Union last Monday for a short time, coming to bring a schoolmate and teacher who with Miss Sophia were teachers in the same school at Craig the past year, Miss Glenna Bacon, who has been visiting at the Koster home for the week end, and was returning to her work in a woman's camp in some way connected with work similar to that done by the Red Cross, being located near Bellevue or Fort Crook.

Attend Reunion at Omaha
Fleming W. Robb and wife with the children were in Omaha last Sunday where they attended a family reunion at the home of a brother of Mrs. Robb, Mr. Cyrus Tyson and where all the family were present and a most enjoyable time was had by all present.

Shower in Honor of Bride-Elect
Miss Ellen Chapman at her home north of Union last Friday gave a reception and miscellaneous shower in honor of her friend, Miss Myrtle Copenhaver, who has this week wedded Mr. Ralph McNamee, who

has been making his home at Brush, Colorado. There were many of the friends of this popular young lady present at the gathering where merriment, music and song prevailed.

The evening was made the more enjoyable by a very delightful luncheon which was served by Miss Chapman and who by the way is a queen of entertainers.

Passed Test Successfully
Last Sunday many of the people of Union were at Camp Quivera and visited with the boys in camp there.

Among other things which were on tap at the camp was the testing of the boys for second class scout, and in this test four of the boys of the Union squad passed the examination before the court of honor. The boys who passed were Fulton Harris, Ben Anderson, Donald Harriss and Justin Anderson.

Give Party in Honor of Guest
Mrs. Minnie Anderson who was overjoyed by a visit of two of her granddaughters, Misses Bernice and Marjorie Ann of Plattsmouth, and who were accompanied by their friend, Miss Gladys Bushnell. The young ladies were guests for a number of days including the Old Settlers' reunion day and attended that gathering. Mrs. Anderson on last Friday gave a lawn party in honor of the guests and especially Miss Gladys Bushnell. The lawn was very beautifully decorated and with the lanterns made a very pretty scene. The young people surely enjoyed themselves and all were pleased to honor the guests of Mrs. Anderson.

Always at the Reunion
Frank Bauer, who has been a citizen of Union since "Who laid the chunk," attended the Old Settlers' reunion last Saturday and the 37th consecutive time which his smiling countenance has assisted in enlightening these gatherings. Frank has always given his encouragement to this enterprise and as to that to all laudable enterprises which have had the good of the town of Union in view. The Old Settlers' reunion was organized just thirty-seven years ago and Frank has never missed one year in his attending the meetings and striking glad hands with his friends who are legion.

At the Churches in Union
There will be the regular services at both the churches in Union the coming Sunday. There were no services at the Methodist last Sunday and notwithstanding the crowd were tired by reason of having been to the Old Settlers' reunion there was a good sized and much interested crowd at the Baptist church last Sunday who were greatly pleased at the excellent discourse which was delivered. At both the churches there is an invitation to come and attend the worship at these churches and assist in boosting the work along.

IOWA PARTIES
FIND LAW VIOLATING HARD
Two Strangers Who Claim Red Oak, Ia., as Their Home, Land Here, One Still in Jail.

From Tuesday's Daily—
The path of the wrongdoer is hard indeed and the fact was most forcibly impressed on two strangers who claim Red Oak, Iowa, as their home, that were gathered in by the police on Sunday evening and were given their day in court yesterday afternoon.

The two men were found Sunday night on the streets here and it is claimed that one of the party was bearing the marks of drinking and a search of the person of the man revealed the fact that he was the possessor of a small amount of intoxicating liquor that was contrary to the peace and dignity of the state of Nebraska. The man, with his companion, was taken to the city jail by Officers Jackson and Svoboda and lodged for the night.

Yesterday complaint was filed by City Attorney J. A. Capwell, charging A. W. McGinsey with the possession of liquor and for which the court assessed the usual fine of \$100 and costs. Mr. McGinsey was remanded to jail to await the forthcoming of funds to purchase his release while the companion was set forth to try and raise the funds to purchase freedom for his associate.

The men stated at the trial at Police Judge Weber's office that they were engaged in some grading work in the vicinity of Louisville.

ROY KNORR OPERATED ON
From Wednesday's Daily—
This morning Dr. H. C. Leopold returned from Kirksville, Missouri, where he accompanied Mr. and Mrs. R. W. Knorr Sunday. He reports that Mr. Knorr was operated on at that place yesterday at the Still hospital and is doing very nicely at this time, having come through the very serious operation nicely and while he is still not out of danger it is hoped that in a short time he may show some decided improvement.

PROMOTION FOR L. E. CALDWELL OF THE C., B. & O.

Present Trainmaster of the Omaha Division is Appointed to New Position with Road.

From Tuesday's Daily—
L. E. Caldwell, trainmaster of the Omaha division of the Burlington, and well known figure in railroad circles in this part of the west, has just received a well deserved promotion in being named to the position of transportation assistant to General Manager Edward Flynn, effective Monday.

Mr. Caldwell has been with the Burlington for the past twenty-five years and for several years past has occupied the position of trainmaster of the Omaha division of the railroad.

J. E. Thiehoff, assistant trainmaster at Lincoln, succeeds Mr. Caldwell.

DRUMMER BOY WITH SHERMAN IN MARCH TO SEA IS DEAD

Teunseh, Neb., Aug. 11.—David S. Bales, G. A. R. member and a resident of Sterling for 45 years, died recently at the home of his daughter, Mrs. Etta King, at Palm Beach, Cal. He was a native of Iowa and served in Iowa volunteer company throughout the civil war as drummer boy. He ran away from home and went into the army at the age of 15 years.

Mr. Bales was with Sherman in the march to the sea. He was married to Miss Elizabeth Jay in Keokuk, Ia., at the close of the war.

The funeral and burial were at Long Beach.

WILL TAKE VACATION

From Wednesday's Daily—
The new street intersection markers were in use on Sixth street and the suggestion was made by Councilman Schutz that the city investigate the matter further with a view of having some made if they did not care to purchase the ones now in use.

The old jail building is also to be given the long promised housecleaning as Councilman Schutz secured the adoption of a resolution permitting the mayor and clerk to call for bids for the plastering of the jail as well as the painting of the roof and sides of the city tool house.

The ordinance covering the paving of North 11th street was laid over on the suggestion of Councilman McMaken until the next meeting of the council.

Councilman Gradoville then introduced a large number of sidewalk resolutions that covered the construction of sidewalks from Tenth street west on the south side of Granite for seven blocks, also three blocks on south 8th street from Gold to Silver street. These were passed and the property owners ordered notified.

The bids were received on the sale and removal of the residence on the lot at 12th and Elm street, Fred Hoffman bidding \$51 and removing house and Matt Peterson \$60 and removing house. As Mr. Peterson's bid was the highest he was allowed the purchase of the building.

COUNCIL HAS A VERY QUIET TIME LAST NITE

NOTHING OCCURS TO MAR THE SERENITY OF THE SESSION OF CITY LEGISLATORS.

IMPROVING LINCOLN AVENUE

Making Better Approach From K-T Highway and Also to Extend Grading and Cindering.

From Tuesday's Daily—
The city council last evening experienced the pleasure of a short and snappy session that permitted the members of the city legislative body to return to the bosom of their families ere the approach of the midnight hour as had been the case previously at the last two sessions.

There were only eight of the faithful in attendance at the meeting, Councilman Chase being still absent in Colorado and Councilman Brittain was not visible in the hall when the gavel of Mayor Sattler called the body to order.

The Plattsmouth Water Co., which some time ago took up the matter of water rate increases, again called the attention of the council to the fact that they wished the increased rates to be put into effect at once. This was referred to the fire and water committee for their action.

Chief of Police A. R. Johnson reported five persons arrested in July and the amount of fines and costs collected as \$50.50, which has been paid over to the city treasurer.

City Clerk John J. Clويد reported that in the month past he had collected the sum of \$236.33, which had been placed in the hands of the treasurer.

City Treasurer John E. Kirkham reported the city finances as showing funds overdrawn of \$27,000 that left a net balance in the treasury of \$32,275, the funds being deposited in the various banks as follows: Plattsmouth State, \$13,000, Farmers State, \$10,000, First National, \$8,000. There was also reported some \$84,000 in registered warrants.

Mayor Sattler called the attention of the council to the fact that it had been the habit of paying the interest on special improvement district warrants out of the interest and warrant fund instead of the district funds and he thought that the interest should come out of the special funds instead of the general interest fund.

He also pointed out warrants in several districts that should be called and retired.

Police Judge William Weber reported that for the month closed he had collected \$50.50 and which had been paid over to the treasurer.

Chairman Lorenz of the streets, alleys and bridges committee reported that the committee was endeavoring to untangle the dispute over the tractor wheels between the city and the Plattsmouth Motor Co.

The committee also reported that on the Lincoln avenue work that Joe Bulin had consented to give land needed to make a better approach to Lincoln avenue from the K. of T. highway near the "horn" and the telephone poles had been moved and everything was in readiness for the grading at this time. Mr. Lorenz also reported that there would be the chance for placing more chinders than at first anticipated and that as soon as the county could get their grader in shape the work would go on and be completed.

Mr. Lorenz also stated that in regard to the chipping of the concrete paving on 7th street from Main to Pearl he wished the contractor notified to repair the same and which was so ordered.

Councilman Higley of the cemetery committee reported that they had not received the funds from the Elks as yet and that he had understood that the full amount of the fund was not available for use, but had received no official notification of the fact.

Councilman Schultz of the lighting committee, reported that two lights on Chicago avenue would be changed to suit the city. He also recommended that lights be placed in the alleys along Sixth street to make it possible to see down these alleys.

The new street intersection markers were in use on Sixth street and the suggestion was made by Councilman Schutz that the city investigate the matter further with a view of having some made if they did not care to purchase the ones now in use.

The old jail building is also to be given the long promised housecleaning as Councilman Schutz secured the adoption of a resolution permitting the mayor and clerk to call for bids for the plastering of the jail as well as the painting of the roof and sides of the city tool house.

The ordinance covering the paving of North 11th street was laid over on the suggestion of Councilman McMaken until the next meeting of the council.

These were passed and the property owners ordered notified.

The bids were received on the sale and removal of the residence on the lot at 12th and Elm street, Fred Hoffman bidding \$51 and removing house and Matt Peterson \$60 and removing house. As Mr. Peterson's bid was the highest he was allowed the purchase of the building.

and the furnace

Things That Count
The heaviest constructed steel furnace on the American Market
Has more prime heating surface than any other furnace.
Patented Hot Blast Fire Pot is found in no other furnace.
Successfully burns cheaper grades of soft coal.
Greater heating surface assures more heat and less loss of heat out the chimney.
These and many other WEIR features gladly explained to you in detail.

The architect knows that saving \$50.00 to \$200.00 in the first cost of your heating system probably means that it will cost that much each year in extra fuel and inconvenience, to say nothing of doctor bills, cleaning and decorating expenses.

The WEIR Furnace will meet every requirement. It will satisfy the most exacting home builder. And, it will continue to satisfy for years to come. Many WEIR Furnaces have been in continuous operation for from 30 to 40 years.

Consider the WEIR before you finally decide. Let us explain it to you.

HENRY FORD HAS A NEW ENGINE

Believes Locomotive Will Transform Railway Transportation.

Detroit, Aug. 1.—The locomotive that Henry Ford believes will be the next step in world railroad transportation is about ready to make its trial test on the Detroit, Toledo and Ironton railroad.

It is the longest locomotive ever built, is electrically driven and possesses enough power to pull a train of freight cars a mile and a half long. Some of the outstanding features of the giant engine follow:

It weighs 372 tons; develops a maximum of 5,000 horsepower; is 117 feet long and will go up to 35 miles an hour.

A single high tension alternating current of 22,000 volts will be taken directly from the line and "stepped down" to supply 600 volts direct current driving motors by means of transformers and motor generators on the engine itself.

While divided into two main sections of two articulated parts, each of which is complete and may be operated separately, control is equalized at the front end where the engineer sits.

The fireman's duty will be to look after operation of the motor generators.

Each of the sixteen axles is driven by a separate electric motor. The drive wheels are 42 inches in diameter and have separate brakes operated by air cylinders.

GREEN WOULD ACT TO CURB JUDICIARY

Stuebenville, O., Aug. 10.—William Green, president of the American Federation of Labor, today announced his readiness to lead a fight to curb the judiciary of the country so as "to bring back freedom to American citizens." The pronouncement was made in an address before the Ohio State Federation of Labor in convention here.

"So far as I can make my influence felt, the 5 million workers of the nation will never sit still until they curb the judiciary of the state and nation and bring back freedom to American citizens," he said.

EVERY ONE TAKE NOTICE

In 1913, \$203,763,550 worth of property was destroyed by fire. In 1923, the figure had mounted to \$355,372,782 and the estimate for 1924 places the probable total at a new high point—\$545,810,639. This is at the rate of ten million and a half dollars a week which can be represented by a row of ten-thousand dollar residences over four miles in length set on fire and completely destroyed every seven days.

Because of their close contact with the fire loss problem, the insurance companies realize more clearly than the general public, the magnitude of the yearly waste of material wealth and of human life.

As underwriters, they view with alarm the resultant ever-increasing loss ratio, approaching 60 per cent last year. Co-operation of every earnest co-ordinator, constitutes the best possible, and indeed, the only means for remedying a situation which is a discredit to an enlightened people.

This world could be worse. The dog may track a little mud into the house but what if he was a centipede?

CARD OF THANKS

We desire to express our heartfelt thanks and appreciation to the friends and neighbors who so kindly assisted in making the passing of our beloved grandson and nephew as easy to bear as was possible. We also wish to thank the storehouse force for the beautiful flowers.—Mr. and Mrs. Ben Parker and Family.

Charlie Chaplin is not to march in a parade of movie stars at Chicago. No, we don't think Charlie meant to be snobbish, or anything of that sort. You see, Charlie has a new son, only a few weeks old, and perhaps he gets more walking at nights than he is able to stand.
