HERBERT BURBEE

MEETS WITH SEVERE ACCIDENT

While Repairing Truck Used in Road Work Res Small Piece of File Lodged in His Eye.

Herbert Burbee, a former resident of Plattsmouth and now engaged in working on the road patrol out of Manley, was the victim of a very severe accident this past week that has laid him up at the hospital and may result in the permanent injury of his right eye.

He was engaged in working on one of the trucks that are used in the maintenance of the highways and was unheeding the truck attempting to drive a small file in a key slot, to replace a key that had fallen out of the end of the file chipped off and lodged in his right eye.

The injury was very painful and caused a great deal of suffering to the gentleman, who was hurried as soon as possible to the Methodist hospital in Omaha to have the injured eye dressed and where he has since been taking treatment.

It is hoped that the injury can be cured by the use of the sight of the eye for Mr. Burbee, but the injury has caused him a great deal of suffering and pain and will keep him out of commission for some time at least.

At the time of going to press the funeral arrangements were not known, but interment will be made in Pine Slope cemetery probably this (Thursday) afternoon.

At the meeting of the stockholders of the Home State Bank held at Louisville this week, the selection of H. B. Koop was made as the cashier of the bank to succeed George H. Wood, who resigned some time ago.

The selection of Mr. Koop is very pleasing to the Louisville people as the young man is one of the best known men in that community and one held in the highest esteem by the residents who have known him since his childhood days.

For the past six years Mr. Koop has served as assistant cashier of the bank and his services have been the very best that could be asked for and given splendid and earnest efforts to the improvement of the conditions of the bank.
