

### Years of Service

A furnace is an investment. And it should be a wise investment. One that insures comfort and economy over a long period of years.

WEIR Furnaces have been manufactured for more than forty years and many of the first WEIRs are still in active service. It is this kind of service that has placed the WEIR on the pinnacle of leadership and has proven to the furnace industry that WEIR Basic Principles of Construction are RIGHT.

The WEIR is the heaviest constructed steel furnace on the American market and although the first cost is a trifle more, it pays large dividends each year, by saving tons of fuel and delivering pure, healthful, moist air throughout your home.

#### WEIR FACTS

- The heaviest constructed steel furnace on the American market.
- Extra large water pan insures moist, healthful heat.
- Greater heating surface assures more heat and less loss of heat out the chimney.
- Manufactured for more than 40 years.
- Large double door permits the use of any size fuel.
- There are many other WEIR features studied explained to you in detail.

### DEATH COMES

#### TO MRS. JOHN GERRY STARK

Well Known Resident of Elmwood and Prominent Cass County Passes Away Yesterday.

From Wednesday's Daily.— Late yesterday afternoon at her home in Elmwood, occurred the death of Mrs. John Gerry Stark, one of the prominent residents of that section of Cass county and who possesses a large circle of friends over the entire county that will learn with the greatest regret of her death.

Mrs. Stark has not been in the best of health for some time and her

death came as the result of the breakdown of her vitality and strength. The deceased was formerly Miss Minnie Mullen, daughter of Mr. and Mrs. Joseph Mullen, pioneer residents of the county, both of whom have preceded the daughter in death.

Her lifetime, covering a span of some fifty-five years has been spent in the old home and where she has gained many friends by her many splendid qualities as a friend and neighbor and her taking away will leave a place in the community life that will be hard to fill and one in the family circle that only the tender touch of time can soften to the family the grief and sorrow that they have laid upon them.

Mrs. Stark is survived by the husband, two sons, Cecil and Eldon Stark and two daughters, Marjorie and Genevieve, all residing at Elmwood, with the exception of Mrs. Marjorie Miller, who resides at Lincoln. In their loss the family will have the deepest sympathy of the host of friends over Cass county and with whom the Journal joins in the condolences to the members of the family on the taking away of the wife and mother.

Accidents will happen, but the best regulated families keep Dr. Thomas' Eclectic Oil for such emergencies. Two sizes, 30c and 60c, at all drug stores.

### CITY SCHOOLS GET STARTED FOR THE YEAR

High School On Opening Day Shows Large Increase Over Enrollment of Last Year.

From Wednesday's Daily.— School days are now here and the Plattsmouth institutions of learning are busy in the first days of the month of training and study that will give the young men and women of the community their education that they may be properly fitted for the battle of life.

The enrollment on the opening day of school this year far greater than last year and the increase in the high school especially marked the growth of the school.

In the high school the enrollment on the opening day was 294 as against 266 last year and it is expected that this will reach the 300 mark by the end of the week. The large number has exceeded the seating capacity of the auditorium of the school and made necessary the placing of 66 additional seats in the rooms nearby where the students can be handled. There are in the classes of the high school 50 seniors 77 juniors, 72 sophomores and 95 freshmen.

The Junior High school also shows an increase in the enrollment, there being 90 students in the eighth grade and 70 in the seventh grade.

In the grade buildings over the city the enrollment shows the following in the various buildings: Central building, 285; Columbian building, 130; Wintersteen Hill, 45; West second ward, 25; first ward, 24; Mercerville, 18.

The grade schools held school all day yesterday and got started nicely on the work of the term while the high school is today getting down to the long grind that will keep the young people and the instructors busy until graduation and close of school next May.

There are a number of new instructors in the High school and they were introduced formally yesterday to their students and each gave a few remarks to the school in the "getting acquainted" process that will place the mind the students in harmony for the year's work.

#### CELEBRATES BIRTHDAY

From Wednesday's Daily.— The pleasant country home of Mr. and Mrs. W. H. Wehrlein was the scene of a very delightful gathering of little folks in honor of the tenth birthday anniversary of their son, Edward Frederick Wehrlein, the birthday of the young man occurring on September 4th and was most fittingly observed by the little friends and neighbors.

The time was spent most pleasantly from 2 until 5 o'clock in playing the games of childhood days as well as listening to the music furnished by the Victrola which added to the pleasures of the afternoon. A guessing contest was had in which Harold Meisinger was awarded the first prize and Dale Hennings, second prize. The guest of honor received many fine gifts.

The little folks were treated to a dainty two-course luncheon, the feature of which being the cake baked by Mrs. John B. Kaffenberger, a very attractive and handsome specimen of culinary art.

Mrs. Wehrlein was assisted in serving by Mrs. Kaffenberger and Mrs. Ed Smith of Kansas City. Those enjoying the occasion were: Stuart Meisinger, Hillard Speck, Harold Meisinger, Franklin Wehrlein, Dale Hennings, Frederick Wehrlein, Clyde Meisinger, Eugene Meisinger, Marion W. Speck, Archie Reeck, Margaret Shogren, Alma May Moore, Hilda Frederick, Nadine Penton, Malinda Frederick, Wilma Frederick, Hazel Moore, Ruth Shogren, Donald Penton, Arnold Meisinger, Marie Speck, Catherine Meisinger, Mrs. Ed Smith of Kansas City; Mr. and Mrs. John B. Kaffenberger and Mr. and Mrs. J. F. Wehrlein.

#### START FOOTBALL ROLLING

From Wednesday's Daily.— The football followers of the city gathered last evening at the Krefel auto repair shop on North Sixth street to discuss the plans for the coming season and to make arrangements to get the team representing this city on its feet and ready to go when the weather conditions will allow the footballists to start out the season in proper shape.

No organization was affected as yet as the membership of the team will not be determined until all the players come out and have a workout or two to show their stuff. The players who are desirous of getting into the game this season are urged to be out at the baseball park Wednesday evening to try out of weather conditions permit and which will give a slant on who will be willing to get into the game this season. It has also been suggested that the team be sponsored by some of the organizations of the city and that will be taken up with several of the societies of the community with a view of getting their co-operation in the matter if possible. It is hoped in the next two weeks to get the team going in such shape that the scheduling of games can be taken up.

#### SUFFERS SEVERE ACCIDENT

From Wednesday's Daily.— Mrs. R. G. Sward of this city, is suffering from the effects of a very severe accident that she sustained on Monday while attending a family reunion and picnic of her relatives at Alexandria, Nebraska.

The day was being spent in outdoor amusements and in the reports of the accident reaching this city, it is stated that Mrs. Sward was swinging in one of the large rope swings when the rope broke and she fell a short distance to the ground, alighting in such a manner as to cause a fracture of the right ankle. The injury has been most painful and will keep the patient confined to her room for the next few weeks and gives her a great deal of pain as well as inconvenience.

The accident came as a most unpleasant ending of the reunion and picnic and the friends here in this city sympathize very much with the unfortunate lady in her affliction.

Regardless of the type of house you want, I will do my best to find it, and if I can't, no one else can. See

### WOMAN'S CLUB HOLDS THE FIRST MEET OF SEASON

Session at Public Library Auditorium Very Well Attended By Many Old and New Members.

From Wednesday's Daily.— Last evening the Plattsmouth Woman's club held its first meeting of the new club year at the auditorium of the public library which was attended quite largely by the members old and new alike, who took the greatest interest in the outlining of the plans for the year that is before them. The members of the club and which promises to be filled with the greatest of activity for the membership.

The meeting was presided over by Mrs. Allen J. Beeson, 1925 president, who outlined a few of the plans that it is hoped to realize in making a greater interest in the club work and in bringing up the standard of the club membership to a very high point.

One of the chief matters to be taken up was the election of delegates to the state convention of the state federation which will be held at Scottsbluff October 26th to 30th, inclusive, which is regarded as one of the greatest events of the year in the club circles. For delegates the Plattsmouth club named Mrs. Beeson, as president, Mrs. William Woolcott and Mrs. Fred Lugsch.

The president also announced the members of the various committees for the year and which includes a large number of the club activities that the club is planning.

The members of the club voted to donate the sum of \$25 to the community building fund of the American Legion which is now being raised by popular subscription among the citizens of the community. Other matters of great importance were considered, among which was the plans for holding a social meeting on Friday, September 18th, the place of holding which will be announced later.

#### C. A. HARVEY IMPROVING

From Wednesday's Daily.— Yesterday Mr. and Mrs. George W. Goodman were at Omaha where they visited at the Methodist hospital with C. A. Harvey, father of Mrs. Goodman, who was stabbed a week ago at the county farm west of the city, while he was endeavoring to quiet a dispute between two of the aged residents there.

The family report Mr. Harvey as showing the most marked improvement which has been very pleasing to them as well as to the host of friends over the country. For the first time since the unfortunate accident, Mr. Harvey has been permitted to take solid food and the wound has commenced to heal very nicely and gives every indication of the patient's early recovery from his injuries.

Up until Sunday his case had been considered quite serious and for several days there has been a great deal of apprehension as to the outcome of the case but the crisis of the case seems to have been safely passed and the patient now on the highway to recovery.

#### Rules for Decorations.

While attractiveness in the decoration of a home is somewhat a matter of taste, the following general rules which are far reaching may be stated: Sharp contrasts of light and dark should be used sparingly and in only places where it is desirable to attract attention. Strong contrasts introduce variety. They are bold, active, exciting, stimulating. They must be used carefully and are difficult for an inexperienced person to adjust. They are likely to over stimulate and become tiresome. They do not wear well. Close harmony of tones without strong contrast is restful, calm, peaceful and satisfying, but in choosing close harmonies, care must be used to make them not so close as to lose variety and produce monotony.

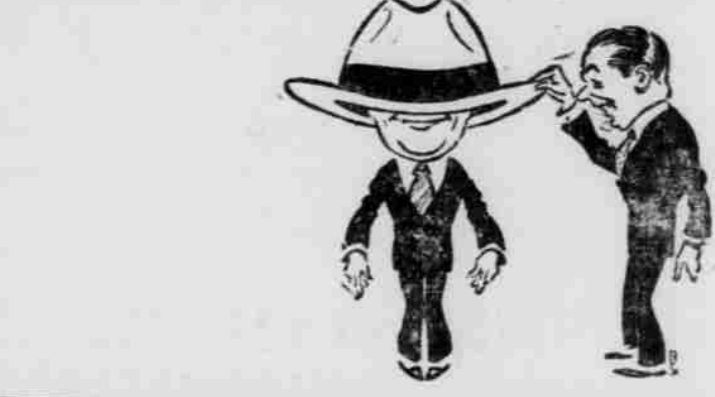

#### Sewing Machine Darning Easy.

Household linens, table cloths, napkins, towels, sheets and pillow slips may be darned on the sewing machine. It is really stronger than darning done by hand, it is more easily and quickly done, and it relieves the eye strain of close hand work. Fine thread in the needle will make much neater work. Embroidery hoops will hold the work tightly to be darned. The presser foot should be removed from machine, hoops up. The tension of the thread should not be to tight. The stitches should be put in around the worn places first, then across it parallel to the threads in the material. Care should be taken to move the material in time with the needle since the presser foot is gone and the moving must be done by hand.

### Enjoy Pleasant Reunion Sunday at Avoca Home

Old Friends and Relatives Enjoy a Visit with Guests from Indiana—Picnic Dinner Served

In honor of Albert Rosenberger and daughter, Della, of Veedersburg, Ind., and the former's grandson, of Perryville, Ind., Albert Miles, occurred a reunion of old relatives, neighbors and their descendants, at the farm home of Mr. and Mrs. L. C. Rubge, Avoca, Nebraska, on Sunday, September 6th.

A sumptuous picnic dinner was served on the spacious lawn, consisting of chicken and all the trimmings, and capped with huge watermelons to which everyone did ample justice. Mrs. T. S. Pitman, Avoca, cousin of the estimable guest, talked over old times, while the other people listened with interest. It was the Hoosiers' first visit west, so was enjoyed very much by all of the party.

Those present upon this happy occasion were the guests of honor, Albert Rosenberger and daughter, Della, Veedersburg, Indiana; and Albert Miles, Perryville, Indiana; Mr. and Mrs. T. S.
