WEEPING WATER GETS INCREASE

Commission Authorizes 25 Cents More on Business and Individual Phone Service.

The state railway commission issued an order Friday giving the Lincoln Telephone & Telegraph company permission to charge the following rates for its Weeping Water exchange after October 1: Individual business, \$3.25; individual residence, \$1.75; party line residence, \$1.50. These rates are as asked for by the company, except the business rates, which is 25 cents lower. The new rates are 25 cents a month more on business and individual residence, 15 cents more for party residence, and the same on rural service.

The commission finds that the company recently converted the exchange from magneto to common battery service at a cost of \$17,227, of which \$7,025 represents additional investment. It says that the company's total investment in Weeping Water is over \$42,000, and that the evidence is convincing that the new rates will not produce more than a

fair return on a fair value of the property, nor that the expenses can be reduced in the near future. It says that practically the same rates as asked are in effect in towns of similar size, Auburn, Friend, Hebron, Osceola, Stromsburg, Sutton, Wilber and Wymore and that the proposed rates are materially lower than charged in Bell territory on similar exchanges, under order of the court. The increase will add \$946 to revenues, bringing the annual return up to \$2,894. Objection to any increase was made by subscribers, who said that the reconstruction recently effected was to keep an old promise made in 1918, when rates were increased, but which was not then redeemed. The company explained that before it was in a position at that time to reconstruct the plant, operating costs sharply advanced so that the increased revenues then secured merely kept pace with advancing price levels. The commission says this explanation is in line with the facts and that the increase was not on account of any agreement but solely that the people there should bear their fair share of advancing costs.

Babe Ruth says he has been treated worse than some murderers, but we think he is exaggerating a bit. Think of what murderers sometimes have to pay their lawyers for getting them off.

MRS. EMIL FINDER DIES IN ST. LOUIS, MISSOURI, FRIDAY

Formerly Miss Catherine Hanacek of This City and Well Known to Large Circle of Friends.

From Saturday's Daily—
The message was received here yesterday by the relatives announcing the death at St. Louis, Missouri, early Friday morning of Mrs. Emil FINDER, former Plattsmouth lady and well known here to a large circle of friends.

Mrs. FINDER has been quite poorly for some time but it was not until three weeks ago that her case caused the apprehension of the family and friends as to her condition, she becoming quite sick at that time. After a thorough examination her case was pronounced to be that of tuberculosis of the most dangerous type and the melody came to her death in the constitution of the unfortunate woman that there could be little hope for her relief.

The weakened condition of Mrs. FINDER did not permit her removal and she has grown worse day by day until death came to her relief and eased her suffering.

The deceased lady leaves to survive her, a husband and three small children, all of tender years as well as her parents, Mr. and Mrs. Carl Hanacek, all of whom reside in St. Louis, as well as a number of brothers and sisters, Mr. and Mrs. Rudolph Skalak, the latter a sister of the deceased, left this city last evening to attend the funeral services.

Mrs. FINDER made her home here in her girlhood days and will be remembered by many of her youthful friends who will share with the family the deep sorrow that her death has occasioned. The marriage of Mr. and Mrs. FINDER occurred here in 1920 the family making their home here until 1921 when they removed to St. Louis where they have since resided.

WM. BALFOUR, 81, AT KFNF

Wm. Balfour, of Nehawka, Neb., one of the G. A. R. boys, now almost 81, stopped at Shenandoah, Ia., to see the Henry Field Seed house folks and playing his fiddle along, having a few pieces at the noon program over KFNF Friday. He had been to the national reunion and was on his way home. He related his experience in taking a ride in an airplane at the Lake county fair at Libertyville, Ill., which was real interesting and enjoyable. Soon after he played over the air at KFNF, messages began to come in congratulating him and among them was one from J. A. James of Nebraska City, who stated he went to school to Mr. Balfour 53 years ago and appreciated the music greatly. Surely school days fasten a memory that years do not easily erase. Mr. Balfour lives just in the edge of Otoe county and has been a resident of Nebraska 57 years. He is a very welcome visitor at KFNF, the station everybody knows.

RECEPTION AND TEA FOR TEACHERS BY THE P. E. O.

From Saturday's Daily—
Friday afternoon at the hospitable home of Mrs. Frank Cummins, Chapter F. P. E. O., entertained at an informal reception and tea, complimentary to the teachers of Plattsmouth. The charm of the rooms was much enhanced by a profusion of beautiful fall astors, while at intervals during the afternoon the Cole orchestra rendered a number of delightful selections which were much enjoyed. Delicious refreshments were served. Mrs. Henry Herold and Mrs. Emil Wurl presiding at the tea table. An informal social hour followed and brought to a close a most pleasant afternoon.

PLATTSMOUTH WINS SCRIMMAGE GAME WITH PAC. JCT.

From Saturday's Daily—
Yesterday afternoon the Pacific Junction high school football squad came over to enjoy a workout with the local knights of the moleskins and while the atmosphere at the park was more suited for the sports of mid-summer, the boys proceeded to put on their "stuff," the extreme hot weather making the plays very trying and disagreeable and lacking the snap that cooler weather of fall will bring. The result of the struggle was 6 to 0 in favor of Plattsmouth who were able to slip a touchdown over on the Iowans. Gorder showed a flash of his last year's form and was the outstanding figure of the locals' play, although Keil and Eastwood also showed up in good shape and Johnson at tackle looked very promising in his work.

DEATH OF MRS. ELIZA SEIBOLDT IN SOUTH DAKOTA

Deceased Lady Was 85 Years of Age and Made Home in Cass County For Many Years.

From Saturday's Daily—
This morning the body of Mrs. Eliza Seiboldt, aged 85 years, arrived in this city from Langtry, South Dakota, the body reaching this city on No. 6 over the Burlington and is being held at the station here pending word from the relatives of the deceased lady as to its disposal or the arrival of the family.

Mrs. Seiboldt was for many years a resident of Cass county, being a daughter of John Clemons, who at a very early day settled on a farm near Rock Creek, east of Murray, where the family was among the first settlers in Cass county. Later the deceased was married to "Bell" Seiboldt, the family locating on a farm south of Murray where they lived for a number of years in the Bengen neighborhood.

The deceased lady was an aunt of McGinnis Churchill of Murray and Mrs. B. F. Wiles of this city, but who had no intimation of the sickness or death of their relative and the first word they had of the demise of Mrs. Seiboldt was through the inquiry of the local newspaper. The funeral arrangements cannot be made until some word is received from the relatives who, it is thought, are now coming to this city via auto for the funeral as they failed to accompany the body. Mrs. Seiboldt has been living in Langtry, since several years, relatives here state.

EPISCOPAL LADIES MEET

From Saturday's Daily—
The Woman's Auxiliary of the St. Luke's parish of the Episcopal church held a very pleasant meeting at the hospitable home of Miss Barbara Gering on Thursday afternoon that was attended by a very pleasing number of the ladies and a great deal of interest taken in this, the first meeting of the fall season.

The ladies have adopted their formal course of study for the year as yet and their meeting too some time in arranging plans that might cover their work for the year. The meeting was under the leadership of Mrs. J. S. Livingston, who being the hostess, touched on the early history of the Episcopal church in this community, having the church records of 1866-67, the years of the foundation of the church here in Plattsmouth, the parish at that time being presided over by George C. Betts, a then young minister of the church sent west to serve under Bishop Clarkson in the pioneer diocese of Nebraska. These records were the greatest interest and were some real history for the ladies present. The meeting was completed by the serving of refreshments at an appropriate hour by the hostess and which added to the pleasures of the occasion.

OPENS BRANCH HOUSE

From Saturday's Daily—
The Robb Wholesale Candy company which was established here a year ago, is enlarging its field of operation by establishing a branch of the company in our neighboring town of Nebraska City from where the business in the extreme southeastern part of the state will be handled. The Nebraska City branch of the wholesale house will be located at 512 Central avenue where very convenient quarters have been secured and from which point Mr. Robb will handle the business for that section of the state. The company will also handle the agency of the Burns bakery, as they have in this city, Mr. Robb looking after the city sales there himself.

FOR OVER 40 YEARS HALL'S CATARRH MEDICINE

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh. HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, which acts through the Blood on the Mucous Surfaces, thus reducing the inflammation. HAS TONSILS REMOVED

From Thursday's Daily—
This morning Noah Stafford, one of the well known residents of Louisville, came down from his home and was taken to the office of Dr. H. C. Leopold where he had his tonsils removed. The patient stood the operation nicely which was very successful and the patient was able to return home at once.

WOMAN'S CLUB HOLDS A VERY PLEASANT MEET

Make Many Plans For the Year and Greatest Interest Shown in the Progress of Organization.

From Saturday's Daily—
The Plattsmouth Woman's club held their second meeting of the year last evening at the auditorium of the public library and a very large number of the ladies were in attendance to participate in the very interesting business session that was before them.

The committee in charge of the year book gave their report and the many interesting plans of the coming year discussed and which offers a very interesting field for the studies and social features of the club program.

Among the other matters discussed was the plan of the finance committee for the holding of a bake sale and market on Saturday, September 26 at the Chase meat market which it is hoped will prove of assistance in the carrying out of the plans for securing funds for the club activities.

After the close of the business session, Mrs. Allen J. Beeson, president, gave the direction of the meeting over to Mrs. P. J. Flynn for the enjoyment of an informal musical program which the ladies enjoyed to the utmost, there being general group singing by the club members under the direction of Mrs. Flynn and which was a most enjoyable feature of the occasion.

The club ladies are planning for their social evening and reception to the city teachers which will be held at a date next week to be announced later as to the exact date and place of this pleasant event.

IT HAS LASTED

Plattsmouth People Must Believe Such Convincing Testimony as Mrs. Rauen's

No one in Plattsmouth who suffers backache, headaches, dizziness, rheumatic pains or distressing urinary ills can afford to ignore this twice-told story of a Plattsmouth resident. It is confirmed testimony, telling of lasting benefit from Doan's Pills—a stimulant diuretic to the kidneys. It's evidence that no man or woman in Plattsmouth can doubt.

Mrs. F. N. Rauen, of 1116 Pearl street, Plattsmouth, says: "I was in bad shape with my back. It was so painful I could hardly turn over in bed. There was a soreness across my back and groins. I had dizzy spells, too, and specks floated before my eyes. I got Doan's Pills at Weyrich & Hadraba's drug store and they relieved me. (Statement given May 12, 1929.)"

November 10, 1927, Mrs. Rauen said: "Doan's Pills cured me of my suffering and the cure has remained permanent." Mrs. Rauen is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Rauen had—the remedy backed by home testimony. 60 cents at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

LEGION AUXILIARY MEETS

From Saturday's Daily—
Yesterday afternoon the American Legion auxiliary was very pleasantly entertained at the home of Mrs. Elmer Webb on Pearl street and with a very large number of the ladies in attendance at the event. The ladies in recognition of constitution week enjoyed reading and having discussed the constitution of the United States, the organic law of the land, the details of the adoption of the great document and the different sections that had been placed there for the protection of the American people and which has in the 138 years of the national life been the safeguard of the individual and the nation.

The pleasant afternoon was closed with the serving of dainty refreshments by the hostess that added to the enjoyment of all those in attendance and every member felt delighted with the royal hospitality afforded.

MR. HAWKINS TO GO TO TEXAS.

Mr. Hawkins, of Weeping Water, who has been instructing the band there and at Murdock, has accepted a fine position as band master at McAllen, Texas, in the Rio Grande Valley and expects to go to that place in about two weeks. Mr. Hawkins has made wonderfully good here in Cass county and it is with regret that his many friends see him leave. He is a band leader of more than ordinary ability and will make good at McAllen. He was in Elmwood a short time on Tuesday and gave us a very pleasant call.—Elmwood Leader-Echo.

UNDERGOES AN OPERATION

From Saturday's Daily—
This morning Billy, the little three year old son of Mr. and Mrs. A. W. Clويدt, was operated on at the St. Joseph hospital in Omaha for the removal of an abscess that had formed in his head. The abscess has given the little fellow a great deal of pain and suffering and it is hoped that the operation for its removal will bring relief and allow the little son to return home cured of his affliction. Mr. and Mrs. Clويدt were at Omaha today to remain until after the operation.

MAKE YOUR COW PAY YOU WAGES, IS THE CAMPAIGN

Nebraska Farmers are Urged to Make Their Dairy Stock a Source of Profit to the Farm.

Watch the pay envelope your cow brings in if it's bigger returns you are after, the Blue Valley Creamery Institute advises the enterprising Nebraska dairy farmer. To find out exactly the wages per hour that each cow is paying for the labor and care expended on her, it is merely necessary to deduct the total expenditures from the total receipts of each cow and divide the difference by the number of hours of labor expended on her during the year.

On one of four neighboring farms where careful records had been kept, it was brought to light that not only did the farmer receive no wages for the time spent on his cows, but that it actually cost him 12.7 cents an hour each to have them hang around his place. In the other three instances, the farmers were paid at the rate of 6.4, 42.1 and 48.3 cents per hour for the time and labor spent on each of their cows. The two lots of cows bringing home fattest pay envelopes were better bred than the others, although the right kind of feed and better care would have done much toward making the others profitable employees. The amount of butterfat produced annually by each of the cows was found to have a direct relation to the number of hours of labor and the care which they received, in each instance the animals with better care producing the greatest income.

It is a costly error, for a farmer who uses family labor, to assume that whatever the cow produces is all to the good, according to the Institute. He should not be satisfied until his careful record keeping indicates that he is receiving at least current wages for his efforts. The record will further point out to him the unprofitable members of his herd and these he should aim to replace with animals that will produce on an average of 250 to 325 pounds of butterfat each year. With the non-producers cut out and the good stock left put on balanced rations and given proper care, there will be no reason why the farmer should not receive a full pay envelope from each cow in his dairy herd.

Everything in school-day needs at right price at Bates Book Store.

GIVES FINE PROGRAM

From Saturday's Daily—
The Weeping Water band under direction of A. M. Hawkins, was on the air last evening when they offered a very fine program from radio station WOAW at Omaha. The program came in fine and the listeners in from this city enjoyed very much the program but were disappointed in that several congratulatory messages from this city were not received in time to be read. The address of Hon. Troy L. Davis, president of the commercial club of that city was one that was enjoyed by all of the large invisible audience. Each number of the band was well given and the vocal selections by the Weeping Water quartet and Mr. Harmon were very pleasing indeed.

HAS TONSILS REMOVED

From Saturday's Daily—
This morning F. T. Wilson of Murray was operated on at the office of Dr. H. C. Leopold for the removal of his tonsils and returned home minus the tonsils and feeling a permanent relief from the annoying trouble that the diseased tonsils had been giving him.
