NO. 66

SEASON FOR HAPPY HUNDRED SUPPERS IS NEAR

Committee Will Take Up Matter and Try and Determine the Wish of Citizens For Suppers.

From Thursday's Daily—
For the past two years the men of the community have enjoyed every month the suppers held once each month in which some 100 of the men have joined and which was very appropriately designated the "Happy Hundred" suppers.

The season of the year is fast approaching when these suppers will again be taken up if the public feels that they wish the continuance of the gatherings that proved so pleasant in the past.

President James T. Begley of the Chamber of Commerce has appointed as the committee for the year, E. H. Wescott, L. O. Minor, S. E. Davis and Guy W. Morgan, who have served so efficiently in the past.

This committee will make a canvass of the community and learn if there are enough citizens interested sufficiently to arrange to subscribe for six of these gatherings or at least three of the suppers at once, so as to save the time that is necessary in making trips out to handle the tickets and the proposition. There is a great deal more work to be done in arranging and carrying out of the suppers than the average person attending really appreciates and the committee wishes to have a clear and definite understanding of the support that they will receive before the affairs are formally launched. Not only is there a great deal of time demanded in the sale of tickets and the arranging of the financial end of the suppers, which must be self-supporting, but also there are the arrangements of the program, the securing of entertaining and worthwhile speakers and the preparation of the events that will make each one a real attraction in themselves.

The splendid work of the committee in the past has brought here some of the cleverest men in this portion of the west to meet with the Plattsmouth men and entertain and give them real messages, is to be commended and it has been the general expression that the "Happy Hundred" suppers are a real asset to the men of the community.

Those who have enjoyed the suppers and appreciated the programs prepared as well as the fine menus by the ladies of the city should give the committee their heartiest co-operation by getting in early with their pledges for tickets.

The suppers this year will be made as snappy as in the past and with the capable and experienced committee they should be even better than last year if that would be possible.

AUTOS HAVE SMASHUP

From Thursday's Daily—
This noon quite a serious auto collision occurred on North Fourth street when the autos of A. O. Moore and O. M. Kintz came together near the intersection of Fourth and Oak streets. The cars were both quite badly damaged, that of Mr. Kintz having the bumpers and fenders badly damaged and the engine and gear suffering also from the effect of the impact of the two cars.

Mr. Kintz was quite badly bruised and shaken up in the accident, but fortunately suffered no broken bones or internal injuries as far as could be determined at this time. He was taken home and is now recovering and is suffering a great deal from the effects of the shock but otherwise seems to be all right. Mr. Moore was also bruised up some and suffering from the effects of the accident although not in the severe degree as Mr. Kintz.

GEOLOGISTS HERE

From Thursday's Daily—
Yesterday afternoon George H. Girty and P. V. Roundy, of the United States geological survey at Washington, arrived in the city and will spend a few days looking over the soil and rock formations in this vicinity. They will inspect the formations from this city south to Rock Bluff and also west and south of this city, studying the formations and securing data for their bureau. They have been working in eastern Iowa and will go from here to Kansas to continue their studies of the land formations. In conversation the gentlemen state that many interesting fossils have been unearthed in this section of the state including sea shells that have been found imbedded in rock and which represents the period when this section of the North American continent was a vast sea.

TEACHING IN DAKOTA

From Thursday's Daily—
Miss Helen Tomala will depart on Friday morning on the Burlington to Sioux City, Ia., and then on the Chicago Minneapolis and St. Paul to Eureka, So. Dak., to teach school this year. She taught school last year near the place where she is going to teach this year and liked it very much although it was quite cold during the winter.

TEST OUT HOSE

From Thursday's Daily—
The Plattsmouth fire department was busily engaged yesterday in making tests of the hose used on the various carts and fire fighting apparatus of the city. There was some 1,000 feet of the older hose in use tested out as to its wearing qualities and durability for use in the case of fire and some 400 feet was found to be defective and will be used for other uses than on the carts. The motorized cart has new hose on it and this will be largely used with the carts as emergency means of fire fighting from the different branch fire stations. The testing of the hose was looked after by Fire Chief Sandin, John Hart, Carl Ote, Fred Lugsch and Claude Smith.

FORMER PLATTS-MOUTH BASEBALL PLAYER IN WEST

Droege, Former Star on Local Red Sox Team, Still Playing Out in Wyoming.

From Thursday's Daily—
The Plattsmouth baseball fans of the past year will be interested in learning of the fact that Emil Droege, who once performed at second and shortstop for the Plattsmouth team some ten or twelve years ago, is still hitting the old pill out in Wyoming where he is now located.

Emil is playing on the team at Superior, Wyoming, where he has been engaged in working for the past few years, and from the press accounts of his work received from the Green River papers he is still making a record in clotting the ball. In his present season in the South-eastern Wyoming league, Droege has been playing the outfield in which he has shown speed and an errorless record that has been only surpassed by his splendid hitting and general all-around play. He has won several times in these games and has been one of the features with his hitting, several home runs being checked up to his credit while his consistent hitting in every game has added to the strength of his team.

In the present season in the South-eastern Wyoming league, Droege has been playing the outfield in which he has shown speed and an errorless record that has been only surpassed by his splendid hitting and general all-around play. He has won several times in these games and has been one of the features with his hitting, several home runs being checked up to his credit while his consistent hitting in every game has added to the strength of his team.

While here, Mr. Droege was one of the main factors in the baseball machine of the Red Sox and his excellent work here was the contributing factor in a number of games toward the winning of the contests on the local lot. That he is still a strong player in the game will be pleasing news to the old friends in this community.

ENTERTAIN FOR BRIDE OF EARLY FALL SEASON

Social Event Held at Home of Mrs. Ray McMaken in Honor of Miss Helen Egenberger.

From Friday's Daily—
Yesterday afternoon, Mrs. Ray McMaken, Mrs. Henry C. McMaken and Mrs. Sherman Taylor of Wymore entertained very pleasantly at the Ray McMaken home, a number of the ladies of the city in honor of Miss Helen Egenberger, whose marriage to James Howard Carter of Omaha is to take place in the next few weeks.

The occasion was in the nature of a handkerchief shower, the form of the shower being that of a 6 o'clock bridge tea which was most charmingly arranged and carried out in a very delightful manner.

The color scheme of the tea was in pink and white, this being carried out in the profusion of fall flowers whose beauty gave added charm to the scene.

In the playing Mrs. Leslie Turpin was awarded first prize while Miss Margaret Scott received the consolation prize and the guest prize of the afternoon was given to Miss Egenberger.

In honor of the approaching marriage of the guest of honor she was showered with a large number of very handsome and attractive gifts that will be cherished as the remembrances of friends in the community where she has grown to womanhood.

NOT ON PERU FOOTBALL SQUAD

The Plattsmouth students who are entering on their work at the state normal this year, this is, the male students, write that the prospects of any of the Plattsmouth huskies getting on the college team this season are decidedly dim as there are eleven of the fast letter men of last year's team reporting who will have first chance at the moleskins.

The Plattsmouth boys, who include Joe Krejci, Russell Wasley and Stuart Chase, all former high school basketball players, are being looked over for the basketball season and will probably be given a workout and some at least should make the varsity team as they have shown much brilliant playing in their high school days.

WELL KNOWN YOUNG PEOPLE ARE MARRIED

Miss Mary Ahrens Becomes the Bride of John Kettlehut at Pretty Wedding Near Nehawka.

From Thursday's Daily—
Yesterday afternoon at 2 o'clock the pleasant country home of Mr. and Mrs. Dan Anderson, three miles southwest of Nehawka was the scene of a very pretty home wedding, Miss Mary Martha Ahrens, sister of Mrs. Anderson, became the bride of Mr. John Kettlehut.

The home was very tastefully arranged for the wedding ceremony, the bright hued flowers of the late summer season being placed in profusion throughout the home and lending their witchery of beauty to the happy scene.

The young people, on entering the parlor, took their station before the Rev. William A. Taylor of Union who in his usual impressive manner conducted the ring service that was to unite in the bonds of wedlock these two estimable young people.

The bride was most attractively gowned in light blueorgette over Coleride, the wedding gown making a very beautiful setting for the charming bride. Miss Ahrens carried a bouquet of the bride roses.

The bridal party was attended by Miss Clara Ahrens, twin sister of the bride, as bridesmaid and Mr. Otto Ehlers of Nebraska City, a cousin of the bride as the groomsmen. Miss Ahrens wore a very striking gown of purple velvet trimmed with gold and carried a bouquet of the handsome purple asters.

Following the marriage ceremony and the congratulations given the young people, a delightful refreshment were served to the guests by Misses Emma Chappell and Clara and Pauline Ehlers, that served as a pleasing note of the happy occasion.

Mr. and Mrs. Kettlehut departed in the late afternoon for Denver and returned where they will enjoy a short honeymoon in that pleasant section of the west and on their return will make their home on a farm one mile north and two miles east of Murray, where they will be at home to their friends.

One of the youngest daughters of Mr. Ernest Ahrens, one of the highly esteemed residents of the vicinity of Nehawka and has grown to womanhood in that locality where she has attended school and has spent practically her lifetime. A lady of the greatest charm of personality her friends are legion in that community.

The groom is a son of Mr. and Mrs. Rheinhold Kettlehut, like the bride having made his home in the vicinity of Nehawka since childhood days and is a young man possessing the finest esteem and respect of many friends in the southern portion of the country.

The many friends of the two contracting parties are joining in their well wishes for the future happiness and success of these estimable young people in their new home.

DILL-APPLEBY

Miss Lavina Dill and Mr. Ray Appleby of Gandy, Neb., were married at North Platte, Neb., on Wednesday, September 2nd.

On the following day, Mr. and Mrs. Appleby, Mr. and Mrs. Chas. Dill, parents of the bride, and Miss Doretta Dill autored to Weeping Water to visit the grandmother of the bride, Mrs. Chas. Philpot and a host of other relatives.

On Sunday, Sept. 6th, seven cars of relatives and friends autored to Shenandoah, Ia., visited the different nurseries and took in the town. There they had a picnic dinner on the fair grounds near the Henry Field broadcasting station.

They returned to Nebraska City and had a picnic supper at the Sutton park. It was a delightful day and will long be remembered.

During the week a large number of the relatives took their dinners and spent the day at the state fair at Lincoln.

Saturday afternoon a miscellaneous shower was given at the home of Mrs. Chas. Philpot on Eldora Ave. The rooms were beautifully decorated with autumn flowers, the color scheme being pink and white. The ladies put in a part of the afternoon hemming tea towels for the bride. The bride was given a shower of dainty and useful articles with which to beautify her new home. Later, ice cream and pink and white angel food cake were served.

Many hearty congratulations were extended to the bride and groom for a long and happy life.

The young people will visit relatives in Nehawka, Murray, Omaha and Waterloo, Nebraska, before returning to their home near Gandy, where the groom has a home in readiness for the bride.—Weeping Water Republican.

From Friday's Daily—
Miss Alice Louise Wescott departed yesterday afternoon for Chicago, where she will resume her work at the Northwestern university, and was accompanied as far as Chicago by Miss Ursula Herold, who is going to Boston to take up her work in Smith College, one of the leading women's universities of the country.

RETURNS FROM INDIANA

From Thursday's Daily—
Dr. J. H. Hall, who has been enjoying an auto tour through Indiana, returned home yesterday after a very pleasant time spent in the Hoosier state, the early home of his family and where there are still many of the relatives located near the ancestral home at Alexander. The doctor had a very interesting time and covered practically every section of the old home state in his tour, coming into the state at the northwest portion and visiting a large number of the cities of the state including Kokomo, Anderson, Terre Haute, and Indianapolis. While at Indianapolis, Dr. Hall enjoyed the big state fair and the many points of interest in that portion of the state. The trip was made very nicely via the Ford coupe and the doctor experienced little difficulty in getting along the road even though his route took him through some very congested territory.

DONATIONS TO BUILDING FUND STILL COMING

Ladies of the City Taking a Great Interest and Chamber of Commerce Pledges \$100.

From Thursday's Daily—
The interest in the community building program of the American Legion which has as its goal the securing of an auditorium that could be used for community gatherings, conventions or large public gatherings, is meeting with a very general response from the public that is most gratifying and while the campaign is now reaching the individual stage and making the work necessarily slow, the responses are more than gratifying to the committee in charge and indicate the very general desire of the citizens to see the new building well under way.

One of the latest aids that the fund has received was today when the directors of the chamber of commerce voted the sum of \$100 to the fund and which will provide a nice donation to the sums that are daily pouring into the fund for the new building.

The committee that has charge of the campaign for the building have been delighted with the way that the ladies of the city are getting back of the movement and the most enthusiastic boosters that the civic auditorium has found has been in the ranks of the ladies of the city. The members of the W. C. T. U. have voted the sum of \$25 for the use of the auditorium and also have a small collection at their meetings that goes into the fund and will materially help swell the sum total of the building project money.

The Eastern Star Kensington ladies have also loaned the Legion project with their donation of \$25 to the fund and which represents a very fine contribution from this organization and one that is most thoroughly appreciated by the Legion and its members.

Such co-operation and aid brings nearer and near the realization of the hope for a real city auditorium in the next few months that will be a credit to the city.

VISITS OLD FRIENDS

From Thursday's Daily—
Mrs. C. D. Eads, an old time Plattsmouth resident, who is now in the city of Los Angeles, has just returned to her home in Omaha after a three months' stay on the Pacific coast and visiting points of interest in California and the west. Mr. and Mrs. Morgan and daughter, Miss Gertrude, visited at Omaha yesterday with the Eads family and enjoyed the many interesting accounts of the old friends who are now residing in California.

Mrs. Eades spent several weeks visiting with Mr. and Mrs. C. A. Atkinson at Del Monte, California, where they are doing nicely, and with the fine new car that they have Mrs. Eades was able to enjoy many pleasant drives out of that city. Mrs. Atkinson will be remembered in this city as being formerly Miss Jeanette Morgan, sister of F. G. and D. C. Morgan.

At Los Angeles Mrs. Eades met dozens of the old friends, who have migrated to the west coast from this city and who were eager for a word from "back home" in Nebraska. While there Mrs. G. S. Burron entertained a number of the Plattsmouth colony for Mrs. Eades and where she met many of the old friends.

Among the old acquaintances that Mrs. Eades reports meeting were Mrs. A. E. Gass and daughters, Lucille and Helen, C. F. Stoutenbrough, one time agent here of the M. P. railroad, Mrs. Katharine Mine Frank Dunbar, Melville, Mr. and Mrs. Wayne Twitchell, Mrs. Sue Morrissey and sister, Mrs. Margaret Sampson, the G. F. Houseworth family, Dr. Albert A. Fricke, James M. Patterson, now connected with one of the large banks there, as well as the Frank Dunbar family, who are the newest additions to the Plattsmouth colony at Los Angeles.

PLATTSMOUTH GIRL DISPLAYS COOL HEADEDNESS

Miss Ora Allen by Prompt Work in Administering First Aid, Saves Driver Much Suffering.

From Friday's Daily—
A Plattsmouth girl, Miss Ora Allen, daughter of Mr. and Mrs. Miles M. Allen of this city, a few days ago proved herself a real life saver to an injured driver and by her prompt work in administering first aid and caring for the injured man, kept him conscious until the arrival of the ambulance that was to take him to the hospital.

Miss Allen has been engaged as a stenographer in the store of the Nebraska Mercantile company, at 1007 Farnam street, Omaha, for some time, and a few days ago she heard a cry from the rear end of the store building as she was engaged at her work. Miss Allen ran to the source of the cry and descending to the basement of the store discovered Walter S. Young, 3225 Third avenue, Council Bluffs, lying there in a partially unconscious condition and suffering from serious injuries occasioned by falling some twelve feet through the open elevator shaft.

Miss Allen, who had taken six months' of nurses' training at Kirksville, Missouri, in 1923, was able to render efficient aid in caring for the injured man and those who were attracted to the scene of the accident gave her full credit for keeping the man conscious and making the temporary dressings and treatments of the injured man until he was removed to the hospital.

It seems that Young had backed his team to the rear of the building to make a delivery. He stepped to the elevator shaft to prepare it for unloading merchandise. Apparently failing to notice that the elevator was not there, he fell to the basement.

Miss Allen, who made herself a real heroine in the accident, stated that she was intending in the future to complete her nursing course "because it's something to be interested in that also does some good."

LEGION-ELKS CARNIVAL WEEK OF NOVEMBER 9

Date for the Big Fall Indoor Festival Definitely Set by the Committee in Charge of Dates.

From Friday's Daily—
The committee on arrangements for the big joint indoor carnival which is to be held by the American Legion and Plattsmouth lodge of the Elks, last evening fixed the dates for this festival that it is hoped will be made one of the greatest entertaining features of the fall and winter season.

The carnival will open on Monday, November 6th and will close on Saturday evening, November 14th. The dates will cover the observance of Armistice day and will be in the season of the year when the weather should make this indoor entertainment most pleasing.

The details of the big event will be worked out in the next few days and the organization started in earnest to make the occasion a record breaker in the history of the city and one offering many means of entertainment as well as opportunities for helpfulness to the cause that the carnival will be called upon to aid—that of the American Legion community building.

The carnival proceeds will practically all be devoted to the fund being raised for the erection of the new community auditorium sponsored by the Legion, the Elks making a large donation of their share of the receipts to the project, while the Legion will apply all of their share to the cause of the new building.

Special features are planned for the carnival that will be certain to make the occasion one of the greatest interest.

As soon as the full arrangements and features of the carnival are completed the announcement of them will be made in the press that will give everyone a chance to get in and enjoy every one of the six big nights of fun and pleasure.

WILL ATTEND DRAKE COLLEGE

From Friday's Daily—
Clifford Cecil, who has been here for the past year with the Nebraska Gas & Electric company, is to leave soon for Des Moines, Iowa, where he will enter Drake university, one of the leading schools of that state, to carry on his studies in the college of liberal arts. Mr. Cecil is a native son of Plattsmouth and his friends are very much interested in his future and his decision to continue his educational work is very pleasing.

The place of Mr. Cecil will be filled here by Mr. Smith who has been sent here by the Nebraska Gas & Electric Company to fill the position and who will be a part of the community life.

ENJOYS PLEASANT VISIT

From Friday's Daily—
Miss Ethel Born, from west of Plattsmouth, has been enjoying a visit for the past week or ten days with her friend, Miss Clara Gobelman at the very pleasant Gobelman home east of Murray. While in that hospitable neighborhood, Miss Born was also entertained at the home of Mrs. Dove Ash, one of the most charming homes in that community and also at the home of Mrs. Jennie Klimm, where she was most delightfully entertained. Miss Born will also visit at Plattsmouth with relatives and friends for a short time and then goes to Omaha for a week's visit, after which she will take up a situation in the state metropolis. She is very appreciative of the splendid time afforded her at the Gobelman and other homes in the Murray vicinity as Miss Clara, Mrs. Ash and Mrs. Klimm are royal entertainers.

CITY TEACHERS ARE TENDERED RECEPTION

Very Pleasant Event at the High School Auditorium Attended by Large Number of People

From Friday's Daily—
Last evening the formal reception for the new teachers of the city schools which was tendered by the Board of Education at the auditorium of the high school building was quite largely attended and enjoyed by the residents of the community.

The teachers were stationed in groups over the room and each group through their patroness received the introductions to the ladies and gentlemen in attendance at the pleasant occasion. Mrs. A. J. Beeson served as the patroness for the high school, Mrs. A. D. Caldwell for the Junior high school, Mrs. R. B. Hayes for the Central building, Mrs. W. R. Holmes for the Columbian building, and Mrs. J. E. Baldwin for the Wintersteen Hill and other ward schools.

During the evening there were several very pleasing numbers given by the High School orchestra, xylophone solos by Edgar Wescott and several saxophone selections by Harlan Gorder, one of the accomplished musicians of the schools.

During the evening punch was served by Guy Morgan, that added to the enjoyment of the occasion.

The members of the Board of Education were in the receiving line to meet the citizens and school patrons who had gathered to enjoy the very pleasant social event.

Those who attended felt amply repaid in their attendance by the very fine time that was provided and the opportunity of meeting the many new teachers who have come here to assist in the training of the young men and women of the community.

NEW ARRIVALS IN COMMUNITY

From Friday's Daily—
In the last few days several new residents have come to make Plattsmouth their future home, a fine little son arriving at the home of Mr. and Mrs. William Simmons, wife at the home of Mr. and Mrs. Otto W. Salzbranner, just south of this city a fine little daughter was registered and announced her intention of becoming a permanent resident here.

TROOPS STOP HERE ON WAY TO OMAHA

Battery A, 9th Field Artillery and Part of 17th Infantry Trans. Corps Make Night Stop

From Friday's Daily—
The streets of the city were very liberally sprinkled last night with the khaki uniforms of the soldiers of Uncle Sam and afforded a reminder of the war times when so many were wearing the olive drab and many others seeking to keep from it.

The occasion of the uniforms here was the fact that this city had as guests last night Battery A of the 9th Field Artillery, whose home station is Fort Reilly, Kansas, as well as a part of the transportation section of the 17th Infantry.

The 17th Infantry is returning to their station at Fort Crook and Fort Omaha after a two months' stay at Fort Leavenworth, Kansas, where they have been in charge of the citizen's military training camp. The larger part of the troops were returned to Fort Crook by train while the mules, machine gun carts, wagons and motor transportation is being taken overland by the drivers who on their way back made the brief stop here.

The battery of the 9th Field Artillery is the first unit of their organization to pass through this city en route to Omaha, where they are to participate in the great military spectacle that will feature the American Legion convention and in which all of the troops in the 7th Army Corps area will participate. The battery has their entire unit, including their field pieces with them, and will be followed later by other batteries to join the troops in Omaha.

The 14th cavalry from Fort Des Moines as well as the 2nd Cavalry from Fort Reilly, Kansas, will also join the troops in Omaha for the Legion convention, the Iowa detachment arriving via Council Bluffs, while the troops from the Kansas post will pass through this city on the way to Omaha.

While here the troops were camped for the night near the Nebraska Masonic Home and started this morning at 5 o'clock for Omaha, to remain until after the big convention, and the 17th infantry boys to enjoy a rest at their home post again, after a strenuous summer spent in training rookies at the citizens' camp.

RAIN BRINGS RELIEF

From Friday's Daily—
The rain that came at an early hour this morning brought a great relief to this community and ended an excessively hot period of several days in which the temperature here was at full mid-summer heat. The hottest place in the state yesterday as reported, was Fremont with 103, while Omaha and Plattsmouth, with 88 degrees, furnished a hot second. North Platte was only a few points behind, with 96 in the shade.

The weather man holds the hope of cloudiness for this section and not so warm in this part of Nebraska and western Iowa.
