## A VERY PRETTY WEDDING OCCURS HERE THIS MORNING

Miss May Barker of This City and Mr. Martin Sporer of Near Murray Married.

From Saturday's Daily—  
This morning at 10:30 the home of the bride's mother was the scene of a very charming wedding in which the bride wore a French and popular young people of this community were the participants.

The contracting parties were Miss Mae Barker of this city and Mr. Martin Sporer of near Murray.

Preceding the wedding, Mrs. Kisor sang the wedding "Meditation of Love," being accompanied at the piano by Mrs. Leonard, both ladies being sisters of the bride. Following the song the young people entered the parlors of the home where they took their stations before the Rev. Frank Emory Pfoutz, pastor of the First Methodist church, who, with the beautiful and impressive ring service blessed the ceremony that was to join the lives of these two estimable young people.

The bride wore a beautiful light blue gown with flowing bridal veil, caught with the orange blossoms. The groom was garbed in the conventional dark suit.

Following the wedding the bridal party, Mr. and Mrs. William Sporer, parents of the groom, the Kisor and Leonard families, guests of the most sumptuous wedding luncheon served by the mother of the bride, Mrs. S. A. Barker.

The young people departed this afternoon on their honeymoon, their destination being kept a secret and on returning from the trip they will be at home to their many friends here.

The bride is one of the charming and accomplished young ladies of this portion of Cass county where she has made her home since childhood and is a daughter of Mrs. S. A. Barker. She has been engaged in teaching in the schools of the county since her graduation from Plattsmouth High school. In addition to her teaching work, the bride is one of the gifted musicians of the eastern portion of Cass county and is a lady loved and esteemed by all who have the pleasure of knowing her.

The groom is also a Cass county product, his parents, Mr. and Mrs. William Sporer, having been prominent residents of the vicinity of Murray for many years. He is a graduate of the Plattsmouth high school and is numbered among the industrious and high standing young men of the community.

The many friends will join in wishing Mr. and Mrs. Sporer many years of happiness and success in their journey down the highway of life.

### ALL OUT OF SORTS?

So Was This Plattsmouth Woman Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are sure to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Plattsmouth case is one of many.

Mrs. F. M. Armstrong, 322 Granite street, says: "I had spells that made me feel out of sorts. My back was so sore and aching I could hardly get around. I had headaches and dizzy spells and felt worn out. When my kidneys acted irregularly, I used Doan's Pills from Weyrich & Had-raba's Drug store and they removed the trouble quickly."

Mrs. Armstrong is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Armstrong had—the remedy backed by home testimony. 50 cents at all dealers. ### WHO AM I?

I am more powerful than the combined armies of the world.  
I am more deadly than bullets and I have wrecked more homes than the mightiest of siege guns.  
I steal in the United States alone over \$300,000,000 each year.  
I spare no one and find my victims among the rich and poor alike, the young and old, the strong and the weak; widows and orphans know me.  
I massacre thousands upon thousands of wage-earners in a year.  
I lurk in unseen places, and do most of my work silently. You are warned against me, but you heed not.  
I am relentless, I am everywhere; in the home, on the street, in the factory, at railroad crossings, and on the sea.  
I bring sickness, degradation and death, and yet few seek to avoid me.  
I destroy, crush and maim; I give nothing, but take all.  
I am your worst enemy.  
I am CARELESSNESS.

One of the most destructive forms of carelessness is that connected with fires. The per capita fire loss in the United States per year is \$2.10. The next highest is France, with 49 cents, followed by England with 33 cents and Germany with 28 cents. Holland's per capita fire loss is only 11 cents per year.

To lend aid to the prevention of avoidable fires, the Journal is pleased to publish excerpts from "Safeguarding the Home Against Fire," a fire prevention manual placed in our hands by John Hart, president of the Plattsmouth Fire Department.

The first of these articles is devoted to the proper use of matches and will be published in Saturday's Journal. It will be followed by others dealing with various angles of fire prevention, all of them worth reading and observing.

## RETURN FROM TRIP TO THE OLD WORLD

Plattsmouth Ladies Who Have Been Abroad This Summer Return This Morning After Pleasant Trip

From Saturday's Daily—  
Mrs. Anna Hesse, Miss Hulda Spahl and Miss Marie E. Kaufmann returned this morning from their trip to Europe, Mrs. Hesse, who accompanied Miss Kaufmann last year, spent most of her time with relatives while Miss Kaufmann and Miss Spahl explored the Swiss Alps.

The return voyage was made on one of the U. S. liners, President Harding, which crossed the Atlantic in eight days, between Cherbourg and New York. The party left Hoboken at 2:30 Thursday, returning home after a most pleasant stay.

Mrs. Hesse has spent the past year in the old home in Germany, her family residing at Treves, where they are engaged in various business and trades and are now in the best of shape after the reaction of the war time that tore Europe in the years 1914 to 1918. The conditions in that section of Germany are improving fast, Mrs. Hesse states altho in the Ruhr section the French occupation has caused a great deal of discomfort and privation on the residents.

The section of the country where Mrs. Hesse was residing is in one of the most attractive sections of the beautiful Moselle valley and where agriculture is the chief occupation of the people, altho there are a number of the smaller manufactures maintained in the towns of the district. Here the farmers are using the latest machinery for their farming, threshing and binding machines as used on the American farms being a part of the equipment and the latest in plows and other farming machinery are used on the farms. One of the chief of the industries of this section is the fertile vineyards that supply the wine of the Moselle valley and whose continental brands of the Rhine wines and which has made that section famous over the world.

The German people are working hard and developing fast from the effects of the war as they are placing their goods out in the world trade again after the dark days of the war and prosperity seems to be gradually coming back to that nation that was before the world war probably the most prosperous of the European nations. With the industry and thrift of the German people they are fast eliminating the war time condition and lending their efforts of war.

Miss Kaufman, who has been teaching a part of her time, has promised the Journal and its readers that she will give them more of her trip and experiences in a series of articles dealing with her observations and the European schools and their work which will be a real treat to the residents here.
