mined, but as Mr. White has been farming it is supposed they will continue. Mr. White is well known to all the people about Greenwood and the young lady who was Miss Alice Dessonville formerly lived at Minneapolis. **Lost Their Car in Fire**

Some time since Grant Peters and John Bricker went to South Dakota where they were assisting in caring for the threshing which was to be done there. They were working about Westington where they had their car stored, a universal touring car, and at night the garage in which it was placed caught fire burned to the ground as well as consuming the car. They returned home via the train.

**Departed For the West**

C. E. Perry and Jack Wynn and family departed in their car last Tuesday for the west and will go to Utah where they will probably make their home for some time.

**Sure Has a Fine Plant**

W. E. Newkirk the market man and grocer, whose trade has been increasing and especially in the line of beef sales, that he has been compelled to add more to his refrigeration, was in Omaha last Monday where he purchased an additional eight horse pull engine for the purpose of caring for the refrigeration. This is on account of the added business which has recently come to his place and which has been quite extensive in the past. Mr. Newkirk by his fine dealing and selling nothing but the best has built up this business which he is now enjoying and which he takes pleasure in furnishing the people just what they want. Mr. Newkirk says that during a period of thirty-five years he never saw as trying a time to care for refrigeration of meat as during the past thirty days. This has surely been a spell of weather and no katydid as yet have "holered," they like the groundhog takes six weeks.

The teachers with a determination to make this the best school year, greeted the scholars last week when the school opened and there were a lot of them to greet for the attendance was excellent. **Home From Visit in Iowa**

Ally Ethredge who has been at Pleasantville for some time past where he has been visiting at the home of his daughter, Mrs. Ralph Cart, for the past several weeks, reports a very pleasant time while there. Mr. Ethredge was for a number of years the mayor of Pleasantville and of a necessity thinks that a most pleasant place to live and visit, probably why the name "Pleasantville."

**Many Attend Funeral**

Many people of Greenwood and vicinity were at the funeral of Wm. Loder and Mr. and Mrs. James Travis which occurred at Waverly on last Thursday as they were well known here. The funeral was held from the Methodist church and was attended by about one thousand people. Three young men from Chicago and 22 from Lincoln, members of the fraternity to which he had belonged to were present at the last sad rites of those who killed.

**Ship Their First Car**

The Peters Grain company which is an organization under the state laws of Nebraska which has just been organized and are doing business, shipped their first car of corn last Friday and are ready for business, but as the crop of last year has been pretty well disposed of and the wheat likewise, there will be probably but little until the coming of the present crop of corn.

**Return from the Northwest**

Albert Timm and wife with their little son, Raymond, who have been in the northwest portion of the state for the past two weeks, arrived home the first of last week and report having had a very fine time while they were away. They visited at the home of Bert Wilson where Mrs. Timm's brother, Carl Tomlin, is employed and had a most excellent visit. **JAPAN RETURNING TO GOLD STANDARD**

New York, Sept. 17.—The first step in Japan's return to an actual gold standard will be taken next week when a shipment of 4,000,000 yen in gold will be consigned to the Federal Reserve bank of New York, it was learned in authoritative financial quarters Wednesday.

This will be the first gold to leave Japan since 1917 when the Japanese government proclaimed an embargo on shipments. Other shipments to the United States are expected to follow to provide funds here to strengthen Japanese exchange, preparatory to the definite re-establishment of a free gold market in Japan.

President Coolidge's message read in part: "In remembrance of the late President Harding, I was naturally reminded of the eloquent and feeling address which he made in Vancouver to the people of that city, and of the long standing friendship, I find myself unable to add anything, as I would assuredly be unwilling to take anything from it. This address, together with the splendid reception and welcome given to him by the people of Vancouver and the western Canada constitute a new pledge to the continuance of the long and unbroken friendship between these countries, a guaranty, let us all be confident, of another century of continuing amity and co-operation. The United States has no higher ambition than that which inspires it to desire a continuance of these mutually beneficial relations which have so long existed between it and its nearest neighbor among the world's great nations."

"The memory of President Harding will always be associated with his intense desire to promote good will among the nations and especially to cultivate the most friendly relations with our brethren of Canada," Secretary Hughes said.

## GRAND ARMY VETERAN CALLED TO HIS REWARD

Last Resident Member of the G. A. R. David J. Hoenshell Passed Away Friday of This Week.

From Saturday's Daily—

The Grand Army of the Republic is fast disappearing and their place is being occupied by the American Legion, which is a healthy young organization and one which should help purify politics and society and America. At Greenwood on Friday occurred the funeral of the last resident member of the G. A. R. post of Greenwood, there being four other members, they being, "Ed" Coleman, "Seph" Carne and Paul Crauche, all of Lincoln and B. F. Laughlin of Burwell, but as they are making their home away from here Mr. Hoenshell is virtually the last of the Grand Army of the Republic in Greenwood. This was a most magnificent army when engaged in the preservation of the union and they have been an organization of a patriotic character for the past half century and more, and they are just now at the very going down of the run of life, and but few years more only can be their's to enjoy with their friends here.

Mr. Hoenshell was stricken by paralysis some ten days since and was nursed with tenderness, emanating from the love of his daughter and friends. He has fought his last fight, made his last charge, and was faithful to all the obligations of a good citizen which have been placed on him and was mustered out of the work here to take his position in that better land on the other side. There was a large number of people from out of town and all of the citizens of Greenwood and vicinity out to honor the memory of this grand old man. The funeral services were conducted by the Rev. C. A. Park, a minister of the Christian church, and assisted by the American Legion post of Greenwood, who fired a salute at the last resting place of one who in the years that they have known him they have learned to honor and respect, and whose memory they will ever revere.

Mr. Hoenshell was the grandfather of Earl Hoenshell of Plattsmouth and who was at Greenwood at the time of the death and for the funeral of the grandfather.

## LINGOLIN WOMAN GAINS 12 POUNDS ON KARNAK

"I'm The Happiest Woman In Town Since Taking This Wonderful Medicine," Says Mrs. Fred C. Miller.

"I'm the happiest woman in town since taking this wonderful medicine, Karnak," declares Mrs. Fred C. Miller, of 718 J St., Lincoln, Neb.

"Why, before I got Karnak my case was so terrible I just thought my time was near. My stomach was so upset that often I couldn't retain even the lightest of food, and I just stayed bloated with gas, with my tongue all coated over, and so weak from constipation and suffering I could hardly do my housework.

"I had been in this miserable state of health for nine long years. I had the most awful pains through my back and just felt so nervous and sick that sleep was simply out of the question.

"But now six bottles of Karnak has put me in perfect health. It has actually built me up from 90 to 102 pounds in weight, and I eat as I please and work around the house all day without tiring. My troubles have gone completely—everyone of them.

"My two sons take Karnak also and think it's wonderful. And as for me, I wouldn't take a fortune for what this glorious medicine has done for me."

Karnak is sold in Plattsmouth exclusively by F. G. Fricke & Co., and by the leading druggist in every town.

**HARDING MEMORIAL MONUMENT UNVEILED AT VANCOUVER**

Intended to Perpetuate International Good Will; President Coolidge Sends a Message.

Vancouver, B. C., Sept. 16.—Under ideal weather conditions, a Harding international good will memorial was unveiled in Stanley park here today by the International Kiwanis clubs. John H. Moss of Milwaukee, president of the Kiwanis international, who officiated, said "Kiwanis international now dedicates this monument to its former fellow member, the late president of the United States, Warren G. Harding."

English and Canadian songs were sung. In the exercises, messages from President Coolidge, former Secretary of State Hughes and thirteen American governors were read.

The monument was erected by Kiwanis clubs where Harding spoke while visiting the Pacific coast in 1923, shortly before his death.

United States Senator Frank B. Willis of Ohio, J. H. King, minister of public works for Canada, and President Moss of the Kiwanis international, all spoke.

President Coolidge's message read in part:

"In remembrance of the late President Harding, I was naturally reminded of the eloquent and feeling address which he made in Vancouver to the people of that city, and of the long standing friendship, I find myself unable to add anything, as I would assuredly be unwilling to take anything from it. This address, together with the splendid reception and welcome given to him by the people of Vancouver and the western Canada constitute a new pledge to the continuance of the long and unbroken friendship between these countries, a guaranty, let us all be confident, of another century of continuing amity and co-operation. The United States has no higher ambition than that which inspires it to desire a continuance of these mutually beneficial relations which have so long existed between it and its nearest neighbor among the world's great nations."

"The memory of President Harding will always be associated with his intense desire to promote good will among the nations and especially to cultivate the most friendly relations with our brethren of Canada," Secretary Hughes said.

## MAY ASK COOLIDGE TO CALL CONGRESS

Lawmakers Anxious to Have a Session Soon For Codification of International Law.

Washington, Sept. 16.—One of the tangible results that is considered likely to grow out of the twenty-third conference of the inter-parliamentary union here, October 1 to 6, is a request to President Coolidge to call a conference for the codification of international law. This, if materialized, would supplement the work done along these lines at The Hague conferences.

The headquarters of the union here estimates that about half of the members of both the senate and house are members of the organization, and many among these are keenly interested in seeing a further step taken in international law codification. Enrollment by a member of congress is the only requisite for membership in the union.

The officers of the American group of the inter-parliamentary union, which is acting as host at the conference, are: President, Senator McKim of Illinois; vice presidents, Representatives Montague, Virginia; Temple, Pennsylvania; and Oldfield, Arkansas; treasurer, Representative Sabath, Illinois; secretary, Representative McSwain, South Carolina. Arthur Deerin Call of Washington is its executive secretary.

The executive committee of the group comprises Senators McKinley, Illinois, chairman; Robinson, Arkansas; Swanson, Virginia, and Curtis, of Kansas; and Representatives Britten, Illinois; Burton, Ohio; Cooper, Wisconsin; McLaughlin, Michigan; Connally, Texas, and Raker, California.

Efforts to have Senator Borah of Idaho, chairman of the foreign relations committee of the senate, address the union have been unsuccessful, due to prior engagements. Senator Swanson, ranking democrat on that committee, will be in charge of the discussion of the pan-American union, which will form one of the features of the conference.

## WHOLESALE PRICE LEVEL KEEPS UPWARD TREND

Washington, Sept. 16.—The upward trend of wholesale prices was shown in a report made in Washington by the labor department to have continued through August.

On the basis of reports covering 404 commodities, the weighted index number of the bureau of labor statistics with a hundred representing the pre-war level, was fixed at 160.4 for August, as compared with 159.9 for July and 149.7 for August a year ago.

Rising prices of rye, wheat, cattle, hay, hides, tobacco, the review stated, accounted for an advance in the level of prices for farm products from 161.8 in July to 163.1 in August, while increases for meats, butter, coffee and flour were largely responsible for raising the food price index from 157.3 to 159.2.

**PRINCE OF WALES MAROONED BY HEAVY FALL OF SNOW**

Santiago, Chile, Sept. 16.—The prince of Wales was still marooned at Los Andes, the Chilean terminus of the trans-Andean railway, today. He was caught there yesterday when on his way back to Argentina from his visit to Chile by heavy snows which blocked the railway line. The prince has not yet decided whether he will return to Vina Delmar or make a new attempt to cross the Andes. The prince's train which preceded the royal train and which was cut off from it by a snow slide returned late last night to Junca after some difficulty. Bad weather continues.

## FIND GOLD AGAIN IN OREGON MINING CAMP

Medford, Ore., Sept. 17.—Jacksonville, Ore., a roaring mining camp 60 years ago, now nearly a deserted village may return to its former glories, if gold panning started recently on its main street continues to show prosperous results. Some time ago Joe Langwell, veteran miner, sank a shaft on California street, and Tuesday, before the eyes of the village residents, brought out \$10 of the yellow metal in one panning. He claims he has struck a rich ledge and has engaged two men to help him. The shaft is about 30 feet deep and is operated by an old-fashioned hoist and rocker.

## TO SPEND MILLIONS IN THE IMPROVEMENT OF HIGHWAYS

Dublin, Sept. 16.—A new scheme for the improvement of Irish roads has been decided on by the Free State government at a cost of nearly \$20,000,000 to be spread over three years. It is proposed to bring 1,500 miles of the country's 4,000 miles of trunk roads to a standard which will give a road life of eight to ten years. The laden weight of new motor lorries will be restricted, over three under the plan, and owners of horse drawn vehicles will be compelled to use wheels with wide rims.
