

### Alvo Department

A. J. Friends and wife were shopping in Lincoln last Thursday, driving over to the capital city in their car for the afternoon.

Ed. Carr of near Eagle was a visitor in Alvo and was looking after some business matters for a short time last Thursday afternoon.

The sales which Mrs. J. J. Clitez held on last Wednesday, was well attended and there were a large percentage of buyers, this making the sale a good one.

George Hardnock was unloading a car of sand for John W. Banning and getting it ready for the people who are building to get at it thus saving demerage on the car.

Mr. and Mrs. C. D. Ganz were spending Monday and Tuesday at Omaha where they were enjoying the festivities incident to the meeting of the American Legion convention.

Robert L. Parmenter was a visitor in Omaha last Monday and Tuesday, where he was attending the Ak-Sar-Ben and also the convention of the American Legion, of which he is a member.

Harry Weichel is building a kitchen on his home at the farm, and thus making more room, as well as getting the home in the best condition for the coming of cold weather.

Ray Ackley was a visitor at home last Sunday, spending the day with the family. Mrs. Ackley has accepted a very nice position in Omaha where he is employed at his trade as a barber.

Milo S. Ough, who has been here for the past two weeks, called here by the death of his brother, Chester Ough, departed from Lincoln last week last Thursday, he making his home in California.

The building which Mr. S. C. Boyles is putting in condition on the Fronty place is progressing nicely and will be at the scratch ahead of cold winter unless the calculations of the workmen are wrong, or winter arrives ahead of schedule.

John Woods received a car load of Red River Early Ohio potatoes from the north last week, which he purchased to enable all to have as many spuds as they might desire, and all may be fixed with potatoes when the weather getsizzling cold.

W. H. Gamlin and son were delivering wheat at the Alvo elevator last Thursday, and getting some room for the corn, which is to be harvested soon. Mr. Gamlin has no faith in corn will also shell his last year's crop of corn and place it in a bin, and will hold it for better prices.

Mrs. Roy Ackler, who has been operating the new cafe at the corner, has been sick with the flu for the past week and has been compelled to close the business which she is not able to attend to. It is hoped that Mrs. Ackley will be able to be about again and be able to look after her business.

John B. Skinner has been bumping of late, he making four trips to Omaha in four days and three to Lincoln in two days, with the truck whether the roads were good or bad. Mrs. Coatman and the boys have been caring for the business at the store and though it has kept them bustling they are getting through all right.

Simon Rehmeyer and family were visiting last Sunday at Weeping Water, where they were guests at the home of Fred Rehmeyer and wife. Mrs. Fred Rehmeyer has just returned and had much to tell of the times and conditions of the places where they all were boys and girls together. The day was enjoyed very pleasantly.

Miss Roselin Johnson passed the anniversary of her birth last Friday evening and the occasion was most pleasantly celebrated by her many friends as well as those at her home when the young folks, with singing and music, made the flying hours pleasant for the young lady as well as for themselves. They were served

with delightful refreshments by the mother of Miss Johnson, this adding much to the occasion.

Reports coming from Lincoln are to the effect that Mrs. George W. Verner, formerly of Eagle, but who has been making her home in Lincoln, sustained a fall a short time since in which she had one of her hips fractured and she remains in a precarious condition. Mrs. Verner is advanced in years, being at this time 83 years of age, and the injury comes very hard on her. Her many friends, of many lives in Alvo, are very solicitous for her welfare, and are hoping she may soon be able to be about again.

#### Will Hold Bazaar Soon.

The ladies aid society of the Methodist church will hold a Bazaar at the church basement some time during the month of November which will be noted later, look for the announcements.

#### Held Slumber Party.

Last Wednesday a number of the girls of the Alvo school held a slumber party at the home of Carl Johnson, of which one of his daughters was a member and to say the young ladies had a fine time would be putting it mildly. They enjoyed the occasion very much and will no doubt hold another some time in the near future.

#### Are Hunting in North.

Last week F. L. Edwards and family, and Edgar Edwards and R. M. Coatman, with two cars departed for Antelope county where they will hunt the festive chicken and duck if they had not all gotten away. That portion of the country has been very dry and it is possible that the ducks are very scarce. They were there just in time to enjoy the real fresh weather which that country was putting out.

#### Had Fried Chicken.

The Ladies Aid Society of the Methodist church served a very delightful fried chicken supper at the basement of the church last Friday evening at which a large number of the members of the church attended as well as many who were not affiliated with the church. The ladies are well pleased with the results of their efforts and wish the people to understand they are pleased.

#### The New Barber Is at Work.

George Eldenmiller, the new barber, who purchased the shop a short time ago has gotten moved over from his former home at Elmwood and is now at the shop looking after the business. Mr. Eldenmiller is an excellent workman and we are sure he will like the city and enjoy a good business.

#### Played at the Market.

The ball game was played at the Woods Market last Wednesday when the initial game between Pittsburgh and Washington where most of the fans of Alvo and vicinity were listening in. They, or most of them, seemed well pleased at the result of the first game, but by the time this is ready the aspect of the situation may be changed.

#### Win Many Premiums.

The Happy Workers club, a girls sewing society, of which the members are really adept at plying the needle and thread, were very successful in carolling a few premiums at both the state and county fairs. At the state fair they won one first, two second and one third prize. The ones to win these prizes were: Misses Dorothy and Ione Coatman, Gladys Keller, while at the county fair Misses June Weichel, Gladys Keller, Alice Cook and Helen Johnson were winners of premiums at the county fair. This made seven premiums at the

two fairs and which amounted to \$9.50 for the club.

**Enjoyed the Convention.**

Arthur Dinges, the manager and proprietor of the Alvo Garage, and an excellent young man at that, was taking most of the week of last week, and was attending the convention of the American Legion, of which he is a member, he having seen the times in France during the world war, and was meeting many of the "Buddies" whom he was with during the training and while across the pond. While he was away Mrs. Dinges was looking after business at the garage, that is the sales department.

**Ladies Meet With Mrs. Murty.**

The Ladies Aid society of the Methodist church on Wednesday afternoon of last week met at the very pleasant home of Mrs. John Murty, where they looked after the work of the organization, as well as had a most excellent time, enjoying the sociability of each other and planning for a more vigorous campaign for the winter for the church and all its auxiliaries. At the conclusion of their work Mrs. Murty served a most delightful luncheon which was greatly enjoyed by the ladies.

#### GRILLED ABOUT EXTENT OF NICKEL PLATE PLAN

Washington, Oct. 9.—Officials of several of the railroads tentatively linked in the Van Sweringen Nickel Plate project were put on the stand before the interstate commerce commission today, at the instance of opponents of the proposal, for rigorous examination as to its ramifications. Land dealings in Chicago and Cleveland and the reasonableness of terms to stockholders were the subjects on which the opposition counsel again concentrated.

W. J. Harahan, president of the Chesapeake & Ohio, who had been on the stand for several days, was released after a few more questions today, and F. H. Alfred, president of the Pere Marquette, took the stand. His examination was brief, relating in a general way to discussion between his associates and O. P. and M. G. Van Sweringen, organizers of the merger, as to the consolidation plans.

#### SENATOR WANTS HIS SAY

Washington, Oct. 8.—Senator Herrell, republican, Oklahoma, has publicly thrown down the gauntlet to Assistant Secretary Andrews, of the treasury, on the question whether senators are to be consulted in the appointment or dismissal of prohibition enforcement officers. In a letter to the prohibition field marshal, the senator served notice that it would be impossible to keep peace in the republican party in Oklahoma unless he and Senator Pine, also a republican, are consulted about appointments.

### BLUE AND WHITE LOSE HARD GAME TO NORTH HIGH

Plattsmouth Has 6 to 3 Score When Intercepted Pass Scores the Win for the Visitors.

From Saturday's Daily— Yesterday afternoon with ideal football weather prevailing a very good sized crowd of the fans gathered at the ball park to witness the first game of the 1925 schedule of the local high school, seeing also an apparent Plattsmouth victory snatched from their hands in the last few minutes of play and the North High team of Omaha emerge as the winners of the contest.

The Plattsmouth team showed well in their punts and in their defensive work in the opening half of the game while North High used line plunges for the gains that they were able to make on the locals in the opening portion of the battle.

The North High in the opening quarter crashed through the Plattsmouth line to back yard in an attempted punt out of danger and forced the ball to the Plattsmouth 25 yard line and with their successful line plunges, which the Plattsmouth guards seemed unable to hold looked for a touchdown but the aggressive work of Clark, center of the locals in breaking through the Omaha line and throwing one of their players for a loss saved the day for Plattsmouth and the Omaha team hurriedly decided on a try for field goal and very successfully drop kicked for the first score of the game and left the contest 3 to 0 for the visitors.

The Plattsmouth touchdown occurred after a series of fumbles in the second quarter when the locals had carried the ball in a series of end runs and line smashes to the visitors twenty yard line. The ball was fumbled by the visitors in their attempt to get it out of the danger zone and as it rolled toward their goal, Hatt of Plattsmouth fell on the ball back of the Omaha goal line for the first touchdown of the game.

In the last quarter of the game the aerial work of the visitors was uncovered and gained them some ground, which was added to by line smashes, carrying the ball into Plattsmouth territory where the ball was lost to the visitors. Here is where the locals lost the struggle as they attempted to add to their scoring by passing the ball but as the pliskin was hurled to the goal line in an attempted pass one of the feet foiled for was there instead of the Plattsmouth player and making a perfect catch of the ball was off for the Plattsmouth goal. The attempts to tackle the Omaha runner were fruitless and they were able to cross over for their touchdown.

With the tide of battle changed and the Omaha team leading and the ball in the Plattsmouth territory there was little chance of the locals being able to win as the visitors played a much stronger game than in the beginning of the struggle. Omaha in the last few moments intercepted another pass but were unable to score on it although they carried the ball to the twenty yard line of Plattsmouth.

The next home game of Plattsmouth will be on Friday, October 20th, when they will meet the Nebraska School for the Deaf here, the team playing at Ashland on next Friday and at Malvern on October 23rd.

The general public should give the football team all of the assistance that is possible in the way of support by attendance at the games and the purchase of the season tickets. The team is in need of equipment for the players that must now be purchased by the boys themselves and which serves to keep them from playing as they feel that they cannot make the outfit necessary to get this equipment and thereby the football work at the school is hampered. The athletic department of the school must support its own activities and for this reason they must have a strong support to help them get out the best material and secure the needed equipment to supply the players. In other larger schools the football team receives the financial backing that is not possible here and for this reason also the football players must look to the public to support to aid them. Come out to the games, secure a season ticket for a small sum that will be good for all the home contests and thereby help boost the team. A cordial and whole-hearted support will do much to encourage the players.

#### ELECTED FRESHMAN PRESIDENT

From Saturday's Daily— Forest Shrader, one of the Plattsmouth young men attending the Peru state normal school, was this week elected the president of the freshman class at the school, a very pleasing recognition of the young man. The class is a very large one and the class contests brought out much keen competition and in being named to the position the Plattsmouth young man can feel a great satisfaction at the mark of esteem given him by his associates of the class. Mr. Shrader was a member of the class of 1925 of the Plattsmouth high school and is a son of Mr. and Mrs. Homer Shrader of this city. The new class president came up yesterday afternoon to spend the week end here with relatives and friends.

#### HOSPITAL EMPLOYEES STRIKE

Mexico City, Oct. 9.—Dispatches from Vera Cruz report that the employees of the city hospital there have struck owing to the fact that their salaries have not been paid. They are said to have walked out leaving patients unattended. The surgeons are greatly handicapped in attending emergency cases because of lack of assistance.

## Why Red Crown is ECONOMICAL

When the first automobiles came to Nebraska, it was the Standard Oil Company of Nebraska that furnished them with gasoline and oil. The experience and growth of the intervening years have brought a knowledge of motor needs and a development of facilities such as no other organization in the state enjoys.

All this experience and all these facilities are back of Red Crown Gasoline and make it really the most economical gasoline you can use. It is a *balanced* gasoline, with just the right proportion of highly volatile low boiling point fractions to give instant ignition and quick starting, even in the coldest weather; together with the higher boiling point fractions that develop maximum heat, expansion and power.

This means a lean mixture, and the leaner the mixture the more miles per gallon.

Whenever you need gasoline, pull in at the Red Crown sign. You are sure of prompt, obliging, courteous service and full measure of high quality, dependably uniform gasoline. *Get the Red Crown habit and save money.*
