From Monday's Daily—  
The funeral services of the late Fred Heinrich were held yesterday afternoon at 2 o'clock from the home of Mr. and Mrs. L. D. Hiatt on North 7th street, where for the past few years Mr. Heinrich had made his home. The services were attended by a very large number of old time friends and neighbors of the family who gathered to pay their last tributes of love and respect.

The services were conducted by Rev. Frank Emory Pfoutz, pastor of the First Methodist church, who gave a short sketch of the life of the departed and a tribute to his services in the community as a citizen and a father, giving also words of comfort and hope to the bereaved family who had parted with the father at the close of his long and useful life.

During the services there were two numbers given by a quartet composed of Frank A. Cloldt, Miss Mildred Walker, Walter Herger and Mrs. Edward Roman, they giving two of the old loved hymns, "Nearer My God to Thee" and "Jesus, Savior, Pilot Me."

At the close of the services the body was borne to Oak Hill cemetery where it was laid to rest beside that of the wife who had preceded him in death several years ago. The pallbearers were selected from the members of the Young Men's Bible class of the Methodist church, being W. C. Schaus, James Comstock, W. F. Huneke, V. T. Arn, A. H. Duxbury and E. G. Shallenberger.

## BACK FROM MISSIONARY MEET

From Tuesday's Daily—  
Mrs. Robert B. Hayes of this city, was among those who attended the meeting of the Woman's Foreign Missionary society of the Topeka branch at Denver, which was held at the local branch of this organization and in the work of which Mrs. Hayes has been one of the leading figures.

Mrs. Hayes reports that the meeting of the Topeka branch was one of the largest and best that has been held in recent years, which caused a large number to be present from almost every one of the local church organizations over the district which covers portions of several states.

Bishop Meade, the presiding bishop of Colorado was ill and unable to attend the meeting and kept in the distinct disappointment to the members of the conference. Mrs. Meade, wife of the bishop was the presiding officer of the conference at all of the sessions and proved a most pleasing executive. Bishop McDonald and wife of Washington, D. C., were also at the meeting and the addresses and personal efforts of the bishop added very much to the interest of the meeting.

The Topeka branch of the society is sending out six missionaries this year to the foreign fields and who will be maintained and kept in the work by the missionary department of the church and the woman's society. At the Denver meeting there were some twenty of the missionaries present on leave from their stations in foreign countries to give a first hand report of the activities and conditions in their fields of service in different parts of the world.

## GIVE FRIENDS A SURPRISE

From Tuesday's Daily—  
Last evening the home of Mr. and Mrs. Louis Kell was the scene of a very jolly party of young ladies, who had joined in planning a birthday surprise on Miss Alice Peterson, who was observing her sixteenth birthday yesterday. The girls who are fast friends and known as "the gang" all came attired in their gym suits and after the first shock of the surprise to the guest of honor was over the members of the party had a number of "stunts" which they enjoyed to the utmost and this with dancing served to pass the time most delightfully.

In honor of the occasion the guest of honor received a number of handsome gifts that will be cherished by the fortunate recipient as a remembrance of the friends.

At a suitable hour dainty refreshments were served that added to the enjoyment of the occasion.

The many friends of Mrs. Henry Nolting will be pleased to learn that she is now showing marked improvement following her severe accident last Friday and is now able to be up and about, although she is still quite sore and bruised from the effects of her fall. Mrs. Nolting was engaged in cleaning house Friday afternoon and had gone out on the upper portion of the porch to shake a large rug and in doing so she was slightly overbalanced by the weight of the large rug and fell against the railing of the porch which gave way and caused her to fall some ten feet to the ground below. In falling, Mrs. Nolting alighted on the concrete steps and was very badly bruised although, fortunately, no bones were broken. She has since been confined to her bed and receiving medical care but is now greatly improved.

## YOUNG LAD RECEIVES SERIOUS GUNSHOT WOUND

While Paul Guthmann was Leaning on Barrel of Weapon It Was Accidentally Discharged.

From Monday's Daily—  
Yesterday shortly after the noon hour, while Paul Guthmann and Ewing Sharp were on their way to enjoy a hunting trip in search of ducks along the Missouri river bottoms, Paul Guthmann was the victim of a very serious accident that will perhaps leave his right arm in a partially useless condition.

The boys were going through the yards of the Burlington enroute to the hunting grounds and it seems that the twelve gauge shotgun of Guthmann was cocked in order to give the gun down but first on the ground and having the upper portion of the right arm over the end of the barrel. The weapon was discharged, the shot and bullets entering the arm and inflicting a very serious wound.

The flesh and muscles of the upper portion of the arm were torn and some portions of the muscle and flesh blown off by the force of the discharge.

The injured boy was hurried to the office of the Drs. Livingston where temporary aid was given and he was then taken to Omaha and placed in the St. Catherine's hospital for treatment. It is not thought that the injury will necessitate the amputation of the arm, but it will be a very severe case to handle in order to give the young boy the full use of the arm as he had before and may result in some crippled condition of the member.

The lad is fourteen years of age and has made his home here for his lifetime with Mrs. F. R. Guthman and family who have reared him and to the members of the family the accident came as a very great shock.

## SICK FOLKS IMPROVING

From Tuesday's Daily—  
The members of the Walling family who have been on the sick list for the past few weeks are now showing a decided improvement. Thomas Walling, Jr., who was operated on at the Immanuel hospital for appendicitis last Thursday is now doing very nicely and it is hoped that within the next few days he will be well on the highway to recovery from the ordeal and soon be able to return home to this city.

Thomas Walling, Sr., who has been confined to his home for the past two weeks, is also showing marked improvement and being a rapid walker on the job via radio each afternoon to listen in on the world series battle. Mr. Walling is a devout Washington fan and has been up and going since the Senators swept into the lead in the race for the world bunting. The only drawback to the radio is that Mr. Walling cannot let forth his cheers when his favorites pull off a fast play or rattle the boards, but the radio has been a great help in enjoying the hours that the patient has been compelled to remain at home.

From Tuesday's Daily—  
This morning the auto carrying Mr. and Mrs. John W. Chapman and their children, Samuel, Mary Agnes, Dannie and Jay, arrived in the city, bringing the family from their home at Baker, Montana, back to the old home town where they are expecting to locate in the future. From Monday's Daily—  
Today was one of the near holidays in the state of Nebraska, Columbus day, the last legislature having placed this day with Arbor day and several other holidays in a class by themselves where they are holidays with the exception that courts may function as on any other old day of the year.

The banks of the city observed the day by closing as well as a number of the offices at the court house and the day was designated by the display of street flags in the main section of the city.

The discovery of the western continent was made by Christopher Columbus on October 14, 1492, and since that time the new world has been up and going to this present age of Fords, bobbed hair, short skirts, hip flasks, air passenger ships and a man sized world war.

Yesterday afternoon every radio that was available was in tune to receive the returns of the world series baseball games that are being played, the game yesterday being at Washington. The places which were open in the business section of the city and where there were radios and loud speakers had very large numbers in attendance and the greatest of interest shown. The operation was pronounced a success by the Mayo surgeons and he will have no further trouble from the growth, which he believes was caused by the wearing of poor fitting glass frames across his nose. ## MISSOURI PACIFIC WILL DONATE 14 CARS OF CINDERS

Railroad Company Will Co-Operate With the City in Fixing Up Portion of 14th Street.

From Tuesday's Daily—  
Some time ago the city council had up for discussion the matter of the improvement of that portion of Fourteenth street west of the Nebraska Masonic Home and lying between the paving at the Missouri Pacific passenger station and the intersection of Webster boulevard.

The Missouri Pacific railroad company is now going to co-operate with the city in making this improvement in the street in the area named by the donating of some fourteen cars of cinders that will be used in resurfacing the highway and making it a great deal more comfortable for travel and also a greater convenience for those who have hauling to do in the vicinity of the railroad station. There are a large number of oil tanks located along the street and the improvement in the roadway will certainly be a great convenience to the parties who have hauling to do there.

This section of roadway is generally in very poor shape and especially in wet weather and the deep mud that has formed there has caused a great deal of inconvenience to the traveling public as well as our own people.

The Missouri Pacific desires to do as much as possible in the improvement of the streets and the city in the vicinity of where their property is located and any other means that they can use to assist the advancement of the city and with this end in view have made the donation of the cinders for the use on Fourteenth street.
