Plattsmouth Wins from Shenandoah Sunday

Fast Iowa Team Loses in a Contest that Featured Some Fast Playing and Several Errors

From Tuesday's Daily— Sunday afternoon the goodly crowd of baseball fans who assembled at the local ball park had the opportunity of seeing the fast Shenandoah (Iowa) team go to defeat by a 5 to 1 score in a battle that was featured by a large number of errors on both teams as well as timely hitting by the locals in the opening inning, which won the game, as when Hugh McKee settled down to the job of pitching he kept the hits well scattered through the innings although the locals garnered eleven bingles off his delivery, while Herb Swanson, the local hurling ace, was nicked for only four safe hits, the lonely score of the visitors being secured by reason of a walk, a bad throw to second and a safety to left.

Burkhart, playing in left garden, led the Plattsmouth team in hitting, with three blows, while Bob Swanson, of Sidney, playing third base, Klauschie and Mason each added two safe ones to their batting average. In the opening Bob Swanson retired on a high fly to right field and was followed by Herold, who was passed by McKee, who was pitching a wild and uncertain brand of ball. Klauschie slammed one into the left garden that was safe while Newman duplicated the hit in right field and scored Herold. McCarty hit right field for a safety and Klauschie registered at the plate. Burkhart also hit safe to right and Newman and McCarty came home. O'Donnell and Mason were both retired on infield flies.

The fifth and last tally of the locals came in the eighth inning when Burkhart opened by smashing one of McKee's slants for a two base ride into deep right field and scored when William Harvey Mason dumped one for McKee out in center field. The visitors garnered their one lonely score in the third frame when after Crawford, the fleet footed left gardner of the visitors, was retired on a fly to Klauschie, Ade was hit by Swanson and given his base, advancing when Klauschie threw off on his peg to second base and scored when McKee singled to left.

The visitors were threatening again in the eighth when McKee was retired. Herb Swanson to O'Donnell, Eddie Steiner hit safe to center and was followed by Allenbow, who hit to Herb Swanson whose attempt to catch Steiner at third failed. Steiner was finally caught off the base on a throw from Herold to Bob Swanson, and the hopes of the visitors dimmed when Knight was out on a grounder. Herb Swanson hit safe to center and there are several red hot games scheduled for the next three weeks, which will wind up the season. The Woodmen of the World, runners-up in the class B championship at Council Bluffs, will be here next Sunday. This is the team that defeated Plattsmouth 1 to 6 in one of the best games of the Bluffs tournament. On Sunday, September 20th, the West Side Athletic club, of Omaha, will be here and on Sunday, September 27th the fast C. B. & Q. team will be the opponents of our local players.

The box score of Sunday's game is as follows:

SMALL FIRE ALARM

From Tuesday's Daily— Yesterday morning at the home of B. A. Hennessy on North 5th street was the scene of more or less excitement when an oil stove which was being primed with gasoline, started a little firework that greatly alarmed the household and who heeded the admonishment of the fire chief and promptly turned in the alarm as a safety measure. The gasoline that was being used for priming blazed up very freely and looked dangerous for a moment but was subdued by the use of a broom in beating out the flames and by the time the department arrived there was no need of further alarm.

Lehnhoff, prominent Lincoln physician, who has been critically ill for the past four weeks, was slowly recovering and that now hopes of his recovery are entertained by the attending physicians.

Following a visit here some six weeks ago, Dr. Lehnhoff and family started to Colorado, expecting to enjoy a month's outing there, but a few days after their arrival there, Dr. Lehnhoff suffered an attack of ptomaine poisoning from the effects of eating lobster, being taken so violently ill that on the advice of the attending physicians he was hurried on back to Lincoln. He has been confined to his bed since returning home and for some time the gravest doubts of his recovery were entertained, as he was suffering from complications of heart trouble that made his condition most critical. The many Cass county friends of Dr. Lehnhoff, former Louisville man, will be pleased to learn that he is improving and trust that he may soon be on the highway to recovery.

Pacific Junction Wins from the Sluggers

Local Boys Drop One on Sunday at Our Neighboring City—George Sedlacek Proves Local Star.

From Tuesday's Daily— Sunday afternoon the Bohemian Sluggers with their line up badly shattered, journeyed over to our neighboring city of Pacific Junction where they met Mike Flynn and his cohorts and fell before their opponents by the score of 11 to 2.

The Sluggers suffered two bad innings when several hits and errors combined gave the Iowa team the decided edge on the game and made it practically impossible for the Plattsmouth boys to get enough runs over the plate to check the onslaught of their foes. Flynn, who was on the mound for Pacific Junction was effective in the pinches while Frank Wooster was touched up lively in the opening of the game and Louis Svoboda of Malvern, who relieved him was also hit quite heavily by the up and going Junction lads.

The receiving end of the Plattsmouth lineup was handled by Frank Krejci, who was retired from the position with a very severe injury to one of his digits from a foul ball which was succeeded by Frank Koubeck who caught the remainder of the game in very fine shape. For Plattsmouth George Sedlacek featured at the stick as gathered in a three sacker off of the delivery of Flynn. The Pacific Junction team scored five runs in the opening inning and six in the eighth stanza that gave them the victory.

VISITED HERE SUNDAY

From Tuesday's Daily— William Tegtmeyer, his wife and daughter, Miss Edith, were here over Sunday visiting at the home of Mrs. F. D. Lehnhoff and daughter, Miss Tillie. They motored down from their homes at Omaha with other of the Omaha Masons to attend the dedication of the new infirmary of the Nebraska Masonic Home. They enjoyed a very pleasant stay here and were much pleased with the new infirmary building that the Masons of the state have erected here.

The visit here was one very much enjoyed by the Lehnhoff family, who were delighted to meet their old time friends. Runaway car does damage. Saturday afternoon, while Miss Alice Waters was attending the teachers meeting at the high school building she left her Ford coupe parked in the street at the top of high school hill and while the teachers were busy at their meeting the car decided to start out on a tour of personal investigation.

The car started rolling very easily down the steep hill and by the time that it reached Seventh and Main street it had gained quite a headway and was stopped only when it crashed into a small Ford truck near the office of the Drs. Livingston. The truck suffered the breaking of one of the rear wheels while the coupe was not very badly damaged and was soon repaired. If the truck had not been parked in exactly the position that it was the coupe would have crashed into a number of other cars parked nearby and probably would have started them all down the hill into the main traffic along Sixth street.

Miss Peterson was very fortunate in securing such exceptional speakers for her institute and each of the instructors and leaders at the meetings was of the highest type of the modern school instructor.

Prof. I. N. Clark, director of rural work of the office of the state superintendent was one of the leading instructors and gave several very interesting talks on the rural school and its problems both to the teachers and to the members of the county school boards who met on Saturday at the equity court room. Wood, the wizard of figures, entertained in a very instructive way, the teachers with his methods of arriving at the result of grouping figures, his work in addition and other problems being remarkable and creating a most profound impression on his hearers. There was a full attendance of teachers of the county and in every way the institute may be ranked as one of the most successful that has been held so far.

Medical aid was called and the man given what treatment was possible. It was thought that the man had suffered from some form of poisoning and the treatment seemed to revive him altho he was compelled to remain there until this morning before being able to get out. The man gave the name of Earl Fleeman, he having been up to the last of the week employed as one of the night watchmen at the Burlington shops.

While still weak and shaky he is feeling better and is able to be up and around altho still suffering from the effects of the poisoning.

MAKES BIG CATCH

From Tuesday's Daily— One of the biggest catches of the fishing season from the Missouri river is that which is reported by William and John Grebe, the well known fish ermen, who have reduced the work of landing the big fish to a science. The latest of the big catfish to be landed was this week when on Thursday they brought in a 85 pound yellow catfish and on Friday repeated with a fine 79 pound fish of the same variety.

The fish were among the best that have been caught from the river this season and the Grebe brothers are well pleased with their success in this line. Sometime ago the Journal made mention of one of the large sized fish caught in the river here by the Grebe boys, which item was later reprinted in one of the papers in Germany, showing that as fishermen the reputation of the Grebe brothers has become international.
